Published by Students of Nyssa High School

EDITORIAL—

Twenty different states throughout the union are represented in the Nyssa High School this year. They are: Oregon, Idaho, Colorado, Nebraska, Mississippi, California, Washington, North Dakota, South Dakota, Kansas, Missouri, Wyoming, Montana, Utah, Texas, Michigan, Illinois, Oklahoma, Pennsylvania and New Mexico. All of these students with their new ideas and habits present the high task of uniting them into one group. We think that this can be done successfully but only with the full cooperation and understanding of all of our students.

EDITORIAL—

The sound-equipped moving picture machine which the school now has seems to have given good ser-

vice for all purposes it has been used. We think the school could not have found anything more beneficial to have obtained.

The one fault with this machine is that we have no moving picture camera to take pictures of school activities. There are two cameras in town but neither one of the films will fit our machine. We think that the school should find some way to get the camera to go with this machine. So if you have any ideas cultivate them and try to do something about them.

STUDENT BODY ASSEMBLY—

An assembly of the student body was held in the gymnasium Monday morning where a talk and moving picture on safe driving were presented by Mr. Kerrick. He gave a very interesting talk, and then the moving picture was shown which demonstrated the art of safe driving. Mr. Kerrick is employed by the state to show the people how unnecessary almost all auto accidents are and how, in most cases, it is the driver's fault.

Another speaker, Hugh H. Earle, state fire marshal of Oregon, was introduced by Mayor Don Graham. Mr. Earle spoke on fire hazards and the damages and loss of lives that result from fire each year. He left pamphlets to be given to each pupil, and their purpose is to build a fire prevention plan in each home.

LETTERMEN MEETING—

The Lettermen's meeting was called to order by the president, Jack McKee. The meeting was called for the purpose of preparing for the play that the Lettermen are to put on in student body, November 29. A committee of three: Claude Patterson, Bill Kurtz and Gilbert Holmes, was selected to bring play books to school.

Jack McKee made a motion that every letterman in school who does not attend lettermen's club meetings be fined twenty-five cents. The motion was passed and comes into effect one week from this Wednesday.

GIRL'S LEAGUE—

The Girl's League meeting was held last Monday to elect a representative from each class to help in making the constitution. Those elected are freshmen, Beta Franklin, sophomore, Eleanor Haworth; juniors, Anna Johnson; seniors: Lucille Thrasher. Irene Poage, president of the league, appointed four girls to write the girl's League song. Those appointed were Ann Harcliden, chairman; Helen Boydell, Kathleen Clowers and Jayce Ash-

craft. The meeting concluded with yell practice.

FRESHMAN CONTEST—

Mrs. Young's two divisions of Freshman English had a contest to see which could collect the most grammatical errors made by high school students. The contest lasted a week, ending Tuesday, November 2nd. The sixth period division won having collected 243 errors while their opponents collected only 151. It was said that 50 per cent of these errors were made with tense of verbs, 20 per cent made in case of pronouns. Posters were made and the Freshmen seemed to enjoy this work immensely.

ROBERT DUFFY STRUCK BY TRUCK—

Thursday night while coming home from the Ray farm where he had been milking, Robert Duffy was struck down by a truck. He was taken to Dr. Sarazin's home and then rushed to the hospital in Ontario. It was determined there that he had no broken bones but was bruised and unconscious. He was brought home Saturday and by the last report is doing nicely. The driver of the truck was not held responsible because the bicycle the Duffy boy was riding did not have a headlight on it.

ALUMNI NEWS—

Part of the Nyssa alumni are still going to the higher schools of learning and others are busily employed in a vocation.

Dennis Keck is in his second year of engineering at Oregon State College, Corvallis.

Curtis Foster is attending Institute of Technology at Portland, Oregon.

Dorothy Boden is going to the University of California and Ralph Boden sells bonds in Tacoma, Wash.

Howard Boor is employed here at Nyssa by the Amalgamated Sugar company.

Gerrit Muntejerff is working at Eder Hardware at Adrian. He is the proud father of a baby girl.

Colby Poage is working for the Eder Hardware Company at Nyssa.

JUNIOR HIGH NEWS—

Mr. Rinehart's and Miss Belknap art students are making folios for their penmanship papers.

There is an average of six to ten new students coming in every week in the three grades.

