NO MEETING—NO MONEY

There will be no meeting of the state emergency board to consider the request of the capitol reconstruction commission for a deficiency appropriation of \$13,000 with which to complete the job of equipping the new state house. Senator Dean Walker, chairman of the senate ways and means committee and secretary of the emergency board has advised the board of control which endorsed the request that he does not regard the situation confronting the capitol commission as an emergency justifying attention by the Emergency board.

NEW RIFLE EQUIPMENT

Of the 2500 new semi-automatic rifles to be available for national guard troops during the next year 1000 will be allocated to Oregon according to information received by Major General George A. White from the war department. The new weapons, production of which was not started until late in 1937, are said to have the fire-power of five ordinary Springfield rifles. On the basis of its superior rating in marksmanship qualifications General White has selected the 186th infantry to receive the new rifles. Delivery of which is expected to start about April 1. Cities in which units of this regiment are located include Gresham, Grants Pass, Oregon City, The Dalles and Forest Grove.

BUREAU CUTTING DOWN EMPLOYEES

Approximately 30 employees of the unemployment compensation commission are slated for dismissal from the state payroll, officials of the commission have announced. Several of those slated to go have been with the department for more than a year.

MOVING DAY FOR GOVERNOR

December 1 was moving day for Governor and Mrs. Martin when they took up their residence in the new home which the governor recently acquired on Portland's west side. While the governor does not propose to commute between the metropolis and the state capital

daily he has announced that he will be on hand to conduct all necessary meetings of the numerous boards of which he is a member as well as to transact all other necessary state business requiring his attention.

WOULD RELIEVE GOVERNOR OF PARDON POWER

The pardon and parole power would be transferred from the governor to a newly created board of pardons and paroles if recommendations to be submitted by Governor Martin's special committee on paroles and probation are accepted by the legislature. Members of the committee contend that too much of the chief executive's time is now taken up by prison problems.

NO DECREASE IN EMPLOYMENT

Employment in Oregon industries this fall is on a level with that of a year ago according to records of the State Industrial Accident commission. Cessation of seasonal work, however, has been followed by a material slump in employment this winter.

STATE RELIEF TO BE CUT

While the state relief committee did not name the "certain other counties" in which relief rolls are to be purged of employables these are understood to include the industrial counties of Clackamas, Columbia, Coos and Deschutes. In its determination to keep relief expenditures within state and county budgets the relief committee has decreed that direct relief rolls shall be cut to the minimum and that no further applications shall be received for old age pensions, and for needy blind or aid for dependent children.

LEGISLATORS FACE H. C. L.

Legislators coming to Salem for the 1939 session may encounter a substantial increase in living costs. Publication of a story to the effect that rooms are renting for \$1 to \$2.50 a night at Salem home owners with spare rooms to rent have raised their prices to that level. Formerly good rooms could be had in private home at \$15 to \$18 a month.
