## LEND-LEASE FARM

resident's report to Congress on Lend-Lease operations. Allied need for farm machinery was increased because of military demands. American flying fortresses now use airfields which four years ago were among Britain's best farms, thus necessitating reclamation of marches and rough hill land for farm acreage. When Australia was threatened by Japanese invasion early in 1942, thousands of Australian farm tractors were conscripted for construction of military roads and airfields. Moreover, British and Australian farm machinery manufacturing facilities early in the war had been converted to ordnance production.

**FOOD PRICE ADJUSTMENTS**  
To allow food processors upward adjustments of their maximum prices because of wage increases, the Office of Price Administration has amended food regulations covering canned fruits and vegetables, frozen fruits, berries, and vegetables, preserves, jams, jellies, pickles. OPA estimated that increases at retail will run not more than one cent a can or in the case of frozen fruits, one cent a pound. There will be no increases in prices civilians pay for tomatoes, peas, snap beans, corn, peaches, and pears.

**TIGHTENS RATION REGULATIONS**  
As a further move to stamp out the black market in gasoline, OPA has ruled that any local board or special hearing officer, after a proper hearing and a finding that the tire or gasoline regulations have been violated, may not only revoke a gasoline ration, but also may prohibit the use of gasoline in the violator's possession which was obtained as part of the ration.

**CIVILIAN MEAT SUPPLY**  
About two-thirds (67 per cent) of the United States supplies of meat available for all needs in 1944 has been allocated to U. S. civilians, according to the War Food Administration. This allocation will allow about the same per capita civilian meat consumption in 1944 as in 1943. On a dresser weight basis, it is equivalent to approximately 132 pounds per capita for the year compared with the pre-war 1935-39 average of about 126 po-

**PORK AND BEANS RELEASED**  
About 440,000 cases (approximately 20 million pounds) of canned pork and beans will be released to civilian consumers within the next few weeks.

**PRICE RISE IN -43 WAS SMALL**  
At the end of 1943, the general level of prices in wholesale markets was two per cent higher than at the close of 1942, and the prices of staples that families buy in retail markets for everyday living were up by about three and one-half percent. This price rise was smaller than in any year since 1940, according to Frances Perkins, Secretary of Labor.

**OPPORTUNITY FOR VETERANS**  
Returning war veterans may enter virtually any of the 30, 207 apprentice training programs in the United States. Age restrictions and other limitations have been especially lifted for veterans in many apprentice-ship standards so they may obtain training for skilled work, according to the War Manpower Commission.

**MORE TEA FOR CIVILIANS**  
About 76 million pounds of tea will be available to civilian consumers in 1944-- wartime limitations on shipping space permitting. This is about 16 million pounds more than civilians got in 1943.

**LEND-LEASED FARM MACHINERY**  
Less than 3 per cent of the United States production of farm machinery went for Lend-Lease between March 11, 1941, and November 1, 1943, according to the Pr-

ther notice, with minor exceptions. At any markets where no adjustment of support level has been announced, the support price shall be one dollar per hundred weight below the maximum price in effect at such markets on November 29, 1943, under regulation of OPA.

**FARM WASTES IN CORK SUBSTITUTE**  
A new type of cork substitute, utilizing such farm wastes as the pith and fibers of sugarcane, cornstalks and peanut hulls, has been developed by the Department of Agriculture's Northern Regional Research Laboratory at Peoria, Ill. The Agricultural Research Administration says the substitute is the equal of cork disks used in bottling beverage products. A branch of the bottling industry is now building a large scale pilot plant to develop manufacturing procedures and costs.

**BRITISH FARMERS ARE GRATEFUL**  
The three United States farmers who returned recently from a two-month survey of agriculture in the British Isles reported that British farmers are very grateful for the assistance Lend-Lease farm machinery has given them in attaining maximum food production. The U.S. farmers, whose trip was sponsored by the Foreign Economic Administration, were Oscar Heline, Marcus, Iowa; Robert J. Howard, Sherburne, N. Y., and Earl Robinson, Mondovi, Wis.

**NEW CEILING PRICES ON WHEAT**  
New ceiling prices on wheat established by OPA reflect at least 100 per cent of parity without considering Government payments to farmers under the Soil Conservation and Domestic Allotment Act or other Government subsidies. Basic prices are: No. 1 Soft Red for St. Louis and Chicago, \$1.72; No. 1 Hard Winter at Kansas City, Mo., \$1.63; No. 1 Heavy Dark Northern Spring at Minneapolis, Minn., \$1.64 7-8. These prices include the usual commission man's charge of one and one-half cents a bushel. Ceiling prices on wheat sold on track at interior and country points in principal producing areas are based on formula prices for terminal and sub-terminal markets.

**COTINUE HOG PRICE ADJUSTMENTS**  
Adjustments in hog support prices, which have been in effect in numerous markets during December, will be continued until fur-

**HAM LOAF FOR FAMILY OR GUEST**  
During the past two weeks housewives were given special points on pork and some of them took advantage of this opportunity by buying a ham or half a ham.

Homemakers will want to cook this ham to the best advantage to get as many meals as possible out of it. One of the best ways to serve it and stretch it is in a loaf and yum—is this ham loaf delicious, served with sweet potatoes and a crisp salad it will satisfy anyone's appetite.

**GLAZED HAM LOAF**  
1 pound ground smoked ham  
1 1/2 pounds ground fresh pork  
1 cup bread crumbs  
1 cup milk  
2 eggs  
1 cup brown sugar  
1/2 teaspoon dry mustard  
1/2 cup dilute vinegar

Combine ground meat with bread crumbs and moisten with milk and slightly beaten eggs. Shape into a loaf in a dripping pan. Make a sauce of brown sugar, dry mustard and dilute vinegar. Pour over loaf. Bake in a moderate oven (350 degrees) until the loaf is done, about one and a half hours. Baste frequently with the sauce.
