

Unemployment Census Starts This Week

The local post office cooperating with the administrator of the National Unemployment Census, a nation-wide registration of the unemployed started on Tuesday of this week and will end on Saturday, the twentieth of November.

Report Cards Delivered

Report cards are being delivered to every household in the United States, Alaska and the Hawaiian Islands, according to information

from S. D. Goshert, postmaster in Nyssa.

Ask For Prompt Return

Postmaster Goshert said that the forms delivered should be filled out and returned to the post office not later than the twenty-third of November.

The following is a list of questions and answers on the census, for the information of Journal readers.

The How and Why of the National Unemployment Census

A nation-wide census of all unemployed and partially unemployed persons in the United States will be taken between the dates of November 16 to 20, by act of Congress, and at the direction of President Roosevelt.

Here, in question-and-answer form, is the information you need to know about this plan.

- WHAT IS PURPOSE OF THE UNEMPLOYMENT CENSUS?**
To get an accurate count of the unemployed and partly unemployed.
- TO WHOM WILL CARDS BE SENT?**
To every family in the United States.
- UNDER WHOSE AUSPICES IS THE CENSUS BEING TAKEN?**
Congress has decreed, and the President has directed, that it be taken.
- IS THE CENSUS COMPULSORY?**
No. But every unemployed or partly unemployed person is urgently requested to cooperate.
- HOW WILL THE CENSUS BE CONDUCTED?**
Through the facilities of the Post Office Department. Report Cards will be delivered to every family. Cards are to be returned by mail to Washington for tabulation and analysis.
- WHEN WILL THE CENSUS BE TAKEN?**
Cards will be delivered on November 16 and must be returned by MIDNIGHT NOVEMBER 20. They are already addressed and no postage is required.
- WHO SHOULD FILL AND RETURN CARDS?**
Every person who is unemployed or partly unemployed who is able to work and wants work.
- WHAT AGE LIMITS APPLY?**
There are no age limits except existing State regulations concerning workers' ages.
- SHOULD MORE THAN ONE UNEMPLOYED PERSON IN A FAMILY RETURN A CARD?**
Yes. Every unemployed member of a family should fill out and return a card, if able to work and seeking work.
- WHERE MAY ADDITIONAL CARDS BE OBTAINED?**
At any post office or from your postman.
- WHERE CAN INFORMATION BE SECURED IN FILLING OUT CARDS?**
At your post office or from your postman.
- IS THIS CENSUS CONFINED TO AMERICAN CITIZENS?**
No. All permanent residents of the United States are included.
- IS THE INFORMATION GIVEN ON THE CARDS TO BE CONSIDERED CONFIDENTIAL?**
Yes. This information will be used for unemployment statistics only.
- SHOULD EVERY QUESTION OF THE CENSUS CARD BE ANSWERED?**
Yes. To obtain the most accurate information possible, the President asks that each question be answered. Numbers 9 and 10 are particularly important. However, failure to answer some of the questions will not invalidate the card.
- WHO IS AN "UNEMPLOYED" PERSON?**
A person of either sex or any color who is not working and is able to work and seeking work.
- WHO IS A "PARTLY UNEMPLOYED" PERSON?**
A person of either sex or any color with part-time employment who is able to do more work and is looking for more work.
- ARE PERSONS ON EMERGENCY WORK PROJECTS INCLUDED?**
Yes. They should register as unemployed. A specific question, Number 2c, is provided on the Report Card for all persons working on a W.P.A., N.Y.A., C.C.C., or other emergency work project which is supported by public funds.

A MESSAGE FROM THE PRESIDENT OF THE UNITED STATES

The White House
Washington

TO EVERY WORKER:

If you are unemployed or partly unemployed and are able to work and are seeking work, please fill out this report card right away and mail it before midnight, Saturday, November 20, 1937. No postage stamp is needed.

The Congress directed me to take this census. It is important to the unemployed and to everyone in this land that the census be complete, honest, and accurate. If you give me the facts, I shall try to use them for the benefit of all who need and want work and do not now have it.

Sportsmanlike Driving—Caution on Curves

Here the slope helps friction,

but here it adds to friction's job.

Have you ever watched an expert driver exercise extreme caution on curves? Why? Because he knows the value of friction. Study the above illustration and you will see its importance in driving. Caution on curves is a sign of Sportsmanlike Driving.

Sportsmanlike Driving—Road Friction

If the string breaks the rock flies off.

If friction "breaks" the car skids off.

The above illustration is self-explanatory. It shows the part that friction plays in causing an automobile to skid. It shows the need for greater caution on curves. It is a practical lesson in the art of Sportsmanlike Driving.

Oregon Traffic Deaths

A Series of Weekly Articles on the Problem of Highway Safety—By Earl Snell, Secretary of State.

Hardly a day goes by but that some resident of this state loses his motor vehicle operator's license as the result of a conviction in a court of another state. Most of these cases come from Washington and California, but there have been instances where the cases originated in courts of far eastern states.

The Oregon law provides that in all cases where the holder of an Oregon operator's license is found guilty in the court of another state for an offense which if committed in Oregon would call for mandatory revocation of his license, the penalty shall be enforced the same as if the conviction had been in an Oregon court. The resultant loss of driving privileges has been a complete surprise to many of our citizens who were under the impression that the fine or other penalty assessed in court and paid ended the matter.

