**NOTICE OF FINAL HEARING**  
NOTICE IS HEREBY GIVEN, That Ewen Chard, Administrator of the estate of Charles Robert Mettlen, deceased, has filed in the County Court of Malheur County, Oregon, his first and final account of his administration, and that Saturday September 23rd 1944, at the hour of 11 o'clock A. M. and the County Court Room in Vale, Oregon, have been fixed by the Court as the time and place for the hearing of said account and any objections thereto, when and where any person interested in said estate may appear and file written objections thereto and be heard thereon. Said account is for final settlement and upon approval thereof, said estate will be closed and the administrator discharged.  
August 24 1944.  
Ewen Chard Administrator  
Estate of Charles Robert Mettlen Deceased.

**NOTICE TO CREDITORS**  
NOTICE hereby is given to the creditors and all other persons interested in the estate of Brady O. Fowler, late of Payette, Idaho, deceased; that the undersigned has been appointed Administrator of the estate of Brady O. Fowler and has qualified as such.

All persons having claims against said estate are hereby notified and required to present same with the proper vouchers duly verified within six months of the date of the first publication of this notice which date is September 14, 1944, to the undersigned Administrator at his office in Nyssa, Oregon, which place is hereby designated as the place for the transaction of all business pertaining to said estate.

Sept. 14, 1944.  
A. L. Fletcher, Administrator  
Estate of Brady O. Fowler, deceased.

**Our Boys**

(Continued From Page 1)

Standards for the badge are high. The decoration, which was recently authorized by the war department, is awarded to the infantry soldier who has proved his fighting ability in combat.

Pfc Roscoe Bramon, son of Mrs. Emil Frank, writes that he is fighting in the European war theater.

Pvt. Garland Ward, son of Mr. and Mrs. George B. Ward, was given a party Friday evening by the young folks of Lincoln. He left for Mississippi, where he will further his army training.

Leslie Pennington, who has been employed at LaGrande the past summer was called by the naval officials to report for training last week.

Clyde Hainline, son of Mr. and Mrs. Oren Hainline, will attend petty officers school in San Francisco then will be assigned to a ship.

Sgt. Claude Rookstool had a very pleasant experience when he met his cousin, Cpl. Floyd Kimberling of Long Beach, California, who is stationed in England. This was their first meeting since they had gone into service.

David Malone, U.S.M.C., writes that he is on his way overseas again. He was heard from the coast of Canada.

Harold H. Rookstool, S.F. 2-c, is home on leave. He is repairing and painting the buildings on his ranch near Adrian.

Robert R. Brown, S 1-c, is home on a 21-day leave. His ship is in dry dock for repairs.

Sgt. Cecil Benson has been sent back to India. While big game hunting he bagged two deer and took several shots at a tiger.

T-Sgt. Gordon Aspengren, former Nyssa school teacher, has written to Rev. M. H. Greenlee, stating that he is engaged in the anti-aircraft defense of England.

"I just want to say hello and cheerio to you and your family and my other friends at Nyssa and to wish you well and hope that you are all keeping busy and well," Sgt. Aspengren said.

"Conditions over here are very good. I'm keeping busy, eating like a horse and feeling fit. Can't tell you much about what we are doing except that we are engaged in the anti-aircraft defense of England and doing a good job of it. Can also tell you that I have seen the flying bombs and that occasionally there is quite a bit of excitement hereabouts.

"Of more interest to you is a visit I made recently, which I am allowed to talk about. That was to the city of London. Surely was thrilled to see so many of the places I had read about. St. Paul's cathedral was very impressive. The mosaic work in the ceiling of the huge dome is extraordinarily beautiful. As a place of worship, though I get the same impression I got in the cathedral of St. John the Divine in New York. The place is just too huge. Naturally, I was interested in seeing and hearing Big Bend, and in seeing the tower of London, Buckingham palace, Trafalgar square, Hyde park and, of course, Westminster Abbey, where I spent some time among the grave-stones of the literary, musical, scientific and politically great men of the past."

Lieut. Frank Morgan, Jr., has been transferred from Portland to the army air base at Moses Lake, Washington, where he will be in charge of a radio control tower.

Word has been received by Mrs. Max Swensen, that her brother Second Lieut. Elsworth E. Wheeler, who pilots a plane, has received the highest rating in the aerial gunnery, his score being 48.5. He is stationed at William Field, Arizona.

Prepared by OFFICE OF WAR INFORMATION

**VICTORY FLEET DAY, SEPT. 27**

Americans will do honor on Victory Fleet Day, next Wednesday, September 27, to the ship operators who have helped to give the United States one of the highest and most interesting standards of living in the world. The food that brightens the Americans' dining tables illustrates the world-wide activities of American ship operators. Merchant ships bring in coffee from Central and South America and Arabi-cocoa from South America and West Africa—spices from Ceylon, India, Netherlands East Indies, Java, Burma and Latin America—Bananas from the "Banana Republics" Cuba and Mexico—ginger from the Ivory Coast, India and Jamaica—Pineapples from Hawaii, Mexico and Cuba.

