

Farm WAR NEWS

OILMEAL ALLOCATION
Allocation of 132,000 tons of oilmeal for direct distribution during March compared with 140,000 tons for February has been announced by the war food administration. Oregon's March allocation of 2,000 tons is approximately the same as the January and February quotas.

The oilseed meal on which WFA directs distribution comes from the 20 per cent which processors are required to set aside from their production and from meal produced from midwest soybeans by southern processors under contract with the CCC. Processors move the bulk of their production—80 per cent—through the regular trade channels.

CRAWLER TRACTORS
Thirty-five new crawler tractors will be spared by the armed forces for production of food on Oregon farms during the second quarter of 1944. The state quota will be rationed by county and state AAA committees. As in previous quarters, the number of applications is expected to greatly exceed the quota, making it necessary to place each crawler where it will make the greatest contribution to 1944 production.

FEED WHEAT ALLOCATION
A feed wheat allocation plan, aimed at more efficient and equitable distribution of Commodity Credit feed wheat and to carry out the objective of giving milk cows and laying hens first priority has been announced by the war food administration. Under the plan, allocation certificates will be supplied to eligible purchasers on the basis of 1943 sales and relative feed requirements and supplies available in this area.

By limiting sales in principal grain producing areas, it is expected that Oregon allocations under the program will be adequate to take care of feeders' requirements in feed importing areas. The plan also is expected to result in more prompt filling of orders, and in a larger proportion of feed wheat being made available to small dealers and mixers.

WHEAT SUPPLIES
War production through feeding of record livestock numbers and industrial alcohol manufacture has consumed any stocks of wheat in the U. S. which might be termed "surplus", the bureau of agricultural economics reports.

Next July 1 BAE figures that we will have only about 300 million bushels of wheat compared with over 600 million on July 1 in each of the past two years when the nation's bins groaned under the weight of huge carry-overs and the new harvest. The average carry-over for the 10-year period 1932-41

CHURCH NEWS

"ST. PATRICK DAY IS HERE—SERVE A GREEN SALAD"
To cheer the family on St. Patrick Day or to serve with a dinner for guests—easy to make and to serve is this Moulded Pear Salad. If you can't buy lime jello—use lemon jello and color it green. If both of these are unavailable there's another alternate. Use unflavored gelatine, a bit of green coloring and either fresh lime or lemon juice—and you have your base.
ST. PATRICK DAY SALAD
6 pear halves
6 maraschino cherries or grapes
1 pk jello
Arrange pear halves in ring mold with cherries or grapes in center. Cut side down. Pour lime jello to cover. Allow it to set. Then pour remaining jello over pears and place it in refrigerator until ready to serve. Serve 6.

U.S. VICTORY WASTE PAPER CAMPAIGN
Have your magazines, newspapers and cartons ready for the Boy Scouts and Cubs Saturday, March 11.
Thompson Oil Co.

That is an American boy... behind that wire!

SUPPOSE the Red Cross should run out of operating funds!
Suppose there were no blood centers... no plasma for the wounded... no bed for your boy when he is furloughed from the front... no coffee and doughnuts at the end of a long march... no Red Cross club-mobiles, no books in the hospitals behind the lines.
Suppose our men in enemy hands received no weekly food packages... suppose they were left to scrape along, living on alien bread... no cheering mail from home... no tie of any kind between themselves and their loved ones in the land for which they fought.
Suppose no Red Cross marched beside our men in every land... no helping hand to do a mother's work.
But let's stop supposing!
There is plasma for the wounded; there are beds and comfort for boys on furlough from the front; there are food packages for our men in alien hands, and many other things to help lessen the burden of our fighting men, because the Red Cross, backed by industry, business institutions and 30,000,000 American families, is fully equipped to serve on every front.
But the Red Cross cannot maintain its wonderful record without you and your money. Every business, every person gainfully employed must give liberally to raise the nation's quota of \$200,000,000.
You will give gladly when you think of the American boy behind that wire!

The RED CROSS is at his side and the Red Cross is YOU!

IDAHO POWER
A CITIZEN WHEREVER IT SERVES

WASTE PAPER STRAFES NAZI FRONT LINES

Down in a fire-spitting swoop goes the American dive bomber... and your waste paper helps make it possible. For waste paper makes literally scores of products used in planes... wraps every replacement part... every round of ammunition fired. Today waste paper is war shortage No. 1. Bundle it up... this week and every week from now till that victory parade begins!
U.S. VICTORY WASTE PAPER CAMPAIGN

Have your magazines, newspapers and cartons ready for the Boy Scouts and Cubs Saturday, March 11.

Gordon's Drive-in

BOISE PAYETTE says:

Order NORTHLAND Seeds NOW!

We expect a shortage later!

This year, when good American seeds must stretch 'round the world to supply our Allies, NORTHLAND Brand Seeds cannot be as plentiful as usual!

The Flying Goose Label has been assurance of quality for 60 Years!