Also, under the Oregon operator's law, forfeiture of bail is equivalent to conviction. There have been a number of cases where Oregon residents were arrested in southern Washington towns on drunken driving charges, forfeited substantial bail (running as high as \$250) and then discovered that the penalty under the laws was the same as if they were convicted in an Oregon court so far as their driving privileges were concerned. Revocation of their driver's license for a period of one year was mandatory and, in addition, under the requirements of the safety responsibility act, proof of such responsibility, must be maintained for a period of three years. Only about five per cent of the drivers coming under the provisions of this act have been able to furnish such proof, and so will be without their licenses for three years.

Penalties are severe for offenses against the traffic laws, and strict observance will not only pay, but will also go a long way toward eliminating Oregon's traffic deaths.

NOW YOU CAN WEAR FALSE TEETH WITHOUT EMBARRASSMENT

Eat, talk, laugh or sneeze, without fear of false teeth dropping or slipping. FASTEETH holds them firmly and comfortably all day. This new fine powder has no gummy, gooey, pasty taste or feeling because it's alkaline. Makes breath pleasant. Get FASTEETH today at any good drug store. Accept no substitute.

ONTARIO PLANS FOR CHRISTMAS SEAL SALE

Under the chairmanship of Chas. H. Christeson, who last year so ably directed the Christmas tuberculosis seal sale for Ontario, things are shaping rapidly now for the kick-off of the annual campaign throughout the county on Thanksgiving day.

To Solicit By Mail

This year school children will be sent out to homes selling the seals, but, with a few exceptions, the soliciting will be done through the mail. Mr. Christeson, with the assistance of the community chairman, who he appointed, has been compiling a gigantic mailing list. Next Wednesday evening letters will be dropped in the postoffices asking the addressee to purchase the enclosed seals or as many as he can afford.

Health Work Needed

For thirty years Christmas Seals have been helping to find cases of tuberculosis early enough that months—and perhaps years—of costly doctoring, sometimes at the expense of the taxpayer, could be saved. There is a definite need for health work of this type within the boundaries of Malheur county. Purchasers of those seals will be helping their neighbor as well as the nation as a whole, the chairman pointed out.

Students Help

Other groups who have been aiding Mr. Christeson in the preparation of the letters are the high school typing classes, the grade school pupils, and the teachers, all of the Ontario school system; the Ontario Girls' league and the two girl scout troops of the city.

Sarah M. McConnell

FOR BIDS

ADVERTISEMENT FOR BIDS

Sealed proposals will be received at the office of Carl H. Coad, Attorney, at Nyssa, Oregon, until 2 o'clock p. m., November 23rd, 1937, for the construction of a four-room brick veneer school building for School District No. 36, Malheur County, Oregon. These proposals will be publicly opened and read aloud at 2 o'clock p. m. at said date and place.

These improvements will consist of:

A concrete, wood and brick school building to be built on the property of the School District and near the present school, commonly known as the Arcadia School. This proposed construction shall include all labor and material necessary to fully complete and finish the described building including all excavation and the construction of a sewage disposal unit with a pump and pressure tank installation for furnishing water from a well now on the premises with certain described work in connection therewith.

Plans, Specifications, and other Contract Documents are on file for examination at the office of Carl H. Coad, Attorney at Law, Nyssa, Oregon. Copies of these documents may be obtained upon application to and the deposit of Ten (\$10.00) Dollars per set with said Architects, Wayland & Fennell, 624 Idaho Bldg., Boise, Idaho. The full amount of deposit for one set of documents will be returned to each actual bidder within a reasonable time after receipt of bids. Other deposits will be refunded upon the return in good condition of all such Plans, Specifications, and other Contract Documents within 10 days after the date

of the opening of bids, except that Five (\$5.00) Dollars of each deposit per set will be retained to cover the cost of production.

The amount of money estimated to be available for the construction contract herein advertised is \$18,000.

No proposals will be considered unless it is submitted upon a form of proposal furnished by said architects. Attention is called to the pre-qualification requirements of Chapter 225, Laws of Oregon, 1931.

Bidder's proposal must be accompanied by a bidder's bond or certified check in an amount equal to 5 per cent of total amount of the base bid as a guarantee for the execution of the contract and the furnishing of the required bonds in case the contract is awarded to the bidder.

The School District No. 36, Malheur County, Oregon further reserves the right to reject any and/or all proposals, to waive informalities, and to accept such proposals as are to the best interests of the school district.

By order of District School Board,

C. O. BULLARD

Chairman.

C. W. Barrett,

Clerk.

Don M. Graham, Manager

Don't Lose The BEST PART Of Your Bargain

One of the biggest bargains in the home is the electricity you use—your electric rates are among the lowest in the United States.

As a user of electricity, you help determine the AVERAGE rate you pay. For each additional amount you use, you pay at a lower rate. Your rates "step down" with increased use.

Therefore, the last quantity you use is billed at the cheapest rate.

In the same way, if you stop using an appliance in the hope of saving money, the saving is at the cheapest rate, it probably will not be as large as you expect—and you RAISE the average rate you pay for all service.

That's why we say—Don't lose the best part of your bargain. The more electric service you use, the better value you get for your electric bill.

After You've STEPPED DOWN YOUR ELECTRIC RATE DON'T STEP BACK

IDAHO POWER
Electricity...Does So MUCH-Costs So LITTLE!
