### Dog Poisoner Busy

There is much evidence about that a dog poins:ner is at work in Nyss and all those having pets are advis ed to keep them in their own yards as this particular kind of poison is viscious and causes the animals excrutiating agenies before death finally comes to relieve them.

How any one who calls himself a human being much less a Christian person can manifest such fiendishness to dumb animals is beyond the comprehension of the average mind. But such fiends do exist and each one having pets will have to do what they can towards protecting them. By keeping them within their own yards and looking carefully over the premises to be sure that there is no strange food about.

Dr. Bowman, veterinanrian recently moved from Kansas to Nyssa, advises all those whose pets may be affected to give them a dose of sweet milk or some sort of grease containing mustard and cause them to vomit and then call an experienced veterinarian. If given treatment in time there is a chance of saving

There are laws to deal with such inhumane offenders if they can be apprehnded and each person should do all that he or she can towards bringing them to justice.

The penalty in Oregon for dog oisoning is considered a felony and from fifty to one thousands dollars. Mabel Scott. The Nyssa Pharmacy-If a neighbor's dog or animal of- Adv.
