

Food Farm WAR NEWS

1944 FAR GOALS SET
Carefully balanced production to obtain fullest use of the production resources of every farm and ranch in Oregon will be required to meet 1944 state production goals. Announced by the State USDA war board following a 3-day conference of farm leaders and agricultural specialists, the goals call for continued high production of important food crops, maintenance of milk and egg production at highest possible levels, and reduction in numbers of meat animals for efficient use of prospective feed supplies. Increased acreages are suggested for wheat, hay, dry edible peas, certain legume and cover crop seeds and

Frank T. Morgan

sugar beets. Growers of potatoes and processing vegetables will be asked to maintain acreage at close to this year's peak levels, with some reduction in potatoes suggested in non-commercial producing areas.

OIL FEEDS PROGRAM
Processors have been given responsibility for handling distribution of oil-seed meals for the 1943 crop so maximum amount of meat, milk and eggs can be produced on available protein supplement feeds. The war food administration reserves the right to direct distribution of 20 per cent of this protein feed output if normal distribution channels fail to meet production needs adequately. Supplies per animal unit about equal 1940 levels.

THANKS FOR THE SEED
"Blessedaryou Vas za aemena" This message of sincere appreciation came from the Russian farmers for the large quantities of American vegetable and field crop seeds sent in the past year. In an official statement, the soviet commissioner for agriculture said that American seeds assisted in restoring war-devastated lands recaptured from the Germans. Seed produced on Oregon farms undoubtedly was included in the shipments.

TURKEY EMBARGO STAYS
The turkey embargo order FDO No. 71, will remain in effect until the army is assured of enough birds to provide holiday dinners for service men both overseas and in this country, the war food administration has announced. Total requirements are about 32 million pounds. The army also announced that it will buy turkeys from anyone whose birds meet requirements, and that purchases are not confined to "authorized processors". An amendment to the order now permit regional FDA offices to release turkeys on appeal from persons unable to sell to the armed forces.

MILK CAN RATIONING CHANGED
Rationing and distribution of milk cans during the coming year will differ in several respects from the 1943 program, and many farmers will be able to obtain their requirements without purchase certificates, the county USDA war board has been informed. Under the new program, milk cans will be rationed at the dealer level. Dealers may obtain up to 40 milk

cans at one time on purchase certificates issued by the county farm rationing committee. Farmers may buy two milk cans in any calendar quarter without a certificate, but if they need more than two, will have to apply to the rationing committee. The present procedure will remain in effect until instructions and forms for the new program are received.

"CRAWLERS' GO TO WAR"
Crawler tractors are so necessary to army field operations they can be lashed almost with machine guns and artillery pieces, the Oregon 1944 farm goals conference was informed by Washington WFA representatives. Most of the new crawlers that the army can spare next year will go to west coast farmers, however. Oregon was allocated 21 crawlers for the fourth quarter of 1943, for which there were 185 applications from farmers.

ARY TAKES "UTILITY" BEEF
Utility grade steer and heifer beef has been added to the list of meats federally-inspected slaughterers are required to set aside for the armed forces. The lower grade beef will be prepared as boneless meat to conserve cold storage and shipping space.

Owyhee
The Owyhee Community club met at the Klingback home Thursday with Mrs. Blanch Hite as the hostess. Fifteen dollars of club funds was voted to the Malheur county war chest. Refreshments of salad, sandwiches, candy and coffee were served by the hostess. The next meeting will be held with Mrs. Lynn Kygar.
Rev. Kriner of Payette held services at the schoolhouse Sunday. There were 63 in attendance. A meeting of the Sunday school board was held Wednesday evening at the S. D. Bigelow home.
Mr. and Mrs. Fred Fehlman and family of six children, who have purchased the ranch recently belonging to D.P. Pullen, have moved to the ranch. Four of the children will attend school. They formerly lived in Brigham City, Utah.
Mrs. Faith White and son, John, were Sunday guests of the E. H. Strickland family of Ontario.
Mr. and Mrs. B. Kinzer of Eagle made a business trip to the Owyhee corner to place their hay chopper in operation.

LINCOLN HEIGHTS
The Patch and Chat club met at the home of Marie Frank Thursday. Co-hostesses were Neva Barnes and Ruth Smith. Twenty-three members answered roll call "Highlights of My Wedding Day". As both the president and secretary were absent, Grace Houston and Lena Whitsell took their places. A home nursing class might possibly be organized. Lena Whitsell and Grace Robbins reported on the discussion topic, "How to Discuss the War Without Frightening Children". A game was played after the business meeting and the rest of the afternoon was spent making Halloween paper hats, which will be sold at the next P.T.A. meeting. Refreshments consisting of jello, cookies and coffee were served by the hostesses. Mrs. Robert DeGros and Mrs. Annella Whitsell were guests of the club. An all day meeting will be held November 8 with a potluck dinner at noon at the home of Dora Pennington. The meeting will mark the finish of the fifth year of the club. Pollyannas will be revealed and election of officers will be held.
Mrs. Amelia Whitsell of McMinnville, Oregon is visiting at the home of her son, Ray Whitsell, and family.
The monthly P.T.A. meeting will be held October 29. A pie social will be held.
Mr. and Mrs. Lee Smith left for Oroville, Washington, Monday evening, where they are visiting at the home of Mr. Smith's sister and husband, Mr. and Mrs. C. C. Snyder. They will also visit other relatives and friends.
Mrs. E. E. Grimes of Ontario spent Sunday with her granddaughter, Mrs. Julie Houston, and family.
Mr. Jerome Sproul and family have moved to Vale. Mr. Sproul will join his family when he sells or otherwise is relieved of his farm.

