

Farm WAR NEWS

PLEDGE MADE GOOD

The war food administration is making good on its pledge to farmers to match their production drive with an all-out program to obtain labor, machinery and supplies. Administrator Chester Davis announced that the farm labor supply in sight now is sufficient to produce and harvest the 1943 crops, and that the fertilizer available in 1943 is greater than the amounts used in 1941 or 1942. On machinery Davis has asked for 9,530 more combines and 2,000 more pickup balers. A program to requisition idle farm machinery is also in the making.

NO PRIORITY NEEDED

Priority ratings are not required to buy pipe or wire products, such as nails, water pipe, well casings, staples, baling wire or fencing. Dealers may sell up to 4,000 pounds of pipe or wire products to one purchaser during any calendar quarter. Amounts exceeding 4,000 pounds may be sold on a purchase certificate issued by the county farm rationing committee.

LIVESTOCK FEEDS

Production intentions for 52,543 Oregon farms, as reported on 1943 farm plans, show that more livestock will be produced in the state than ever before. Feeding this greatly-expanded livestock population will require use of every available resource to produce and conserve livestock feed. Malheur county farmers are reminded by the county USDA war board. While the northwest wheat carryover—almost as large as last year's record figure, is an invaluable reserve of feed grains, there is no such reserve of hay supplies. Although farm plan intentions show an 80,000 acre increase in hay acreage this year, the war board suggests saving of crop by-products, such as pea and grain straw, to supplement forage supplies.

MEAT SALES RULES

Reviewing the farmer's part in the government's program to manage the nation's wartime food supplies, P. Tensen, chairman of the county USDA war board, asks all county farmers to obtain slaughter permits before selling meat, collect ration stamps for all rationed foods sold, observe meat grading requirements, charge within ceiling prices, and send collected ration stamps, with the report form, to the local war price and rationing board.

GAS FOR FARMERS

Nearly a third of the 200,000 passenger cars now available under rationing are coupes that can be converted into pickup trucks for farm use. To get one of these cars, a farmer's present car must be unserviceable, a 1939 model or older, with at least 40,000 miles on it. Wrecked models can also be replaced.

WAR SERVICE AWARDS

The Malheur county farm families who have signed 1943 farm plans for maximum war production will receive recognition in the form of a certificate of farm war service, signed by Secretary Claude Wickard.

Grazing Office Radio Installed

Vale, May 13 (Special)—A 200-foot antenna has been erected over the Vale city hall by Regional Grazier Martin Galt for use in sending and receiving grazing district messages during the summer fire

season. The radio, located in Galt's office, has a radius of sending of 200 miles. Each district office has a similar set and messages are sent and received at stated hours during the day and evening or at any time during an emergency.

In addition to the district sets, each patrol man has a set in his car and there will be several field sets scattered at strategic points through the wide grazing domain in eastern Oregon. Discovery of a fire can be flashed to one of the offices in a few minutes.

The sets are being serviced by a government radio engineer from Boise and better results are anticipated this year than last. Specifications must be rigidly adhered to, Mr. Galt pointed out. Thus they call for an aerial of a certain length and this length must be exact, down to a half inch. The same is true of the lead-in wires.

In addition to getting the communications system in good order, the grazing district is also repairing roads in order to be better prepared to fight fires this summer. A road crew is working near Skull Springs and will reopen a road long closed between that point and Buckboard. When this crew, working under the foremanship of Harold Wilson, has finished its work, there will be a good system of roads and trails throughout the entire district, Mr. Galt said.

Applications For Cookers Sought

Applications for new victory model pressure cookers will be received starting today and continuing through May 31, Pieter Tensen, chairman of the Malheur county USDA war board, announced yesterday. Application forms can be obtained at the county agent's office at Ontario.

All applications filed within this period will be considered by a special subcommittee of four women appointed to assist the county farm rationing committee with the pressure cooker rationing program. Mrs. Amy Larkin has been named chairman of this committee.

Preference will be given to applications from neighborhood pools and to organizations, in which at least six families agree to share the use of a pressure cooker to can meats and vegetables. Generally, applications from individual families will be considered only from isolated ranches, where there are no near neighbors to share the use of a cooker.

In apportioning the number of pressure cookers which will be available in this county, the rationing committee will consider the number of quarts of vegetables to be canned, the availability of home-produced vegetables, and the number and size of families which would use the cooker. Tomatoes and fruits will not count toward eligibility for a new pressure cooker, since they do not require pressure cooker processing for successful home canning.

Approved applicants will be notified by mail, but before a purchase certificate is issued, they will be required to locate a dealer who can fill their order. This procedure is necessary, Tensen explained, because the rationing committee does not know how many new cookers will be available in the county. He emphasized that this assurance that the pressure cooker desired has been located will not be required until after the application has been approved.

Rationing will not be on a "first come, first served" basis, the chairman said. No applications will be considered or approved until after May 31, the close of the period for filing applications. It will probably be a month or so before pressure cookers are available locally in any quantity, since their manufacture did not start until April 1.

ROAD CLOSED

Visits Parents—

Mr and Mrs Curtis Foster of North Hollywood, California arrived Monday morning for a visit with their parents, Mr and Mrs W. W. Foster and Mr and Mrs Bert Bratton.

