Estate of Charles Robert Mettlen  
Deceased.

## COLUMBIA AVENUE

Mrs. I. G. Cooper, Mrs. Jerry Cooper and Mrs. Dick Groot were business visitors in Ontario Friday. Mr. and Mrs. C. M. Tensen came here for the week-end from Summit Prairie, returning Monday.

Mr. and Mrs. Bill Saunders, who have been visiting Mr. and Mrs. Melvin Jensen, left last week for their home in Ogden.

Melvin Jensen took his seed to Boise last week.

Mrs. Dennis Toomb was a business visitor in Ontario Friday.

Mr. and Mrs. Dick Groot were callers at the Gerrit Groot home in Apple Valley Thursday evening.

Mr. and Mrs. Lee Westmoreland and daughter, Sharren, of Ogden, are visiting at the Edward C. Larson home. Mrs. Westmoreland is a sister of Mrs. Larson.

Mr. and Mrs. Dick Groot were in Ontario Friday on business and visited at the James Kakebecke home in the afternoon.

Mr. and Mrs. Edwin Morrison and son, Dale, went to Wilder Sunday for canning peaches.

Mr. and Mrs. Pete Tensen and Mrs. John Broad shopped in Ontario Thursday.

Mrs. John Siam, Sr., of Oregon Trail and Mr. and Mrs. Gerrit Groot of Apple Valley spent Thursday evening at the Dick Groot home.

## Deep In Jap Territory

Photo by Pfc. F. A. Cannistraci, Marine Corps Combat Photographer

This Leatherneck machine-gun team, deep in water and Japanese territory, took a heavy toll of Jap lives while repelling repeated attacks by the enemy on Bougainville. Fighting at this spot lasted two days and two nights.

## TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

### BLUE TOKENS, FAREWELL

If you've got some blue tokens in your purse, better use them now, because after September 30 they will be good only for the kids to play with. Until next Sunday, the Office of Price Administration says, you can use them just as you always have used them. Beginning Sunday, September 17, retailers will cease giving blue tokens to consumers as ration change, and shoppers will be able to spend them only in groups of 10. If necessary, shoppers may pool tokens to make up groups of 10. Removal of practically all canned and bottled vegetables and fruit spreads and specialties from rationing September 17 makes use of blue tokens unnecessary. Beginning September 17 point values on canned fruits, canned juices, canned tomatoes, catsup and chili sauce will be designated in multiples of 10.

### THOSE TIRE INSPECTION RECORDS

Keep those tire inspection records form along with your new "A" Book, OPA says. Since discontinuance of periodic tire inspection last April, tire inspection records have been kept primarily as a record of gasoline rations issued each automobile, and will no longer be necessary when the new form is issued. Outside the East Coast States, the new "A" Book will go into use September 22, and in the 17 East Coast States, February 9.

### LOOSEN LID ON STOVE RATIONING

The rationing of coal and wood stoves to consumers will end October 15, the War Production Board and OPA have announced, although rationing of oil and gas stoves will continue. Supplies of coal and wood stoves have grown sufficiently since Nation-wide rationing started in August 1943, to make continued rationing unnecessary.

### SHOE RATIONING STILL WITH US

Civilians cannot hope for an early end of shoe rationing, WPB says, unless imports of hides increase or unless there is a large cutback in military orders. Hide shortages continue in spite of a large domestic kill of cows and calves. Heavy civilian and military consumption and decreased imports account for the shortages.

### PLEASE DON'T BUY OUR SHOES

The Australian Commonwealth Footwear Controller has asked American Army authorities to limit purchases of civilian shoes by American Troops, the Australian News and Information Bureau says. Sales of footwear to Americans on leave have been seriously reducing supplies for Australian civilians, inasmuch as half of Australia's total output of boots and shoes already is going to Australian and Allied Forces.

### RETURNED "G.I. JOES" GET JOBS

More than 50,000 returned veterans Employment Service of the War Manpower Commission, thus making a total of more than a half a million who have been placed. Employers are offering veterans the cream of the jobs that come within their capacities, WMC says.

### MORE EDUCATION, MR. VET?

If you think you are eligible for education under the "G.I. Bill of Rights," file Veterans Administration Rehabilitation Form 1950 with one of these—

1. The Regional Office of the Veterans Administration where your discharge papers (C-Folder) are filed;

2. A regional Office of the Veterans Administration in the State in which the school or college you wish to attend is situated;

3. The school or college you wish to attend.

You are eligible if you were on active service for at least 90 days between September 16, 1940, and the end of the present war or were discharged after less than 90 days because of disability incurred in line of duty, if you were discharged "under conditions other than dishonorable" and if you were not over 25 years of age when you entered service or if you were over 25 and can show that your education was interrupted. Between 800,000 and one million of you fellows may eventually get more education under provisions of the "G.I. Bill."