Arcadia
Those leaving Sunday elk hunting were Mr. and Mrs. Charles Bullard, Charlie Splawn, Lloyd Orris, Theo Matherly, Vern Butler and Mr. and Mrs. Otis Bullard.
Keith Otis, who has served 10 months in the army, returned home Sunday with an honorable discharge.
All the farmers are cutting lettuce and digging potatoes before it freezes.
Mr. and Mrs. Norman Hipp and baby of Seattle, returned to their home last week after a visit here with relatives.
The Arcadia Sunshine club met at the school house October 21.

The afternoon was spent in sewing for the Red Cross.

Mrs. Clyde Bowers met with the girls at the school house last week and organized the 4-H sewing class for the coming year. Mrs. Bowers was leader of the class last year.

Mr. and Mrs. Ira Ure received the belongings of their son, Cpl. Van Ure, last week, with the statement that he was leaving for overseas.

"A HOT SOUP PEP UP THE FAMILY"
Brrr-it's getting cold out-of-doors and with the family walking home from work and school, nothing could be better than a piping hot bowl of soup served with their lunch. It will make them scurry home and return to their work feeling fit for the job.
The recipe I'm using today can be made quickly, and if mother is working she can mix it up in a jiffy.

Here it is!
MASHED POTATO SOUP
2 c mashed potatoes (leftovers)
4 c milk
2 tsp grated onion
3 tsp butter or fortified margarine
1 tsp all purpose enriched flour
1 1/2 tsp salt
1-8 tsp pepper
1 tsp chopped parsley
Scald milk with onion, mix slowly with potato. Melt half of butter or margarine, add dry ingredients, mix well. Add to hot soup. Stir well. Boil 1 min. Add rest of butter or margarine and sprinkle with the chopped parsley.

WYCKOFF CHOSEN GROUP PRESIDENT

College of Idaho Oct. 28 (Special)
--The second meeting of the discussion group at the College of Idaho was held last Tuesday evening when election of officers for the coming month was held. Those chosen were: President, Burl Wyckoff of Nyssa; vice president, Robin Blaser of Twin Falls; clerk, Betty Plowhead of Caldwell, and critic, Bill Williams of Caldwell.

A report of the constitution committee was given and the new constitution was adopted. The purpose of the organization was outlined as: To earn how to conduct business meetings in accordance with correct parliamentary procedure; to develop skill in speaking; to discuss current problems of interest; to afford an opportunity for students to indicate interest and ability which may qualify them for membership in either senate (an honorary discussion organization for men) or the forum (a similar group for women); to study the debate proposition for 1943-44 preparatory to the year's interscholastic debate contests.

MORE CIVILIAN GOODS PLANNED

Plans have been announced for increasing small items necessary to the health, safety and general welfare of the civilian population, according to information received from the Smaller War Plants corporation of Washington, D. C.
Under the plan, approximately 700 items are being programmed for production in 1944. It is contemplated that these items must be manufactured in part by small manufacturers with open capacity who have manufactured these items in

the past.
"If you are a manufacturer of civilian items which you believe may be included among the essential civilian items referred to contact your nearest SWPC office agent", the SWPC officials said.

JOURNAL'S SALE CALENDAR

Friday, Nov. 5-4 mi. west, 1 mi. so. 1/2 mi. west of Vale on Jack R. Walker farm, at 1:00 p.m. PWT.

Dairy Feed Subsidy Program

Of pertinent interest to the milk producers in the area served by the Farmers Co-operative Creamery is the Dairy Feed Subsidy Program which was announced by the War Food Administration recently. The program is nationwide and under the provisions of the plan the Commodity Credit Corporation will subsidize milk delivered to offset the increases in the cost of feed since September, 1942.

PAYMENTS ANNOUNCED

Information released indicates that the subsidy payments in this particular section will be 35c per 100 pounds of milk or 4c per pound butterfat, where the skimmed milk is kept on the farm for feeding purposes. These prices are based on a determination by the War Food Administration of the average relation of purchased feed to the total feed used by dairymen. From this ratio and with the use of a factor which indicates the feed required to produce a given quantity of milk, the War Food Administration can determine the poundage of the various feeds purchased by the typical farmer per hundred pounds of milk produced. The next step is the determination of the increase in the cost of such purchased feeds since September, 1942. This will give the increased purchased-feed costs per hundredweight of milk, which is typical of the area.

RECORDS ARE REQUIRED

The subsidy plan as announced will apply to milk delivered between OCTOBER 1 and DECEMBER 31. Farmers and others should begin to keep records as of the former date and all dairymen must carefully preserve their statements as issued by the Farmers Cooperative Creamery upon which to base their claims for the subsidy payment. Payments will be made to all milk producers even to the small producer-distributors.

AAA WILL HANDLE PAYMENTS

The Agricultural Adjustment Administration field officers will receive reports and make the payments, which will be made direct to the farmers.

Between now and the end of the calendar year, the responsible agencies and the Congress will decide upon the program which will become effective in January.

(This advertisement is published as an information service to the Patrons of the Farmers Co-operative Creamery)
