## Local News

### Rest Room Furnished—

The ladies rest room at the Nyssa city hall has now been furnished and is ready for use. This is a much-needed addition to city hall facilities as it now provides a place where visiting women may rest and wait.

There is a comfortable day bed with a dainty spread, a chair and dressing table. Also a table with late magazines and papers.

The door leading to the rest room is at the foot and to the left of the basement steps so that it is not necessary for those using it to wander about the whole building before using it.

The decorations and furnishings were one of the activities of the Civic club and were under the direction of Mrs. Frank Morgan.

### BOY SCOUT NEWS

By Ralph Teeters  
Legion Troop 19 held a joint meeting with the Parma Troop on Tuesday night, on an island just south of Parma. The two troops cooked their own meal, held the meeting and later played games.

Troop 19 will be guests at a pot luck dinner to be given by the Morgan Park Garden club Friday night

in the recreation hall at the Nyssa CCC camp. The Park club has allotted a plot of ground to Troop 19 for their own development as a scout park. The Troop has already made one exploration hike to the park and plans are now under way for the improvement of the camp site.

This Troop is working on plans to earn money to help finance themselves and to buy uniforms. It is hoped that every scout in the troop will have uniforms by fall.

Legion Troop 19 is striving to increase their membership and will welcome any boy over 12 years old who thinks he may be interested in scout work. Meetings are held each Monday night at 7 p. m. in the Nyssa Legion hall.

## SOMETHING NEW TO THINK ABOUT

## FORD TRACTOR WITH Ferguson System

Think of attaching or detaching unit implements, including the row cultivator, in less than a minute! Think of plowing easily and quickly in tight places, close to fences! Think of being able to plow 28" wide with a tractor so light it practically does away with soil packing. With its fingertip control of hydraulically controlled wheel-less implements the new Ford tractor is amazingly easy to operate. In plowing you set your plow depth (it is automatically maintained), lower your plows by the finger-tip control, raise them the same way at the end of the furrow. You won't believe the things this new Ford tractor can do—until you see it working. Come on in today. We'll show you something!
