**SUMMONS FOR PUBLICATION IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR THE COUNTY OF MALHEUR**

FRED WOODS,

Plaintiff,

vs.

ESTATE OF W. A. TEUTSCH, Deceased; the UNKNOWN HEIRS OF W. A. TEUTSCH, deceased; ALIDA B. Teutsch, widow of W. A. Teutsch, deceased, if living, otherwise the UNKNOWN HEIRS OF ALIDA B. TEUTSCH, deceased; ESTATE OF MYRTLE WOODS TURTON, deceased; and also all other persons or parties unknown claiming any right, title, interest, lien or estate in the real property described in the Complaint herein, or any part thereof.

To: Estate of W. A. Teutsch, Deceased; the unknown heirs of W. A. Teutsch, deceased; Alida B. Teutsch, widow of W. A. Teutsch, deceased, if living, otherwise the unknown heirs of Alida B. Teutsch, deceased; estate of Myrtle Woods Turton, deceased; and also all other persons or parties unknown claiming any right, title, interest, lien or estate in the real property described in the Complaint herein, or any part thereof, Defendants.

**IN THE NAME OF THE STATE OF OREGON:** You and each of you are hereby required to appear and answer the Complaint filed against you in the above entitled suit, on or before four weeks from the 13th day of July 1944, said date being the date of the first publication of this Summons, and said period of four weeks being the time prescribed for publication hereof, and if you fail to appear and answer said Complaint, for want thereof, the plaintiff will apply to the Court for the relief prayed for in his Complaint.

Said suit is brought for the purpose of securing a Decree, adjudging that the defendants, and each and all of them, have no right, title, interest, lien or estate whatsoever in and to the following described real property located in the City of Nyssa, Malheur County, State of Oregon, to wit:

Lots 7, 8 and 9 of Block 1, Teutsch's Addition to the Town of Nyssa Oregon, the same being platted from and a part of the SE 1/4 of NW 1/4 of Section 32, Township 19 South, Range 47 E.W.M.

and that the title of the plaintiff thereto is a good and valid title in fee simple, and forever enjoining and debarring the defendants, and each and all of them, from asserting any claim whatever in or to said real property or any part thereof, adverse to the plaintiff; and for such other relief as to the Court may seem just and equitable; and for his costs of suit against any of said defendants who shall appear and contest plaintiff's right to said lands and premises, all of which more fully appears by the verified Complaint on file herein.

This Summons is published by Order of the Honorable Robt. D. Lytle, Judge of the Circuit Court of Malheur County State of Oregon which Order was dated July 11, 1944, prescribed that this Summons be served by publication thereof.

once each week for four consecutive weeks in the Nyssa Gate City Journal, a newspaper of general circulation, printed and published at Nyssa, in Malheur County Oregon. The date of the first publication of this Summons is July 13, 1944, and of the last publication August 10, 1944.

# Farm WAR NEWS

## FERTILIZER ORDER EASED BY SUPPLIES

Larger supplies of fertilizer, particularly phosphates and potash, have made it possible for WPA to eliminate crop classifications and generally revise its fertilizer order. In the year beginning July 1, farmers may use fertilizer for any crop at the rate recommended by the state experiment station or at the rate customarily used in the area, whichever is greater. Elimination of the crop classification will permit a higher rate of application on a large number of crops. A new requirement in the amendment to the order is for each manufacturer, dealer, and agent to make available for direct application or home mixing as great a percentage of his supply of each fertilizer material as he delivered for those uses from his 1940-41 or 1941-42 supply, whichever is greater.

## U.S. AND CANADA SWAP HARVEST AID

Exchange of custom harvesting Canada during the 1944 harvest seasons between the United States and Canada is being facilitated by a program which simplifies border entry complications and provides for gasoline, tire replacements, and food rations to visiting harvest crews in each country. John E. Kasper, North Dakota AAA committee chairman, has been named to act for the United States in handling requests for assistance and notifications of availability of working units between the two countries. Working units going from the U.S. to Canada will be certified to Canadian immigration officials by state AAA committees. Working units proceeding from Canada to the U.S. will be certified to American immigration officials by designated regional representatives of the provincial government. Canadian outfits will help with the harvest in the western Great plains states, and American machines and crews will reciprocate in the prairie provinces. September 15 is the closing date for Canadian outfits working in the U.S., and December 31 for U.S. outfits working in Canada.

