"THE ROAD BACK" HERE AFTER SIX YEAR WAIT

Friday marks the long awaited opening of Universal's "The Road Back" at the Nyssa Theatre for a 2-day run. The pictureization of Erich Maria Remarque's heart rousing novel about conditions in Germany after the war has been six years on the way. The perspective of time has added new values to his story, which are brought into strong relief through the medium of the camera.

Remarque saw the wives whose husbands never came back; saw the sweet-hearts who did not wait for the return of the men they had promised to marry. He saw turmoil, human drama being lived every day. He put into his story, "The Road Back," everything that he saw. He described the emotions of vibrant flesh-and-blood people. The characters were ready to step out of the book and into a movie set.
