STUDENT VERSUS TEACHER

In the course of his school life the average student has difficulties with his teachers. To somewhat counteract this attitude of the student the parents and teachers deemed it necessary to form an organization between them which would turn out some of the difficulties. As a result we frequently have an organization known as the P. T. A. which has helped to restore good will between the teacher and students many times.

Another phase which we frequently omit exists. Do we students try to cooperate with our instructors in making their school life a happy one?

The answer might be divided but the greater majority of students would say "we do not." If this be the proper conclusion let's attempt to do better. Let's promote better student-teacher attitudes.

NYSSA BASKETBALL SQUAD TO ENGAGE ONTARIO IN FRIDAY NIGHT COMPETITION

Double Win Last Week Improves Local Teams Chances For Rest of Season

Nyssa's basketball team meets Ontario in Ontario tomorrow night. Both teams have impressive records to date. Ontario defeated Payette last Saturday night and played a close game with Baker Tuesday night.

The two wins over Homedale, 25-18, and Emmett 29-19, showed that the Bulldogs may be one of the hard teams to beat. On the following night Nyssa plays Joseph high school from Wallawa county here at 8 o'clock. Contrary to some student beliefs Joseph high school is not the same school as St. Joseph's academy. The Joseph team has played numerous larger schools and has won approximately one half of its games according to John Young, Nyssa Coach.

HUMANS QUEEREST OF ANIMAL GROUP

By Joyce Ashcraft
Among the queerest animals, humans are the queerest. They are never satisfied with anything, especially the weather. People are never satisfied with the weather. In the summer when it is nice and warm, sometimes too warm, they wish it were winter. In the winter they wish it were summer again.

At the present everyone is wishing spring would come. I don't blame them. Who likes to walk in the mud and rain or have his car stuck out here on some of our good roads. We even see a car stuck in the mud right here in town once in a while. When it gets that bad, well—who can blame anyone for wishing it were summer.

Don't give up hopes. Eventually Let's all stick together and keep failed us yet.

summer will be here. It has never

on hoping. Everything is certain to turn out all right.