EVER TRY ALLIGATOR TAIL OIL?

While Americans complain about their basic gasoline ration of two gallons per car per week, folks in other parts of the world have had to resort to grotesque expedients to keep their automobiles running, the Foreign Commerce Weekly, official publication of the Department of Commerce, says. Cuba is reported to be using fuel that is 75 percent gasoline and 25 percent rum, while

there are films on horseshoeing, sheep-shearing, community canning and repainting farmbuildings. The films are used in vocational agriculture classes, 4-H club and Future Farmers of America meetings, extension groups and community gatherings. Purpose of the films is to teach the beginners and to show old-timers new and better ways of doing these things.

### THEY'RE PAYING OFF MORTGAGES

Farm Credit Administration borrowers with land bank and commissioner loans repaid four times more than they borrowed during the year ended June 30, thus making farmers' equities in their farms highest in 25 years, the governor of the Farm Credit Administration reported. Farmers also have used their good farm income to buy war bonds and add to their future payments on their farm loans in less favorable times. If farmers maintain these savings and don't waste them in farm land speculation such as prevailed after the first World War, they will be in better position to face reconversion from war to peace than at any time in the history of the country, the governor declared.

### "LOST" EIGHT MONTHS IN ARTIC

This is the story of the "Forgotten Convoy" revealed this week by the War Shipping Administration. In January, 1943, six U. S. merchant ships left New York harbor on the tough Murmansk run to deliver supplies to North Russia. Battered by air attack the convoy arrived March 2. After the cargo was unloaded the crew settled down in a small Russian factory town to await formation of a return convoy. They waited for eight months—six months in the constant daylight of summer in the Arctic Circle. Seeking entertainment, the men found an interpreter and got him to arrange dates with Russian girls for the two dances held there each week. Later, some of the seamen, having learned a smattering

### MOVIES HELP TEACH FARM SKILLS

Great-grandfather probably would turn twice in his grave to learn that movies are now being used to teach such fundamental farm skills as horse-shoeing, sheep-shearing and repairing of farm machinery—all to speed up the training of wartime farm workers. To help farmers keep old equipment in working order, the U. S. Office of Education, Federal Security Agency, has produced films on mowers, grain drills, cultivators, tractors and two-bottom tractor plows. In addition

on the Island of Martinique a mixture of 92 percent rum and eight percent gasoline is recommended. Alligator-tail oil is reported successfully used as a diesel fuel in the State of Para, Brazil, and Free China has made motor fuel out of tung oil.

### AND THE WORST IS YET TO COME

In appealing to German farmers for maintenance of food production, the German Food Controller admitted that "this will be more difficult than before . . . because every fit farm worker has had to join the fighting forces and . . . because the area from which the nation and army are supplied has grown smaller," according to a broadcast reported by U. S. government monitors.

### HOUSEWIVES CAN HELP THE NATIONAL FOOD SITUATION

A prospective spread in the shortage of smaller size tires will affect principally small trucks such as farm trucks and those used in delivering milk, bakery products and laundry, the Office of Defense Transportation says. . . . France has been the most important source of manpower, raw materials and industrial products among all the occupied countries, the Foreign Economic Administration reports. . . . American troops in Australia have taught the Australians to like sweet corn, and the 1945 Australian crop will yield 35 million cans, the Department of Commerce reports. . . . Housewives can help the national food situation and their own family meals by using more onions in late September and early October when storage space will be scarce, WFA says. . . . While food properly canned will last longer, in normal times of food plenty home economists recommend eating them within the year, the Department of agriculture says.

### PARTY HONORS MRS. MARTIN

Mrs. Gayle Martin of Adrian was given a surprise party Tuesday evening at the Martin home. Those honoring Mrs. Martin were Mesdames Parker, Muntjewerf, Mausling, Gibson, Farnsworth, Korman and Steelman. Gloria Pounds and Mrs. English and Ruby English of Roswell.

11,000,000 post-war plans

Get it over with. Get back home. Get a job. That is what our fighting men are thinking and talking about.

First — victory. Next — nail down the peace.

Then they want to throw off the rigid regimentation of military life — and not run into the same sort of regimentation back home.

They want to set out for themselves, as Americans always have . . . to use their own heads and hands in fashioning their own destiny.

A job and an opportunity — in the American system of free enterprise. This is the post-war plan of men in uniform.

Government can't be expected to carry out these plans. It's up to every one of us at home to see that they're fulfilled — eleven million times.

We will do our part.

DON'T WASTE ELECTRICITY JUST BECAUSE IT ISN'T RATIONED!