## REA LOANS ARE OVER HALF-BILLION MARK

Loans made by the rural electrification administration since 1935 total \$500,102,301.79 to 875 borrowers in 46 states, Alaska, and the Virgin Islands. Of these borrowers, 802 are farmer-owned, locally-controlled cooperatives. The number of electrified farms in the U.S. has increased

from about 750,000 in 1935 to 2,454,100, or from less than 11 to about 40 percent of total U.S. Farms.

**YOUNGSTERS START MILKWOOD HARVEST**  
School children in Texas, Arkansas, Missouri, Oklahoma, and Kansas will start the Nation's milkweed pod harvesting bee this month by gathering the first of the million and a half pounds needed to manufacture life-jackets for American fighting men. The green or prairie milkweed which grows in parts of these five states will have a crop of pods ripe and ready to pick in July and August. The program will get under way in other states in September when the more common varieties of milkweed are ready for picking.

**JULY RATES LOWER ON FLOUR SUBSIDY**  
Rats of subsidy payments to milling companies on flour production during July will be sharply below the June schedule, according to the Defense Supplies corporation. The decreased rates reflect lower market prices for wheat. The payments are made to hold down the cost of flour and flour products to consumers. The July rates with comparable June rates) are: Hard wheat ground outside the Pacific coast area, 15 1/2 cents a bushel (19 cents); soft wheat ground outside the Pacific coast area, 4 1/2 cents a bushel (18 cents); durum wheat ground outside the Pacific Coast area, 19 cents a bushel (26 cents).

**COLD STORAGE DEAL SHOULD BE BETTER**  
Sufficient increase in cold storage capacity is expected within the next few months to care for anticipated requirements, although the unexpected such as disruptions in shipping and unseasonal slaughtering of cattle and hogs could precipitate a crisis in storage despite the availability of the new space, WPA points out.

Officials figure that the crisis in food storage reached its peak recently with the heavy into-storage movement of eggs. Most of the 8,000,000 cubic feet of new storage space should be ready for use when the net high point in the volume of food in cold storage is reached later in the summer or early fall. Restrictions on storage which were ordered early this year are also counted upon to have a beneficial effect when the fall harvests begin streaming into the Nation's cold storage warehouses.

**SOIL CONSERVATION HAS DOUBLE VALUE**  
In urging farmers and ranchers to carry out as much conservation work as possible in the interests of war food production and our vital soil reserves, N. E. Dodd, chief of the agricultural adjustment agency, points out that the nation's investment in soil conservation has proved sound. Since 1937, when the conservation program first became fully effective, crop yields in this country have increased almost one-fourth above the 1923-32 average. "Who could ask for a better dividend—particularly in the time of war—from the productivity we stored on our soil bank during years of peace," the AAA chief asks.

**SHOULD FILE FORM IN REQUESTING MEAL**  
Feed dealers and feed mixers who apply to the State or county AAA committee for set aside protein meal should accompany their request with form FPA-6. The information furnished on this form is now used as a basis for making allocations to the States as well as within the State.

**CATTLE NUMBERS LIKELY TO REMAIN NEAR RECORD**  
Instead of attaining the reduction in cattle numbers which was urged by WPA in its 1944 food production goals, present indications are that problems arising from the record or near-record numbers of cattle will still face beef producers in 1943. Latest USDA figures on slaughter trends indicate that total cattle numbers at the end of this year probably will not be materially changed from the record numbers on hand at the first of the year.

Although cattle and calf slaughter in the first 5 months of 1944 has been much larger than in the first part of 1943, it was about normal in relationship to total numbers on farms.