Mr. Rinehart will appoint some students from the Junior High to collect news for the Junior high school.

The Monday Rain

Dick Case: Did I leave my umbrella somewhere around here this morning?

Wilson Keck: What kind of an umbrella?

Dick: Oh, any kind. I'm not fussy.

—N. H. S.—

Bill Wilson: That gal I dated last night sure had affectionate eyes.

Ray Morfitt: What do you mean "affectionate eyes"?

Bill: I reckon they're affectionate—they looked at each other all the time I was with her.

What is This Freshman Contest?

It was Oliver Free's first day in English class. He walked up to Mrs. Young's desk and announced: "I ain't got no pencil."

Shocked at his expression, Mrs. Young exclaimed: "Oh, Oliver, I have no pencil."

A sympathetic look crossed the freshman's face and he replied: "You ain't either? Well, we're both in the same fix."

Miss Morris was attempting to find out how well her students had studied their lesson.

"Who said, 'I come to bury Caesar'?" she asked.

Loretta Mitchell pondered a moment and then slowly answered, "It must have been the undertaker."

SNEAK AND SNOOP—

We, the detectives of the Sneak and Snook Detective Agency, wish

to remind the students of Nyssa high school to hang on to the things they wish to keep.

There have been things taken from the gym dressing room and out of lockers at school. We want to especially warn you not to leave books and sweat shirts laying around.

We have made some progress as to the identity of the culprits. "So lay low."—Signed Sneak and Snook

NOTUS-NYSSA FOOTBALL GAME—

The Notus-Nyssa football game played Friday resulted in a 14-0 victory for Nyssa. The Notus team opened a passing attack, but the Nyssa Bulldogs were able to stop them. Nyssa kicked off to Notus and

downed the ball on the 21 yard line. Notus kicked off and Nyssa ran the ball back to the 7 yard line where Notus held them. The ball went to Notus and was brought back to the 21 yard line. Nyssa received a 15-yard penalty putting the ball on Notus' 35 yard line in their possession. They made yardage until

Graham intercepted a pass and went for 10 yards. Stanley Ray, Nyssa's rusing threat, made an end run for 41 yards and was stopped on the half yard line. Big Ike, the Bulldog's battering ram, put the ball over. A short pass to Holmes converted the try for the extra point.

Notus opened an attack of passing and line smashing putting the ball on Nyssa's 9 yard line at the end of the first quarter. Notus failed to make any yardage. They kicked to Nyssa and in the next play Ray took it around end for a 10 yard gain. Holmes then threw a long pass which was incomplete and Stanley again made a 10 yard gain around end but had hard luck next play when the passer was tackled behind the line. Notus punted to Stanley who ran the ball 20 yards before he was stopped; and then Nyssa completed a long pass and again was stopped due to a fumble which lost all previous yardage.

The third quarter was a punting duel between the teams until a fumble was recovered by Ike. Nyssa proceeded with a running attack with Stan and Ike until the ball went over and the try for point was successful.

The game ended with the Nyssa second string on the Notus 3 yard line after M. Kurtz had intercepted a pass on the 15 yard line and returned to the three.

Can You Afford to Spend 20% of Your Coal Bill for HOT WATER?

ONE SHOVELFUL IN FIVE GOES TO HEAT FURNACE COILS!

Wherever you drive ...

FOUR MILES IN FIVE ARE STOP-AND-GO

It's the Costliest kind of driving you do!

ONE STOP can waste enough gas to take you 1/2 of a mile! That's what makes today's driving, in city or village, so costly. To reduce the waste of stop and go, Shell engineers developed a way to "balance" gasoline. This balancing process completely rearranges the chemical structure of gasoline... makes Super-Shell "digestible" for your motor, just as cooking makes food digestible for you. At all times, your motor gets the full benefit of Super-Shell's high energy content. Super-Shell is on sale at the Shell dealer in your neighborhood.

...AND AUTOMATIC HOT WATER IS SO CHEAP!

This winter, will there be a sly thief stealing from your coal pile? Careful scientific tests, conducted at Purdue University and Washington State College, have proved that, on the average, furnace coils for water heating take about 20% of all the coal used.

You can stop that thieving—and have a far better hot water service. An automatic electric water heater will give you water that is hot 24 hours a day. And at Idaho Power's low water heating rate, the cost of operation is very low. Terms are convenient; investigate today.
