Return from California—
On Tuesday Mrs. Charles Garrison and Vera returned from a motor trip to California and other interesting way points.

The trip was taken primarily that Miss Vera might attend the annual convention of the Delta Zeta sorority at Pasadena to which she had been appointed delegate.

They left on July 2 over the I-O-N cut off, which they reported as being not too bad and at Reno turned south through the Lake Tahoe country and Yosemite park to Los Angeles.

After the five day convention at Pasadena they visited Catalina Island and then returned for a short visit with relatives in Los Angeles. They next stopped in San Francisco for a visit with the Louis Garrison family and then returned home through the redwoods and over the coast highway, stopping for a look at Crater Lake on the way.

Mr. Wilson said that he did some pretty fair fishing on the Umpqua and Rogue and also fished some on the upper Deschutes but there the finny ones were small and few.

Altogether he said that Nyssa and this country was the best after all as at no place did he see the promise of abundant harvest as we have here and in many places crops had withered and burned beyond hope from lack of rain and with no irrigation available.

All in all about the only reason for leaving Nyssa is to return and like it better.

Mrs. Tensen is a true booster for this country for she says that while California is a wonderful state still at no place did she find the real prosperity and well being of every one as we have here in Nyssa, and that for all around living Nyssa is hard to beat.

Mrs. Betty LaFrenz was unable to return with her family as she suffered a wrenched back in a slight automobile mishap and is now a house guest of the Van Gilsies in Glendale.