Production of beef and veal has been greatly increased since 1938, when a low point was reached in the present cattle cycle, and production is now much larger than either of the previous high points in 1918 and 1934. A large slaughter of cattle and calves in 1934 was brought about by drought, while the last was stimulated a large production in 1918.

**CONTAINER ORDER EASED**  
WPA's order limiting the use of new wooden containers has been amended so that it does not apply to cantaloupes and melons, carrots, cauliflowers, celery, cucumbers, grapes, lettuce and radishes. Limitations on use of wooden containers for these commodities had been scheduled to go into effect on July 1.

**LATEST OUTLOOK ON FEED SITUATION**  
Wartime drains on the nation's reserves of feed grains have been so heavy that these reserves appear likely to be only about 55 percent of the average for the 1937-41 period. However, indicated reductions in hog and poultry numbers and prospects for relatively favorable grain crops indicate that the feed supply situation in the 1944-45 feeding year probably may be more favorable with respect to livestock requirements than in 1943-44.

**TECHNICAL COMMITTEE DISCUSSES PRACTICES**  
The state triple A committee and the state technical committee composed of representatives of state extension service, experiment station soil conservation service, forestry service, farm security administration and the state department of agriculture met on Thursday, July 6, to discuss the proposed 1945 agricultural conservation program and to make recommendations for its improvement. Also attending this meeting were the following county committeemen: J. P. French of Gr-

ant county, Carroll Barker of Gilliam county, Burrell Short of Klamath county, W. M. Tate of Marion county and Floyd Jenks of Linn county.

Previously announced wheat loan rate of \$1.39 (Portland) has now been increased to \$1.46 (Portland). This reflects a 7 cents a bushel increase at all country points.

## COLUMBIA AVENUE

Several relatives of Mrs. Gerrit Groot of Apple Valley gathered at her home Thursday to help her celebrate her birthday. They were Mrs. John Stam, Sr., Klass Stam, Mr. and Mrs. Dick Stam, Mr. and Mrs. Joe Stam, all of Oregon Trail, Mr. and Mrs. Z. Davidson, of Parma, Mr. and Mrs. Jake Groot, Mr. and Mrs. Luit Stam of Newell Heights and Fred Koopman, Mr. and Mrs. Dick Groot, Mr. and Mrs. Jacob J. Groot, Jr., and Mr. and Mrs. Gerrit Stam of this community.

Callers at the Dick Groot home Wednesday were Mr. and Mrs. Jake Reih and Winnie and Louise of Oregon Trail.

Miss Norma Jensen of Boise was a week-end visitor at the home of her parents, Mr. and Mrs. Melvin Jensen.

Mr. and Mrs. Edward C. Larson were in Apple Valley on business Wednesday.

Pfc. Dick W. Tensen, son of Mr. and Mrs. Pieter Tensen, came home on a furlough from Salinas, Cal-

ifornia, Monday. Mr. and Mrs. C. H. Carshadon and Mr. and Mrs. Edward C. Larson motored to Nampa Friday to attend the rodeo and carnival.

## Buena Vista

Romaine and Earl Jennings visited Mr. and Mrs. O. L. Hendry and family of Glens Ferry several days the past week. Earl will leave Friday after a 30-day furlough from the navy.

Mr. and Mrs. Alva Goodell were in Ontario and called at the home of Mrs. Ethel Goodell near Vale Friday.

Miss Mable Jennings of Cedar Rapids, Iowa spent Wednesday at the home of her brother, J. W. Jennings.

Those attending the Snake River stampede from this vicinity were Mr. and Mrs. Willis Bertram, Mr. and Mrs. Alva Goodell and Delbert Cleaver.

Mrs. George Cleaver was hostess to the Out Our Way club. In connection with the regular club meeting a pink and blue shower was given for Mrs. Lester Cleaver and Mrs. Jim Ritchie. Eighteen ladies attended.

Games were played. Prizes went to Mrs. Florea, Mrs. Randolph, Mrs. Jennings and Mrs. Glenn Hoffman.

Refreshments of sandwiches, fruit salad, cookies and punch were served.
