## MAHONEY IN NYSSA ON CAMPAIGN TOUR

DEMOCRAT NOMINEE OPPOSES U. S. ENTERING FOREIGN WAR

Willis Mahoney of Klamath Falls, Democratic candidate for United States Senator spoke to Nyssa people through a transmitter stationed at the corner of First and Main streets, for about a half hour Monday forenoon.

During his brief address Mahoney told his listeners here, that new markets must be developed for Oregon farmers and industry to take care of the breakdown in export trade and loss of markets to the amount of \$250,000,000 since 1930. A senator on friendly terms with the administration can secure among other things the completion of the Umatilla and Willamette Valley projects in Oregon, he said. Farming, livestock and dairy industries should be placed on a par with other industry and are entitled to legislation giving them the cost of production plus a reasonable profit. Mahoney emphasized his belief that a mad man, Hitler, now held the destinies of Europe in the hollow of his hand and declared he was unalterably opposed to this nation ever participating in a World war again.

He spoke from the postoffice steps at Ontario at 1 o'clock Monday afternoon, at Vale at 2:30, winding up the day's campaign work at The Dalles where he addressed a crowd of several hundred at 7:30 o'clock.

## VALLEY VIEW YOUTH GETS F. F. A. DEGREE

ARTHUR BROWN, ONE OF TWO OREGON YOUTHS HONORED

VALLEY VIEW—Arthur Brown a resident of Valley View district and a graduate of Ontario high school was one of the two F. F. A. boys from Oregon to receive the degree of American Farmer at the National F. F. A. convention at Kansas City, Arthur F. F. A. teacher O. D. Dearborn accompanied him to the convention.

They will get to see the American Royal livestock show that is in progress at this time at Kansas City. This county is highly honored to have one of its students chosen as "American Farmer" and all Arthurs' friends are glad he is the lucky one.

Mrs. Bill Hipp of Arcadia won the heifer at Ontario in the final drawing. Joe Bassett was lucky twice and got second heifer and gilt.

These drawings surely draw the crowds and the dairy cattle are a help to the county. There is some talk of a creamery for this part of Oregon. Everyone seems to be boosting for a creamery in our county.

## RALLY DAY PROGRAM AT APPLE VALLEY

BUSINESS SESSION CONCLUDES DAY'S PROGRAM AT CHURCH

APPLE VALLEY—The Rally day program held at the Methodist church in Apple Valley, Sunday at the regular Sunday school hour was very much a success. Songs and recitations by the very little children reading, instrumental music and a short play made up the program, which was well given.

At 1 o'clock a fellowship dinner was enjoyed by about 50 people. Mrs. Klinkenberg led the group in singing the Doxology; then Rev. White introduced Mr. Osborne of Parma who asked a blessing on the food. After partaking of a very delicious meal, Rev. White explained the work program of the Methodist church at home and in foreign lands. Mr. Osborne then told of his work in the Ministerial service in

Indiana and North Dakota. At present he is manager of the local Gamble store but is ready and willing to do all he can in church work. He has preached at Roswell and while not physically fit to take over a heavy program is willing to fill pulpits now and then. A business session of the church board concluded the day's program, which was very thoroughly enjoyed.

## 'TRAIL FARMERS BUSY HARVESTING

HAY STACKED AND ROW CROPS HARVESTING IN FULL SWING

## ERADICATION PROGRAM FORMED

COUNTY WILL PLACE FIVE CREWS IN FIELD NEXT WEEK

ONTARIO—The fall gopher control campaign under the rodent district covering all of Malheur county will be in full swing by the first of next week, according to R. M. McKennon, county agent. At least five gopher poisoning crews will be employed by the county and in addition CCC camps at Vale, Nyssa, and Ontario, under the direction of the bureau of reclamation will place crews in the field to protect canals, roads and ditches on new project lands.

Under the district law, farmers are urged to control gophers on their own places, but if they do not do this, the county is empowered to put a crew on the place to poison gophers and then to charge the actual cost to the landowner. Some farmers prefer to have county crews do the work than to attempt it themselves. Further, under the law, the county agent is charged with the administration of these districts. It should be clearly understood says McKennon, that the gopher districts were declared by the County Court after petition of landholders and their administration is clearly set forth in the law.

Crews will begin work in the Vale area this week and will be started in other parts of the valley. A bait cutting station where farmers can purchase prepared bait for their own use will be located at Vale.

According to the officers of the association this cooperative organization is intended to facilitate the movement of cattle into feed yards in Malheur county. It is the intention of the association to operate a central feeding plant and to obtain consignments of feed to the association by making a reasonable advance on feed and then giving each feed grower a share in the profits in accordance with the amount of his participation. At the discretion of the board of directors, the association may also place cattle on feed at feed yards on individual farms.

## FEEDER CO-OP IS ORGANIZED MONDAY

(Continued from page one) together under the association's program.

Some details of management are yet to be worked out but it is expected that Mr. Sanberg will personally interview many of the farmers and cattlemen in the district as rapidly as he can get around to them.

It is also a policy of the association to permit participation by other than actual growers, by the purchase of class "A" certificates. These certificates will be offered to businessmen and others who are interested in the program of this association.

Dr. C. A. Abbott Operated Upon—Dr. C. A. Abbott who has been confined for the past five weeks for a lung infection at the Veterans hospital in Boise was operated upon the first of the week and is not allowed visitors.
