THE MINORITY FORMS THE BALANCE OF POWER

SALEM—With 14 members to their credit the Democratic minority in the house of representatives of the state legislature forms a bloc which can make itself felt in the organization of that body. Welded together under proper leadership the 14 Democrats represent a balance of power that might dictate its own terms for the support of one of the candidates now seeking the house speakership. Especially is that true if the speakership fight develops into a dog fight with none of the five candidates now actively campaigning for the honor able to muster a majority of the votes without aid of the Democratic bloc.

Sensing a situation of this kind however, it is understood that some of the speakership candidates have proposed a get-together in Portland in the very near future at which some political horse trading might be indulged in to the end that harmony might prevail in support of some one member for the gavel wielding job. Frank Lonergan, county legislator, in Salem this week, however, denied any intention of giving up the fight for the speakership. Lonergan was the last Republican to preside over the house, occupying the speakers chair in the session of 1931 and insists that it is again time for Multnomah county to enjoy this honor.

Outstate members, however, appear to be just as determined that the speakership shall not go to the metropolis and in this attitude they have the support of at least one or two of the Multnomah county members. Outstate support, however, is divided between four candidates: Ernest R. Fatland of Condon; Earl Hill of Cushman, Lane county; A. Rennie of Corvallis, and Walter Fuhrer of Salem.

NO. 1 AUTO LICENSE

For the second consecutive year automobile license No. 1 goes to a Yamhill county motorist again next year. C. H. George of Carlton was the applicant whose name was the first to be drawn in the big annual "drawing" for numbers conducted by Secretary of State Earl Snell. More than 19,000 motorists had their names in the pot when the drawing was made.

COMMISSION ASKS FOR DEFICIENCY MONEY

Its appropriation of \$2,500,000 exhausted the capitol reconstruction commission has appealed to the state emergency board for a deficiency appropriation of \$13,000 with which to complete its job. The request has been approved by the board of control and passed on to the emergency board with a plea for early action.

INMATES WELL FED

It required 1200 pounds of turkey and 3000 pounds of chicken to provide a Thanksgiving day dinner for the 27000 patients and 300 employees of the state hospital. A ton of potatoes and another ton of cabbage, 200 gallons of cider and 400 gallons of coffee. Inmates of other state institutions were equally well fed on this occasion.

WHAT HAPPENED TO THOSE FOUR PRECINCTS

With the exception of four small precincts in Multnomah county Secretary of State Earl Snell carried every precinct in the state in his race for re-election, according to a careful check of official election returns. One of the Multnomah precincts he lost by only three votes and another by the narrow margin of six votes. This is said to set a record for opposed candidates for state office in Oregon.
