

NEW STATE PARK

As fine a public act as has been recorded in Oregon for many years is the recent presentation to the state of eighty acres of land on the McKenzie river east of Eugene by Mr and Mrs Ben F. Dorris. The only provision made by the donors is that it be maintained as a state park. State Park Superintendent Boardman is enthusiastic over the possibilities in developing the tract and has asked the donors for a name for the new state attraction. There is half a mile of river front that will assure the public an easy approach to this famous fishing stream. This is particularly desirable as much of the river front is fenced by summer homestead owners and it is becoming difficult for fishermen to find a place to put a boat in this part of the river.

POST WAR RECLAMATION

Lake county wants to reclaim 200,000 acres of the bed of Goose Lake, which is on the southern boundary of the county, State Rep. Bert K. Snyder, Lakeview, told the Oregon post-war readjustment and development commission. Considering the extensive area of grazing and forage lands it would make available the cost would be very small. Rep. Lowell Stockman, Pendleton, chairman of the house reclamation committee, would sponsor a bill to provide funds and Senator Charles L. McNary also promised assistance.

MEAT PACKERS AGITATED

The Valley Packing Company, Salem, largest packing company in Oregon outside the Portland area, will not suspend operations on account of OPA roll back of meat prices.

"We are going to stay open until we go broke," said president Claude Steussloff. "We'll have to stay open, as it is only fair to the livestock producers and consumers."

But this roll back and subsidy program is the damndest, most invidious thing that ever was thought up."

FEW NEW ATTORNEYS

The lowest number in years, only sixteen applicants took the state bar examinations at the supreme court building here this week. Two other applicants will take the examinations at army posts. Last year there were almost one-hundred who took the test.

VACATION WITH ELKS

Secretary of State Robert S. Farrell Jr. will leave July 7 for Boston, Mass., to attend the national Elks Convention. He will represent the Portland lodge. He says the Oregon delegation will support Frank Lonergan, Portland, attorney and former speaker of the house of representatives, for grand exalted ruler.

JUKE BOX TAX SUIT

A circuit court suit has been filed to determine whether slot machines may be taxed from June 9 to July 1, this year. The suit was filed by the northwest amusement company in Multnomah county.

GOVERNMENTAL APPOINTMENTS

Just before leaving for a ten day trip east Governor Earl Snell appointed J. E. Bartlett, Grant Pass, on the Rogue River coordination board and reappointed J. E. Norton, Coquille and T. V. Cott, Cold Beach.

CAPITAL BRIEFS

Altho the State Supreme Court will be, in recess, July 15 to Sep. 7, at least one member will be on hand to take care of emergencies.

Jerry Hannifin, Boise, Idaho, is the new manager of the Salem bureau of the United Press located on the second floor of the capitol. Real Estate Commissioner Claude H. Murphy has indicated (which is as good as publishing the summons) that he wants to be relieved by July 1.

1580 traffic law violations in Oregon last month brought arrest and fines of \$2264 and jail sentences totalling 1120 days. Industrial accidents took an extremely heavy toll last week in Oregon with a total of 1323 including five fatalities.

Newell Heights

Melvin Parker arrived home from Los Angeles Wednesday morning. He has been attending an airplane draftsman school and working part time at the plant. Melvin, Donald Finn and Charlie West were inducted into the army Wednesday afternoon at Vale departing for Spokane on the evening train. Charlie West chose to be sent right out.

Patriot's Creed

I will keep my mind in order while international disorder is threatening to destroy our liberty-loving way of life.

I will keep free from doubt as to the ultimate victory of our cause without becoming complacent about it.

I will gladly, triumphantly, make the sacrifices that shall prove each citizen's loyalty.

Office Closed

Our office will be closed all day Saturday Monday and Tuesday.

Lloyd Pounds, pastor

Sunday school, June 13, 10 a. m.

Topic: "The Passover", Exodus 11:1-13:14.

Morning worship at 11 a. m.

Evening service at 8.

FARM MACHINERY FOR '44

While the Malheur county USDA war board has not yet received details of the procedure for rationing farm machinery next year, they have received word indicating that some of the 1944 equipment may be available for fall planting this year.

