Kingman Kolony

Mr. and Mrs. Vernon Cartis and family of Adrian were Monday evening dinner guests of Mr. and Mrs. William Toombs and family.

Mrs. Charlie Wilson and Jimmy, Jewell and Forestine Wilson and Dudley Kurtz were Boise shoppers Saturday.

Vida Wallace, who has been staying at the Charlie Wilson home, spent the week-end with her parents in Nampa.

Mr. and Mrs. H. M. Shaw attended the funeral for Berkeley, Baker Tuesday in Nyssa.

Louise Stokes and Helen Barker were Sunday dinner guests of Naomi and Rachel Shaw.

Mr. and Mrs. W. W. Deffenbaugh and family were visitors in Emmett Sunday.

Mr. and Mrs. William Toombs and Mrs. J. G. Lane were in Nyssa, Friday.

Lawrence Kreager was in Boise on business Tuesday.

The A.N.K. Garden club met at Mrs. John Holly's home in Adrian. Mrs. William Toombs gave a talk on window boxes. The next meeting will be held in Nyssa at Mrs. Pfeiffer's home.

Justine Kreager helped La Verie Anderson celebrate her 7th birthday Sunday.

Mr. and Mrs. D. L. Hurst and several of Deiora Hurst's friends helped her celebrate her birthday Saturday evening.

Mr. and Mrs. A. Case has received word from their son, Pvt. Clarice Case, who is now in Wales. He said, he likes his work fine.

Mrs. Phil. Dunbrasky, former resident of Kingman Kolony, died in the Ontario hospital Wednesday.

Bob Clark and family arrived home from the coast Sunday. They purchased a registered jersey bull calf while there.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

VETERANS QUICKLY FIND JOBS

Of the 11,516 veterans who applied for jobs, 6,361 found work immediately during a demonstration program open in January by the U.S. Employment Service, the War Manpower Commission announced. This service for veterans will be continued and expanded to USES local offices throughout the country, where veterans will be permitted to "shop around" before deciding on a job. Job opportunities for physically handicapped veterans from this war will be better than they were for the handicapped veterans of the last war, in the opinion of W.M.C. Based on recent studies, placements of handicapped workers in 1943 were approximately seven times the number placed in 1940. A large proportion of the physically handicapped require only careful job placement. Veterans will be hired in OPA offices and boards throughout the country as rapidly as vacancies occur. About 2,500 vacancies occur each month.

NEW SHOE STAMP ANNOUNCED Beginning May 1, Airplane Stamp 2 in War Ration Book Three may be used for buying one pair of rationed shoes, OPA announced. The new stamp and Airplane Stamp 1 will be good indefinitely. Stamp 18 in Book One will expire April 30. From May 1 through May 20, children's low-priced shoes (maximum \$1.60 per pair) in sizes 8 1/2 through 12, and misses' and little boys' shoes in sizes 12 1/2 through 3 will be rationed-free. In 1943 sales of civilian rationed shoes exceeded production by more than 53 million pairs, which made it necessary late last year to decrease the number of shoes available to civilians.

MORE ARTICLES FOR FARMERS Of approximately 3,000 farmers interviewed in a recent survey, nearly half reported they had no trouble in buying any item on a list of 43 essential articles—ranging from flashlight batteries to cream separators, WPB announced. As a result of production programs previously approved by WPB's Office of Civilian requirements, supplies of the following items have been increased—flashlight, fence control and ignition batteries; "crescent" and monkey wrenches; grease guns; hand drills; floor brooders; and cream separators. In addition, farmers are now permitted to borrow engine and tractor fuel storage tanks from their petroleum suppliers.

TAKE YOUR SHOPPING BAG TO TOWN American housewives may help avert the critical shortage of store bags and wrapping paper expected during the next few months by carrying shopping bags or baskets when marketing and by reusing paper bags whenever possible, WPB says.

Small and boxed articles should be accepted unwrapped and several purchases from the same store should be put all on one bag. The current allocation of bags and wrapping paper is less than one-third of prewar supplies.

PRICE CHANGES ON VARIOUS TIMES Prices, which remained relatively stable during the past two years on coal, lumber, newsprint, and other basic industrial products, showed a gradual increase in recent months, the Secretary of Labor reports.

Food prices, which previously had advanced the most, have been reduced 6 percent. Prices for clothing, house-furnishings, fuel, and services have moved up—the largest increase being in clothing. The cost of living as a whole, however, de-

clined 0.6 percent in the first two months of 1944.

SIMPLIFY FUEL OIL RATIONING

The present fuel year will end August 31 instead of September 30 as originally scheduled, OPA announces, and beginning September 1 all period fuel oil coupons after they become valid will remain good through August 31, 1945.

CHILD HEALTH DAY IS MAY 1

Groups of American boys and girls in high school, Sunday school, boy and girl scout troops, victory corps and other organizations are planning to hold forums on May 1, Child Health Day, to talk about improving the health of young people, the Department of Labor Children's Bureau announced.

