Founder of Christianity

The Founder of Christianity probably never heard himself called Jesus Christ. During His life, He was known only by His original Hebrew name Joshua. After the crucifixion, He was referred to as Joshua the Messiah until the time, many years later, when this name was changed into Greek and became Jesus the Christ—Collier's Weekly.

Three Drainage Basins

Missouri composes parts of three drainage basins of the United States—the upper Mississippi, the lower Mississippi and the Missouri river basin.

"The Utmost in Values Always"

Have You Been GETTING YOUR SHARE of This Bargain?

"Step Down" electric rates mean simply this: the more you use, the lower electric rate you earn. When new electric appliances are added or greater use is made of the appliances you already have the additional service used is at a lower rate.

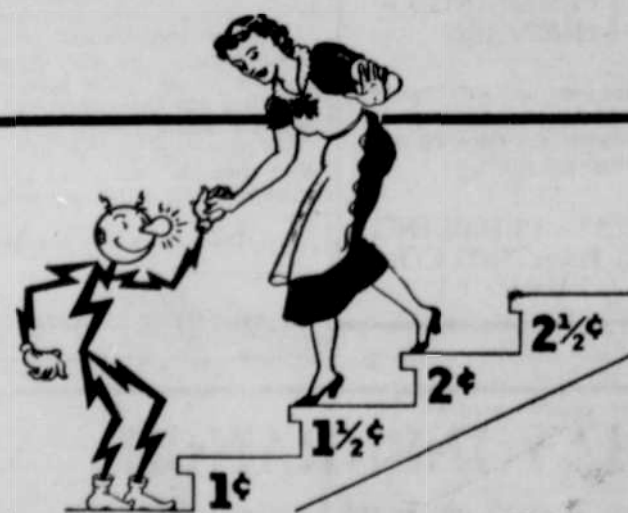

That frequently means that the electric servants you've added last—which are usually the ones that save the most in labor and convenience—are working at the lowest rate of all.

That's why it's not true economy to skimp a few cents on your electric bill by cutting the use of a refrigerator, an electric range or water heater. The reduction is at the lowest rate you have earned—you actually raise the average rate you pay for all service—and the added labor and the convenience and comfort lost are worth far more than the reduction of your electric bill by a few pennies.

The persons we serve in southern Idaho and eastern Oregon know a bargain when they see it. Because Idaho Power's electric rates are among the lowest in the nation, they use more electricity than almost any other group in the United States.

After You've
"STEPPED DOWN"
Your Electric Rate
DON'T
STEP
BACK

Your electric rate becomes cheaper as you use more electric service.

Advice To The Road-Worn

E. W. PRUYN, Auto Repairing,
Nyssa, Oregon.

Yes sir, I've got sour combustion chamber. And what is more, I don't believe I have enough iron in my system. Not only that—I get up nights.

I understand that you folks are automobile experts. That's why I'm asking your advice. I'm telling you what's the matter with me. Now you tell me what I should do.

Of course I know that if I took Soapo tablets and Pigrono pills and Dr. Schmidt's Radiator powders, I'd be all right in no time.

But that's not me. Before I send for those simple remedies I'll give home industry a chance. I'm big-hearted that way.

Yours,
Henry Greasecup.

Dear Mr. Greasecup:

Go ahead and send for your medicine. Sour combustion chamber—rats. What you need is a dose of kerosene and a swift kick in the rumble seat.

Sincerely yours,
E. W. PRUYN.

The Building Bug Advises: BUDGET BUILDING for BUILT-INS

Enjoy the convenience of plenty of storage space! There are dozens of places where your home can be improved with built-ins.

\$5 per month

... will pay for a lot of carpenter work and materials under our Budget Building plan. No down payment is required. In fact, this plan is as simple as opening an account at a local store. Investigate! Ask us about Budget Building and learn how you can install built-ins or make any number of other improvements, including:

- New Garage
- New Roof
- Hardwood Floors
- Extra Bedroom

And for better construction at lower final cost... insist on 4-SQUARE Lumber and start your building plans with a visit to...
