EVERY DRIVER CAN HELP

KEEP 'EM ROLLING

WAR, 1943 style, is war on wheels. Men, weapons and materials vital to victory must be moved swiftly, safely and without delay.

But each day accidents at grade crossings in America injure or kill 19 motorists and delay 33 trains a total of 22 hours—a drain on manpower and time that a nation at war simply cannot afford.

Will you, as a patriotic driver, enlist in the nationwide campaign now under way to stop these accidents? Here's how you can help:

1. Be extra careful—war-time careful—in all your driving.
2. Be especially alert when approaching a grade crossing.
3. Be sure the way is clear before you cross the tracks.
4. LOOK, LISTEN and LIVE!

Help keep 'em rolling for victory!

NATIONAL SAFETY COUNCIL

are visiting at the home of Mrs Watson's parents, Mr and Mrs Ernest Watson. Mr. Watson is employed in defense work at Burbank, California.

Frank T. Morgan

A Friend in Need

• The fine traditions behind the family physician are symbolic of his undeviating dependability. They are redundant with legends of self-sacrifice, hardship, and suffering. Now, as never before, you need your family physician. You need his counsel and advice to protect you from the fraudulent claims and false prophecies made by vendors of nostrums and cure-alls. These fakes usually have their origin with quacks and charlatans. Seek the advice of your physician. Be governed by his counsel. Depend on him as generations have done before you. Bring his prescriptions to us. We will follow his instructions to the last degree.

WEAK, TIRED PEOPLE

Here's vital news that may make a big difference in your life

I'M OFTEN SO TIRED, I CAN HARDLY DRAG MYSELF AROUND. HAVEN'T A BIT OF APPETITE EITHER.

I FELT THE SAME WAY UNTIL I TOOK PURSIN. IT HAS CERTAINLY BEEN A WONDERFUL HELP TO ME.

ARE you one of those people who are not sick, yet seldom feel your best? Are you frequently tired and so dragged out life hardly seems worth while? Are you inclined to feel nervous and irritable; appetite poor? If the reason is that you're not getting enough iron and Vitamins B₁ and G, here's thrilling news.

One of the foremost laboratories of the country has developed a tonic called Pursin for people in such condition. A remarkable preparation which works two basic ways to help nature build up strength and energy.

First, Pursin is rich in iron. And you know how important it is for your system to get sufficient iron.

Second, Pursin contains precious Vitamins B₁ and G. These vitamins help stimulate appetite—aid digestion—promote better assimilation. That's why you eat more and get more good from the foods you eat.

If you are feeling below par because your system may lack sufficient iron or Vitamins B₁ and G, do this. Go to your drugstore today and ask for Pursin. Take it regularly and see if it doesn't help you feel joyfully alert again. A McKesson Product.
