

# TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

### NATIONAL FARM SAFETY WEEK

As part of the National Farm Safety Week Program, July 23-29, the Department of Agriculture offers some simple safety rules for women and girls doing farm work for the first time. In handling machinery—read and follow instructions; stop machine for all adjustments and repairs; unhitch horses from machine before making adjustments; wear coveralls with no loose parts to catch in machine. Speak quietly to animals when going close to them. Wear gloves for rough work. When sun is hot, wear a broad-brimmed hat, dark glasses when needed and if skin is tender use skin lotion. To be sure you can do heavy work safely, get medical check-up. Move a ladder often instead of stretching. In lifting, use knees and keep back straight. Cleanse slight cuts and scratches and cover with sterile material. Wear whole, clean stockings and well-fitted shoes with low, level heels. Eat three well-planned meals each day. When prepping freely use one-eighth to one-fourth teaspoonful of salt to each glass of drinking water. When hours are long and the work is hard, eat a mid-morning and mid-afternoon snack.

### KEROSENE HAS GONE TO WAR

Kerosene use on the home front must be reduced wherever possible this year, the Petroleum Adminis-

tration announced. MORE CALLS FOR NURSES A call for qualified nurses to work in Veterans Administration hospitals to help provide adequate care for disabled veterans has been issued by the Veterans Administration. Hospitals are classified in three groups—general medical and surgical, tuberculosis and neuropsychiatric. Nurses work an eight-hour day, six days per week, with rotating shifts and additional compensation for overtime. Living accommodations may be obtained at the hospitals. Interested graduate nurses from recognized schools who are registered should write to Medical Director, Veterans Administration, Washington 25, D. C. Campaign to recruit 8,500 nurses for the Army and Navy—at the rate of 1,000 a month for the Army and 500 a month for the Navy—has been announced by the War Manpower Commission. Nurses in the Army now have the full authority of their officer rank.

### OPA PRICE ACTIONS

Prices for the 1944 crops of a number of fresh food items have been set by OPA. Potato prices will be the same as for the 1943 crop except that for July there will be increases in the F.O.B. shipping point prices of 20 cents a hundredweight in Nebraska and 30 cents a hundredweight in Kansas, Maryland, North Carolina and Virginia. States in which adverse weather caused decreased yield. Retail prices of 1944 sweet potatoes—with a National average of about 10 cents a pound over the 12 months—will be lower than for the 1944 crop, OPA says. Retail prices for the 1944 red sour cherries for table use or home canning will be about 18 cents a pound with stems and sold in containers and about 16 cents a pound without stems and sold in containers. The F.O.B. shipping point prices for these cherries in containers will be 11 cents a pound with stem and 9-3-4 cents a pound without stems. Sold in bulk without containers the price is two cents a pound less than the container price. Highest prices for fresh peaches for table use should range from 14-1/2 to 16 cents a pound, OPA says, as these peaches are now under price control for the first time.

### MAKE CHAIN FOR FARM USES

To provide necessary chain for farm uses, the WPB has issued instructions to chain manufacturers on filling orders for suppliers and dealers serving the farm trade. Chain that the WPB expects to keep available includes harness chain, wagon chain, cow ties, tie outs, halter chain, log chain under one-half inch and repair and lap links. CALLS FOR SHIPYARD WORKERS Fifty thousand additional shipyard workers are needed to meet the ship construction needs for European and Far Eastern Operations, Vice Admiral Emory S. Land, Chairman of the United States Maritime Commission and War Shipping Administrator, announced. "Every man or woman who is able to work in a shipyard, and not at present employed in essential war work, should report at once to the nearest United States Employment Service office for enrollment in this most essential work," he said.

### ROUND-UP

USDA says—In all States, farmers who need lumber for essential maintenance and repairs on farms may get preference ratings AA-2 or AA-3, as high as those assigned to any other civilian use. Civilian butter supplies for the last half of this year will be shorter than for the first half, inasmuch as production during the next six months is expected to be lower than during the corresponding months last year and purchases for the Armed Forces are behind schedule. OPA says—Because sheepherders living for long periods in isolated areas eat large quantities of cereal foods and need more sugar than regular rations provide, they may get supplemental rations of one and one-half pounds a month. Sales of major canned fruits and vegetables by home packers whose output in any calendar year does not exceed a specified amount—500 to 1,500 quarts—are exempt from price control.

**To Water Users**

Since we have had to abandon the low pressure, here are a few simple rules we must follow:

Do not water from 1 p.m. to 4 p.m.

Do not allow hoses to lay in one place long enough to waste water down streets and sidewalks.

Water must be off from 10 p.m. to 6 a.m.

Above all else remember that any time the fire siren blows turn off all water. This will allow more pressure to fight said fires.

**YOU CAN MAKE THIS DREAM COME TRUE!**

Better living electrically — that's the dream of every modern homemaker! And best of all, it's a dream that is going to come true after Victory. The money you're loaning to Uncle Sam now, through your war bond purchases, will be back with interest after the war. And the electric servants you've always wanted will be back too—ready for you to choose and put to work!

Plan now—decide what appliances you'll want first and "ear-mark" the war bonds you plan to use to get them. Electric ranges, water heaters, deep freeze units, roasters and scores of other time and labor-saving electric helpers spell BETTER LIVING for every homemaker!
