Review of Wade P. T. A.

Wade school differed from the majority of schools in Malheur County this year as the number of pupils enrolled was less, instead of greater. Therefore only one teacher was needed, but the work for the year, both in the school room and in the Parent-Teachers unit was of the same high standard that has been the goal of Wade District since its organization.

Meetings were held regularly on the first Friday afternoon of each month.

Mrs. Claude Steelman presided at the September meeting held at the school house, at which all the officers were present and nine members were reported paid up for the coming year and the membership chairman started her drive which brought in the majority of mothers living in the district.

The Ways and Means chairman started the traveling basket that proved so helpful and useful during the year.

During this month, E. M. Hauser visited the school and organized the Health Club.

In March, Dr. Kerby, assisted by the County nurse, Mrs. Logan, gave immunizations to all the members.

Mrs. Maddox, Farm Security Administration nurse was also an assistant.

The October meeting was held at the home of the Secretary-treasurer, Mrs. F. A. Miller, nineteen ladies were present, of whom, fifteen are

Card Of Thanks—

We wish to express our appreciation to uor many friends, and especially to the Lions Club and the people who attended their Benefit dance, and also to the members of the Shriners and Masonic Order, for their interest in our Betty who was stricken with Infantile Paralysis about September 16.

Had it not been for the Shriners Hospital we fear that Betty would never have walked again. The Masonic Order has a part in the Shriners work.

When Betty returned there was many things we had to have. We are very grateful to the Lions Club for helping to care for her.

Betty is recovering fine. She now can walk a few steps without her crutches. Words can not express our thanks.