To Attend Convention—

Mrs Betty Forbes Wheeler will leave Saturday to attend the Rebekah grand lodge, sessions in Portland. Mrs Forbes is the Rebekah district deputy, president of this lodge.

LOCAL NEWS

Go To Seattle—

Dr. and Mrs E. D. Norcott and daughter Merry, Mrs George Mitchell and Mrs A. H. Boydell left Saturday for Seattle. While in Seattle Mrs Mitchell will visit her daughter and Mrs Boydell will visit her sister. Dr. Norcott will attend a dental school and Mrs Norcott and Merry will visit in Yakima. The party expects to return to Nyssa Monday.

Return To Portland—

Mrs A. V. Cook and son, Jimmie, left Friday for their home in Portland. Mrs Cook came to Nyssa to visit her mother, Mrs Mary Lyells and to attend the graduation exercises of her son. Enroute to Portland they will visit at the Carl Cook home in Baker.

Goes To Pocatello—

Mrs John Young, music teacher of the Nyssa high school, left today for Pocatello for several day's visit with her niece.

W.C.T.U. To Meet—

The W.C.T.U. will meet at the home of Mrs Betty Forbes Wheeler, May 14 at 2 o'clock. Mrs Ed. Wild will be the devotional leader.

Visiting Sister—

Miss Betty Adams left Friday for a visit with her sister, Mrs Don Martin, at Homedale.

Here From Homedale—

Mr and Mrs R. H. Peterson and

daughter of Homedale visited Saturday with Mr and Mrs Emil Chad.

Move To Camp—

Mrs Frank Baumgardner and daughter, Maxine, have moved to Schnively camp, where Mr Baumgardner is working.

Returns Home—

Mrs K. A. Sanders of Enterprise left Monday after visiting her daughter, Mrs W. L. Flower.

Visits Brothers—

Mrs A. O. Sheldon of Salt Lake, sister of A. C. and George Saltee, visited her brothers from Monday until Wednesday. Mrs Sheldon is

enroute to Seattle to visit a son.

Parents of Girl—

Mr and Mrs Phil Backus are parents of a 7½ pound girl born Wednesday at the Nyssa nursing home.

Visit In Caldwell—

Mr and Mrs Glenn Raigen visited in Caldwell and Boise over the week-end.

PERFECT TRIBUTE TO A BRAVE AMERICAN

Today, in a world at war, the beautiful Tomb of the Unknown Soldier is a fitting tribute to an American who laid his life upon the altar of Freedom. You can give your loved one an equally fitting tribute with a beautiful Nyssa Funeral Home memorial service.

NYSSA FUNERAL HOME

"Don't Kid Yourself!
We could lose this War!"

MISTER, if you think this war's a cinch, better read your paper or listen to the radio. You'll change your mind—*quick*.
If you think we're going to march to Berlin and Tokio just because we're *right*—forget it!
People just as clean and decent as we are—just as righteous—just as patriotic, have been ground to the dust under the hobnailed boots of other people trained and toughened for one purpose—*war*.
Choose *now*. Either we give our boys the planes, tanks, guns, and ships they've got to have to win—or we're letting them march to their defeat and our destruction. Planes cost money. Tanks don't grow on trees. And the storks don't bring subscribers.
We've got to pay for them. "We" means all of us—including you.
How? By buying WAR BONDS. By putting 10 percent of every dollar we earn into the Pay-Roll Savings Plan. A dime out of every dollar—a dollar out of every ten—every payday. And every time our savings amount to \$18.75 we get a Bond, worth \$25 in 10 years. That's \$4 back for every \$3 we put in. Isn't that the least we who stay at home can do to help win the war? Stop and think about it—

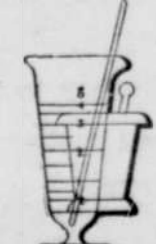

next time you're tempted to buy something you don't really need. Remember the President's words—"We cannot have all we want if our soldiers and sailors are to have all they need."
And if, every payday, we don't set aside every nickel, dime, or dollar we can possibly scrape together for War Bonds, we're letting our boys down.
That's the truth, every word of it—and we know it!

DO YOU KNOW?

When you buy WAR BONDS, you're saving, not giving! Series E WAR BONDS are worth 33½ percent more in 10 years! You get back \$4 for every \$3 you invest! These BONDS, when held to maturity (10 years), yield 2.9 percent per year on your investment, compounded semi-annually!
Joining a Pay-Roll Savings Plan makes saving easy! Joining your bank's Victory Club (it works like any Thrift or Christmas Club) is a convenient way to save for War Bonds for those who aren't members of a Pay-Roll Savings Plan.
You can have enough money to do a lot of things you'd like to do, and to buy the many things you'll need after the war is over, if you save enough in War Bonds every payday NOW!
You can start buying WAR BONDS by buying War Stamps for as little as 10 cents.

The Doctor's Self-Appointed Helper

• When you are ill, avoid the well-meaning friend who offers helpful advice. What cured grandmother's boils may be no good for your carbuncle. The tea that brought out little Jennie's measles ten years ago may not be worth a whoop for Tommy.

There can be but one remedy for either you or Tommy. That is the one your doctor prescribes. After the prescription? A licensed, registered pharmacist, capable of following the doctor's orders to the letter. That is where we come in, with our up-to-the-minute prescription service. Our business is filling prescriptions. Bring us yours.
