A STUDENT PROPOSAL

In the last assemblies a large amount of confusion was noticed such as whistling, talking in loud tones, and shifting of seats. Assemblies will probably be called less frequently if these conditions continue. Outside speakers and visitors also may get a bad impression the student body.

A few suggestions that might help to curb these disturbances are:

(1) As an individual everyone refrain from whistling, and talking in loud tones.

(2) If the grade school is present try to impress upon its member; the necessity of order and quietness during assemblies. It might be best have separate sections for grade school and high school.

(3) As a last resort we might have the lettermen designate some system to maintain order forcefully.

In order to make the assemblies quiet and orderly it will be necessary to have the cooperation of the student body and the officers. Student body meeting are wholly a student affair and our teachers should not be depended upon to keep order.

A BOOK REVIEW

Do you like mystery or crime? You do? Here is just the book. If one doesn't care for bad dreams it is preferable to read this book in the day time.

When curled up in the big easy chair in front of the fireplace with the dancing flames from the fire-place making weird shadows on the wall read, "The Stinger Murders," a selection from the mystery league, written by W. Shepare Pleasants.

A yatching cruise on the high seas. People killed like flies. A mysterious object of death found beside each murdered person. What or who is the Stinger? Who is the murderer? The reporter, the governor, the hostess, or one of the girls? Every one suspects everyone else, but none suspect the real murderer. It is packed with thrilling crime from cover to cover.

GIRLS LEAGUE ACQUIRES HISTORY IN SHORT TIME

The Girls' League was first introduced to Nyssa high school the spring of 1937 by Mrs. R. H. Hawthorth. The general interest was developed and officers were elected for the following year. The officers for were president, Irene Poage, vice president, Lucille Thrasher, secretary, Viola Pullen and treasurer, Ellen McConnell. It was formed to promote loyalty to the school and enthusiastic support of all its activities, to encourage whole-hearted cooperation in all undertakings, to foster the finest qualities of girlhood, to inspire a democratic, friendly spirit among all the girls of the school and an attitude of helpfulness toward the community.

The Girls' League has been under the supervision of Mrs. John O. Young the last two years. The main project accomplished last year was the purchase of complete service of dinner ware and silverware for 100 people. This year they expect to complete the service by adding glassware and linen.

Money was earned in the following ways: A vaudeville "Showboat," written and produced by Mrs. Young and the girls; "The Cinderella Ball," Color day, the sale of blue and gold pom poms and by sale of pop corn and candy at the games.

The Girls' League also gave a mothers tea, kept a scrapbook of school news, enjoyed an April Fool's party, kept a Lost and Found department, and held an Installation Service for the incoming students.
