

Ye Snooper's Column

Things About Nyssa's Shops

'Tis vacation time again and children of our town do be wondering what to do with themselves through the weeks ahead. Many have wished in our hearing that there was a swimming pool for them to make use of near at hand. And a fine thing it would be, too, for them and for their parents as well. For swimming be as fine a body building and health giving an exercise as there be for young and old as well. Seems but a case of dollars which is depriving this community of one and we did think how fine a thing it would be if some civic organization would but take it upon themselves to solicit the monies by public subscription so that it could be built soon.

Would be a good thing for our merchants as well for instead of people leaving town for amusement and thereby spending a bit for other things. This would be reversed and the pool would draw out-of-town residents and their shekles into the local coffers.

'Tis the season when wedding bells do ring most gaily and often and many of the towns young hopefuls will trip up the aisle for better or worse and it be the Snooters wish that will be better for each one of them. For the fullness of life does come with the love and understanding of man or wife as together they do meet the daily task of living.

But better or worse marriage will not leave them as it found them for from now on they will be man and woman having to meet it as they themselves can and advancing or deteriorating according to the strength and the wisdom that is within them.

We did list to the noises exuding from the baseball field on Sunday and didst think how fine a thing it was that we as a people do enjoy the sports that hurt no other creature. Such as bull and cock fights. And what a grand outlet for emotions pent up during the week. To rant at the umpire and sneer at the opposing team in choice terms and epithets that the fans most love and to which none pay the least attention but accept it as they do the game and at its close shake hands and drift homeward as quietly and meekly as a switch engine side tracked for the night.

If it be wedding presents that be on thy mind this coming week. Get not in a dither. Rather trip over to the Nyssa Pharmacy where they do have as fine and varied selection at many prices so that thou may make a choice that is sure to please.

Or if it be an electric gadget that thou didst have in mind do a hop skip to the Idaho Power for there they do carry a variety of electric wares from two hundred dollar stoves to fifteen cent light globes and every one be useful and an always welcomed gift. And we do have in mind the toast master that will be a joy to any bridegroom for it doest mean unburned toast for breakfast.

Then there be the possibility of dishes as most welcomed gifts and at the Baldrige Implement company store we did see a fine assortment of new things both decorative and useful.

'Tis the lucky couple indeed who

can move into their own home in the beginning but to those who are in the mind to build a snug nest for themselves at the start, no matter what its size nor state we do have in Nyssa reliable lumber dealers. Some old whom through years of good service we have learned to depend upon. Others are new comers but do enter the building field here highly recommended and right well fitted to take their place among our trusted merchants. There be the Boise Payette and the Jackson Lumber company whom we do know as old and trusted friends and the Stunz Lumber company just west of Y that do be a new but most reliable and well stocked lumber store and all can show one how to build and remodel economically.

And for all those things one will use on the wedding journey smoked glasses, tobacco, razor blades et cetera and et cetera one can do no better than at the Curry drug store on Main and Third.

Hast tasted that nutty flavored bread that the Co-op just north of the Y do be selling? The flavor thereof do be different indeed. Now some there be who drink their coffee black with much relish and some there be among us who do drink the black Java brew in order to keep the waist line at a reasonable inchage but most do relish at least a dash of thick cream added thereto. And no finer nor richer and fresh cream can be purchased hereabouts than at the Nyssa Gate City Dairy that Herb Fisher doest own and manage on sanitary and state approved plans.

Art in a mind for a trip to California but the state of the family bus is a bit uncertain and thou art fearful of it falling there at the critical moment. Calm thy disposition and fret not. For the Winnemucca stage line doest make a fast and safe trip over the I-O-N daily and thou wilt find thy self at thy destination in double quick time while thou hast rested thy weary bones in soft upholstery and will be as fresh as a daisy to enjoy the new scenes before thee and at a cost that will be below what it would cost to drive the heap. When thou doest consider all things.

To the home maker here in this land of hot summers an electric ice box be no luxury but an absolute necessity and a saver and preserver of family health and shekels as well. Look where ye wilt but thou cannot find another that will equal the Norge which the Eder hardware, do sell in performance and price. And they do have sizes which will fit the purse and needs of every purchaser and do sell them at attractive monthly installments to fit even a meager budget.

Now as we did say last week our friend Omar is among those who are tripping altar ward this very week. But the Whyhee Drug Store will carry on in his absence just the same for a most competent relief has been arranged for so that Omar may have no worry that his customers will be neglected. And we all do wish him a happy journey and will be here to welcome him home again.

No vacation journey can be accounted a success if at every turn and corner the family carry all doest show all the symptoms of an army mule on asid down strike. But if this be the case with thee, there will be none to blame on thy return if they didst not have it tuned up and turned over and cleaned out and re-screwed at Prun's garage where they do specialize in just those things.

And just in case thou canst not find this heap fixtorem in Nyssa's busy Rialto we wouldst have thee to know that Prun's garage is in the same building with the Powell service station where The Lien-kampers and Charlie Leuck do sell a fine gas and lubricants with such cheeriness that no grouch in thy bones canst live long around them.

And across the street from them there be Art Norcott service station where they do dispense Shell gas and lubricants with a smile and do sell those Good Year tires which canst keep in step with perpetual motion and blow not out.

Now speaking of adverse winds we all have felt their chill and their joy taking propensities in our lives. 'Tis then that a neat nest egg in a savings account canst do much to cheer us up and there be no better time to start that egg to a bigger and better growth than now. Even if it be a wee amount but added to regularly 'twil not be long before thou wilt feel a warm glow in thy mind from the sense of protection it doest provide.

A savings account do be a fine thing. Aye, verily. But in many cases a greater protection is necessary that thou and thine mayest dwell in safety and security. And here is when a reliable insurance broker will serve thee well. See Frank Morgan at his realty offices or Jessie and Don Graham at the Nyssa realty offices. Each do write excellent policies and are worthy of thy trust.

Warm days and the winds that do blow across the desert do be hard on milady's grooming. Her hair dries out, the permanent forgets its duties and the skin becomes as parched after a monsoon. But at the Whyhee Beauty Shop they do remedy all this in jig time and milady will be as a freshened daisy again.

There do be a popular corner in the town and that be the Texaco service station where they do traffic in wares of all automotive needs and do have rest rooms that art always clean and sanitary. And this do be at the Station at Fourth and Main where Taylor Gudmundsen doest wield the baton of authority.

Home may be where ever thou doest hang thine chapeau but art ready to bet that without food thou wilt not long tarry there. But at Barney Wilson they do carry victuals both rare and common. To fit thy taste and purse. But what ever it is that thou doest buy 'twil be fairly priced and good to taste. Now in the line of foods we didst read not long since that the purest and best of all shortenings was lard. And not only doest it be the best but 'twas also the cheapest. And here at the Nyssa Packing Company they do be selling lard that they have rendered and purified themselves at prices below what any other shortening canst be purchased.

Now speaking of lard doest remind us of nice fat porkers and of all the delectables that de be made from them.

And not the least of these be hams, more tasty we are sure, than any nectar for the Gods couldst ever have been. At Ramsey's Market at Third and Main they do carry them that are as sweet and as tender and tasty as the hickory bows burning which smoked them.

Shop in Nyssa with Journal advertisers and thou wilt not waste thy time and thy gas going farther.