ROUND-UP

The Department of Agriculture says—eggs, beets, and carrots head the list of plentiful foods over most of the country, followed by potatoes, citrus fruits, citrus marmalade, lard, frozen vegetables and baked beans, canned green and waxed beans, and peanut butter. A crop of about 2,800,000 sacks of onions is expected this year, compared with 1,708,000 sacks in 1943. Spare stamp 37 in War Ration Book Four, and not Sugar Stamp 37 should be attached to application for 1944 canned sugar. Frequent rains, snows, or cold weather during March have delayed farm work in nearly all states. Since lettuce crops are damaged if allowed to go dry, soil in the lettuce row should be kept just damp enough so it can be formed into a ball without crumbling. As our military successes increase and the Allies liberate more territory, we must expect heavy demands for our food, which will continue for an indefinite period. Per capita consumption of cigarettes in the U.S. last year was at the highest level on record. Consumption of snuff increased over the preceding year and consumption of smoking tobacco, cigars, and chewing tobacco decreased.

OPA says—new "factory seconds" passenger tubes may be purchased without a rationing certificate, and motorists eligible for used passenger tires (Grade 111) may now obtain new "factory seconds" passenger tires. A larger amount of dairy feed probably will be available to farmers in feed deficiency areas as a result of a new maximum price regulation. Loggers, primarily those who eat at logging camps and other on-the-job eating places, will receive extra food rations for periods starting May 1.

While waste paper collections have been increasing steadily, OWI

said, they still are behind estimates. A gradual increase in production of Bunas, the rubber director says, makes it possible beginning May 1 to permit unrestricted use of Grade A and C synthetic rubber camel-back in retreading.

Cow Hollow

Mr. and Mrs. Nathaniel Ashby were in Salt Lake City last week. Mr. Ashby attended the L.D.S. conference and he and Mrs. Ashby visited friends and relatives near Salt Lake City.

Mrs. M. E. Bybee of Ogden is visiting her son, Wilfred Bybee, of this district this week.

Mrs. Leona Carfield visited her parents, Mr. and Mrs. Leo Utter last week.

Irvin and Onita Callahan visited Mr. and Mrs. A. A. Dispain of Ontario, last Sunday. Mrs. Callahan's brother, Oren Dispain of Salt Lake City, is here on a visit before entering for the armed forces.

Mrs. Clarence Herrud, who is working in the Vega plant in Burbank, California is expected to be here next month. Her husband has been called to the navy and Mrs. Herrud will live in Nyssa.

The 4-H club of this vicinity will meet with E. H. Hauser, county club leader, soon to elect officers and outline plans for the year's work.

Victory Food Hints

By Leona Anderson
Idaho Power Company
Home Service Advisor

We haven't had a good salad for quite some time and therefore today's should be an extra good one and it is.

It's attractive, it's tasty and best of all, it's full of health giving vitamins and minerals. Vitamin A, which aids our eyesight and vitamin C which protects our teeth and bones and strengthens our blood vessels will be found in the salad in liberal amounts.

Serve it Sunday!
"SUNSHINE SALAD IN PEPPER RINGS"

1 box orange-flavored gelatin

1-1/2 cups boiling water
2 tbsp. vinegar
1-8 tsp. salt
1/4 cup chopped celery
1/4 cup shredded carrots
4 or 5 medium sized green peppers.
Dissolve gelatin in boiling water. Add vinegar and salt. Chill. When partially congealed, add celery and carrots. Fill green peppers with gelatin mixture and set upright (in cup or otherwise) until gelatin is well set. To serve, slice crosswise and arrange on salad greens. Serve with mayonnaise. Note: Jellyed Chicken Salad may be used to fill peppers, using 5 or 6 small peppers, each one cut only once crosswise. This serves 5-6.

LETTERS TO THE EDITOR

To The Editor:

So we bought Christmas seals last Christmas. Good. That certainly is doing one part of our part in the fight against tuberculosis, waged year in and year out by the Malheur County Public Health association to protect us against the disease. But money is not enough.

Perhaps we know quite a lot about tuberculosis. Perhaps we know people who have it. Perhaps we've talked to doctors and nurses about it. Perhaps we've read books, newspaper stories, pamphlets, seen movies, heard talks on tuberculosis, but knowing, even knowing quite a lot about tuberculosis, is not enough.

Our part in the fight against the disease is not done until we and all the members of our families are periodically examined for the disease—periodically, because tuberculosis, a highly communicable disease, can creep on us and be in an advanced stage before any symptoms appear. An early diagnosis is imperative for early recovery and checking the spread of the germs.

This month the Malheur County Public Health association is making an all-out campaign for early diagnosis. Let's be sure that we do our part in this campaign, just as we did our part in the Christmas seal campaign.
