

# NYSSA JUNIOR GATE CITY JOURNAL

Published by Students of Nyssa High School

**EDITORIAL—**

The "scrubs" of football are the unsung heroes of the game. Without them to play against in practice, the first team could not be as well organized and coordinated group as they now are. The scrubs also help the first team acquire experience without which they would not be able to compete with other conference teams on equal terms. So we commend the scrubs for their part in helping make football what it is and for staying out all season taking hard knocks with no cheering students to encourage them.

Monday, November 15, the Senior class gave the entertainment for the student body assembly.

The Tuesday section of the girls glee club sang several numbers, one being "Ciribiribee" accompanied by

two dancers, Viola Pullen and Elen McConnell. Edna Ware played a piano solo which was followed with a song, "Harbour Lights" by Marzene Hollenberg with the accompaniment of the girls chorus. The girls were dressed in long pastel colored dresses.

Irene Peage did a comical tap dance and the assembly ended with a song "Cielito Lindo" from the girls' chorus.

**PEACE—**  
A very interesting lecture was given on Tuesday, November 8th at the gym by Mr. David Noncross, who urged a peaceful means of settling the Chinese-Japanese conflict.

Mr. Noncross did not favor war or boycott; he mentioned the fact that lack of food and no raw materials was now forcing Japan into China.

He proposed a peaceful means of settling immediate fighting, and opening trade to Japan to relieve their want of goods.

The theme of his lecture was to urge people to hate war rather than any race of people, and to beware of propaganda favoring either side of any war.

**ALUMNI NEWS—**  
Here are some more of the Nyssa high school alumni: Walter Ashby, Lloyd Landreth, Jack Brodie and Oath Lankford are all busy working on their respective farms.

Dean Johnston is employed by Van Petten on Ontario.

Lottie Boren, now Mrs. Merideth Seits, is one of the Nyssa telephone operators.

**ONTARIO FOOTBALL GAME—**  
The annual gridiron classic between Ontario and Nyssa was held Armistice day at the Ontario fair grounds where the Ontario Tigers defeated the Nyssa Bulldogs 20-6.

The game opened with the Nyssa squad receiving. They lost the ball on downs on their 30 yard line. The Ontario squad took the ball and pushed it over for a touchdown. They also converted the try for point by a place kick.

The next quarter saw the Nyssa boys making some nice yardage by running the ends with Stanley Ray carrying the ball, but they were unable to make the yardage where it was needed the most. The Ontario Tigers scored again in the second quarter by some nice ball carrying by Echanes, Moore and Baker, another perfectly placed kick made the score 14-0.

The second half saw the Nyssa boys fighting hard; and, after several runs that netted good yardage, Holmes completed a long pass to Schneiter for a touch down.

Ontario scored in the last quarter from a beautifully returned punt carried by Moore. The Bulldogs were unable to score again although they threatened seriously in the last few minutes.

**HIKE—**  
Last Saturday, November 13 several of the girls from Nyssa and Miss Martin drove out to Adrian where they were joined by six other girls. From there they hiked out to Chalk Cave where they cocked and ate their lunches.

Hiking points will be given for this hike to the following: Irene Peage, Helen Boydell, Anna Johnston, Lucille Thrasher, Joyce Ashcraft, Donna Ashcraft, Eleanor Hworth, Flora Prosser and Marzene Hollenberg.

**TOM THUMB CIRCUS—**  
The Tom Thumb Circus was given by the Northwest Assembly in the gymnasium Monday afternoon November 8. The show contained dogs, monkeys and a pony.

Of the tricks that the dogs performed one was by "Spooks", the highest jumping dog in the world, and the laziest dog in town, who jumped twenty feet into a canvas.

D-n was the wonder pony who picked colors of the American flag and guessed the ages of students.

The three monkeys performed several other interesting tricks. The show was well attended by both grade and high school students.

**FOOTBALL PLAYERS YOU SHOULD KNOW**  
Dudley Mausing is known as "Dud" on the football squad. He is a Junior at Nyssa and is working hard to make one of the eleven as end. He earned his letter at right end and is noted for his pass receiving.

George "tough guy" Hara, is a Junior and weighs 145 pounds. His last year's experience was at Home-ale and he plays guard.

Frank Pompe, known at school as "Pomp." He is a hard charging Junior and is very difficult to get around for much yardage, even though he only weighs 115 pounds.

Merle (Half-Pint) Kurtz is one of those halfback's who really goes after it. He is also a Junior at Nyssa and is progressing rapidly to make one of the team. He was handicapped for almost all the football season but the last few weeks he has been out, and shows he is a promising player.

**THE HIGHER LEARNING—**  
School day, School days  
Dear new fangled school days;  
Penciling, envythmics and plastic art.  
Taught with the aid of a Benet chart!  
I was a lad with a low IQ;  
You were a maid with a minus 2;  
Just what we learned, we never knew;  
But that is the newfangled way.

**U. OF O. REGISTRAR NAMED GROUP HEAD**  
University of Oregon, Eugene, Nov. 18—Earl M. Pallett, for the past 10 years registrar at the University of Oregon, has been named president of the Pacific Coast Association of Collegiate Registrars. Dr. Pallett, who is also executive secretary of the university here, is regarded as an authority in his field. He did considerable research and study in student registration while completing work a few years ago for his doctor of philosophy degree, and wrote a thesis on this subject.

**U. O. SCIENTIST WINS HIGH POST**  
University of Oregon, Eugene, Nov. 18—Dr. L. S. Gressman, head of the University of Oregon department of anthropology and curator of the Oregon museum of natural history, has been named a member of the Pacific Coast regional committee of the Social Science Research Council, according to word received here from Robert T. Crane, New York, executive director.

**U. OF O. CAMPUS TO HAVE BROADCASTS OVER KOAC**  
University of Oregon, Eugene, Nov. 18—The University of Oregon campus will become an integral part of radio station KOAC for one month, during which an experimental remote control station will be maintained here, it was announced by Dr. Dan D. Clark, assistant director of the general extension division.

The announcement was made following an inspection trip made here this week by Luke L. Roberts, station manager, and Grant Flekert, station engineer.

Broadcasting of programs with university talent is expected to start within a week. The temporary studio will be maintained in the music school building. Data will be gathered during the experimental month, and it is hoped that eventually the service may be made permanent.

**Advice To The Road-Worn**  
E. V. PRUYN, Auto Repair  
Nyssa, Oregon.  
Gentlemen:  
They think I'm too old, washed up. They're sorry for me. I haven't been driven over 30 miles an hour for more than six months. It drives me nuts, me that's used to 60 and more.  
Three years? Why, that's nothing to an old warhorse like me. I'm good for 100,000 miles and more yet.  
The other day they even talked of turning me in on a new car. Now ain't that a pretty mess? Imagine some young squirt of a bus trying to take my place after all I've done for the family.  
Trouble is they don't realize there is a garage like yours that can take care of all them little sneaks and knocks in me that's got them thinking I'm getting old. Just you wait. One of these days I'll get them to bring me into your place. Then you can tell them what a good machine I really am.  
Yours truly,  
Pylup Mileage

Dear Pylup Mileage:  
That's the old fight. If you can get them to bring you in here, we'll fix you up like you were two years ago. They'll think you're just getting nicely broken in.  
Sincerely yours,  
E. V. PRUYN, Auto Repair