The war production board has just issued the 1944 farm machinery order, permitting output equal to 80 percent of the value of machinery produced in 1940. This is approximately double 1943's quota of 40 percent. Manufacturers will also be allowed greater leeway in the production of various types and models of machinery. No limit has been placed on production of repair parts.

AGRICULTURAL BAGS

Good news for Oregon farmers is contained in an announcement from the war food administration on the agricultural bag outlook, the county USDA war board reports.

Substantial supplies of heavy-weight burlap bags are expected to be available as a result of a special allocation of materials. There'll be a

considerable number of new cotton bags for sale, too, as manufacturers will have a good supply of osnaburg material. However, the war board reminds, there is still need for conserving and reusing bags already on hand.

SAVE THE TRUCK

The recent warning from Petroleum Administrator Ickes that the critical gasoline shortage in the east may spread to other areas, brought a reminder this week to Malheur county farmers to "make every mile a useful mile". Besides the gasoline situation, the scarcity of new trucks is another important reason for keeping mileage at a minimum, reports the County Farm Transportation Committee. Very few new or used trucks are available for replacement. Here are some of the things county farmers are asked to avoid to make present trucks last longer: Driving a truck empty when a full or partial load is available, taking a truck to town with a partial load where regular collection service is available and using a heavy truck for jobs that a pick-up or passenger car can do.

The committee urges farmers to pool their hauling with neighbors wherever possible.

WHEN IS MEAT BLACK?

County residents who want to help win the food front battles on the home front should be on the watch for four types of black market activity, the county war meat committee advises. They are: Sell-

ing meat without ration stamps, selling meat above ceiling prices, dealing in livestock or selling meat with dealer or livestock permits, selling more meat than allowed under slaughter quotas.

BARLEY LOAN RATE

Commodity Credit's announcement of a 1943 barley rate of 80 cents a bushel assures Malheur county farmers of a favorable return for that crop, the county AAA committee reports. This rate is for No. 1 barley and is 20 cents higher than the 1942 loan value. The rate for No. 2 barley is 78 cents a bushel, and grades down to No. 5 are eligible. Loans will be made on barley stored on farms, or in approved warehouses providing storage is paid by the grower.

A loan rate of 75 cents a bushel for rye grading No. 2 better has been announced also.

at her home at 4 o'clock. Mr and Mrs George Cleaver received an announcement of the birth of a son June 23 to Mr and Mrs Enery Elliott of Missouri. Mrs Elliott is a daughter of Mr and Mrs Cleaver.

The Background Comes First

When you are not feeling well, and are tempted to buy some highly advertised remedy for which great claims are made, ask yourself a few simple questions. What is the background of the manufacturer of the remedy? Has he been educated in medicine, pharmacy, or chemistry? Are the claims made for his remedy based on scientific fact? Is it not possible that you have been influenced by exaggerated statements? Don't risk your health by experimenting with medicines of unknown value. Consult your physician. He alone is qualified to advise you in matters pertaining to health. If he prescribes, bring his prescription to us. It will be filled exactly as ordered.

BIRTHDAY OF A GREAT DEMOCRACY

We love our liberty. We love it enough to be willing to die to perpetuate it.

We love it so much that we want every man, women and child on earth to be as free as we.

That's why 10 per cent of your pay should buy war stamps and bonds every payday, to rid the world of power-lusting dictators who would rob the people of true liberty.

Inland Oil Co.

We're DEHYDRATING Our Fruits and Vegetables This Year

You Can Build Your Own Dehydrator and Preserve Nutritious Foods This Easy Way

A new type of food dryer—a cabinet you can build yourself—has been developed by the University of Idaho Extension Service to help you safely preserve garden foods this year. Like the quick freeze method, dehydration assures elimination of botulinus, and it's an easy preserving method, too.

If you are interested in building your own home dehydrator, call at any Idaho Power Company office for plan sheets describing the unit tested and approved by the University of Idaho Extension Service.

GET YOUR DEHYDRATOR PLANS FROM ANY IDAHO POWER COMPANY OFFICE
