IT'S STILL NOT HARD TO SPARE 10 PER CENT

We hope you are pleasantly surprised when you start paying your 20 per cent withholding tax, and it is not actually as much as you feared. Many people are going to be surprised because after deductions are allowed, most wage-earners with families won't be hit too hard.

They will still be able to put at least 10 per cent of their pay into war bonds, just as at present; and many people may even be able to increase their purchases of War bonds. The sensible viewpoint is to put as much as possible into bonds, because if we don't—the government will have to put on more than a 20 per cent tax and we won't be putting our money into something that will pay back, either! Don't let the new tax scare you into reducing your investment in victory—War Bonds!

Regardless of ones personal feelings regarding the amount of the tax, there can be no question as to the wisdom of a pay-as-you-go plan to collect income taxes at the source. It will be a nice feeling next March to know that the old bugaboo of income tax payments, often a larger amount than could be spared from the bank account, is a thing of the past.

It is going to be easier and fairer to pay taxes each month, just like we used to pay installments on a refrigerator, washing machine or car; than to have a large sum hit us all at once. Fewer people will escape taxation if deductions are made regularly from each pay check. The new plan is definitely a means of putting our personal finances in a more orderly and efficient condition. —Jermone North Side News.

AIR POWER

The most ardent advocate of air power can hardly complain when it is pointed out that of 7,000,000 men in the army, nearly 2,000,000 are in the air force.

By the end of the present year, nearly 2,500,000 of an army of 8,200,000 will be in the air force, and our aircraft plants will be producing better than 10,000 airplanes monthly.

The figures are from Robert C. Patterson, undersecretary of war, who says that crews to operate the planes will keep pace with production. —Emmett Messenger.

She wants to win an unpopularity contest!

Elizabeth Jenkins seeks title of "Most hated by Axis in 1943!"

THE AXIS has probably never heard of Miss Elizabeth Jenkins—but she's doing her level best to change that!

For example: Elizabeth works in an essential industry thereby releasing, in effect, a fighting man. And out of the salary she draws for that work she puts 22% into War Bonds, through the Payroll Savings Plan. She figures that her investment may help to maintain the three fighting men who are closest to her—her two brothers and her father.

"They're fighting for me, so the least I can do is to help buy the tools they fight with!" says Elizabeth.

Her father commands a brigade of the North Carolina State Guard. He saw action overseas in the last war and his stories have made Elizabeth keenly aware of the importance of her investment in War Bonds. Her father has explained that no matter how much spirit and fight a soldier has, he needs the best equipment that money can buy. He has also pointed out that American soldiers are the best equipped in the world.

Miss Jenkins wants to keep them that way, because in addition to her father, she has two brothers in the Army.

Lieutenant Tom is an antiaircraft artilleryman. Captain Jack is in the Air Corps. So Elizabeth is reasonably sure that in one way or another, the Axis will hear from the Jenkins family in the near future. It makes no difference to Elizabeth whether her War Bond investment buys bombs or shells—either one will get her a few more votes for the title she's seeking.

Are you doing as much for America's future as Elizabeth Jenkins? Are you as anxious as she is to get the war over and get the war won? Every dollar you can lend hurries Victory, so . . .

Figure it out for yourself:

Weren't there a few more dollars in your last pay envelope that could have gone into War Bonds—but didn't? Get out a pencil right now, and see if you can't boost the percentage you're putting aside for Uncle Sam—and yourself!

YOU'VE DONE YOUR BIT --- NOW DO YOUR BEST!