**GASOLINE SITUATION IS TIGHT**  
The average civilian motorist should expect no increase in his gasoline ration for the next several months, at least not before the end of the war with Germany, the Office of Price Administration says. Civilian stocks of gasoline built up last winter have been greatly reduced despite increased imports and record domestic production. Civilian grade gasoline stocks have decreased approximately two million barrels in 30 days.

**ONIONS GALORE, THIS YEAR**  
Your hamburger sandwich may have gone without onions last year but now there's no excuse for such a deficiency, because the War Food Administration estimates that this year's onion crop will be 45 percent above the 10-year average, 1933-42. For satisfactory home storage select good fully dried onions, keep in a well-ventilated, dry place in temperatures as near to freezing as possible without freezing. Onions store satisfactorily at temperatures from 32 to 55 degrees. Pantry or attic usually is superior to cellar. Never pack onions closely in a closed container. Spreading on a screen placed overhead in a garage or back porch is good if temperatures remain above freezing. Good quality onions will keep several weeks under ordinary room temperatures at this time of the year.

**TO HOLD DOWN FOOTBALL TRAVEL**  
To restrict football travel, football team managers have been requested by the Office of Defense Transportation to confine sale and distribution of tickets to residents of local areas of cities or town in which games are to be played. The ODT also has asked football teams in traveling by train to use coach accommodations wherever possible and to make Pullman reservations no earlier than the day before departure.

**GO ON TO SCHOOL, GTS ADVISE**

The GIs overseas who are using their spare time to "crack their school books" in the hope of improving their possibilities when they return to civilian life, advise the boys and girls back home to keep on with their schooling. As Cpl. Kermit Greason of Atwood, Kansas, put it—"Any boy who's in high school now had better finish right away. Because if he doesn't finish before he's drafted, or before he takes a fulltime job, chances are he never will. That goes for girls too."

**SCOTCH FISHERMEN WOULD DO THIS**

Trust a Scotchman to make three fish grow where one grew before and thus help in the wartime food program. By putting sodium nitrate and phosphates in fresh water lakes in Scotland to increase supplies of marine vegetation on which fish feed, it has been possible to increase production of some fish by 300 percent, the Department of Commerce reports. Use of fertilizer has been carried out on an experimental basis.

**HOME ACCIDENTS CUT MANPOWER**

The Federal Security Administration is seeking public cooperation in a campaign to reduce accidents that reduce needed manpower for war work. Home accidents last year killed 6,000 workers and injured 900,000 seriously enough to cause loss of one or more days of work—much of it vital to the war effort. Home accidents in 1943 killed 32,500 Americans, including the 6,000 workers. Falls accounted for two-thirds of the fatal home accidents. One-fourth occurred on stairways. Burns and poisonings were next to falls

in order of severity. The yard and the kitchen each was the scene of one-fifth of the home accidents deaths.

**TOUGH ON BLACK MARKET "GAS"**

The new "A" basic gasoline ration books to be issued soon outside the 17 East Coast States are going to be hard on the black market in two ways, the OPA says. They are printed on a new type of government safety paper almost impossible for counterfeiters to duplicate, and each book and all coupons it contains will carry a serial number. With the combination of the serial number and the motorist's endorsement of his own state and automobile license number it will be much easier for OPA to trace stolen coupons. The serial number enables a coupon to be traced from the plant that printed it to the person to whom it was issued. The endorsement makes it possible to trace an illegal coupon to the person who put it in circulation. Authorities recently arrested four alleged counterfeiters in New York and seized equipment ready to print five million counterfeit gasoline coupons.

**ARMY NEEDS NURSES IMMEDIATELY**

The Army needs 4,000 nurses immediately. Paul V. McNutt, Chairman of the War Manpower Commission, reported last week. Men wounded in battle must have adequate care no matter how quickly the war ends, he pointed out in deploring the fact that nurse recruitment had slowed up along with a growing belief that the European war is about over. The WMC chairman urged inactive nurses, especially in outlying communities, to return to nursing duty.

**PROTECT AGAINST GRASSHOPPERS**

Farmers can protect fall-planted grain crops against serious grasshopper damage by baiting edges of stubble fields, pastures, fence rows and other grasshopper feeding and breeding grounds, the Department of Agriculture says. Fall baiting will reduce the numbers of grasshoppers and damage to crops next Spring. Western and Midwestern farmers can get enough grasshopper bait for their farms from their county agricultural agents. Bait is supplied free by USDA.

**HOG CEILING TO STAY UP**

Ceiling prices on live hogs will not be reduced from present levels before June 30, 1945, OPA and WFA have announced. Present ceilings are \$14.75 a hundred pounds, Chicago basis, for hogs weighing 240 pounds or less and \$14 a hundred, Chicago basis, for hogs weighing more than 240 pounds. WFA also said the support price of \$12.50 a hundred, Chicago basis, for "good to choice" butcher hogs weighing 200 to 240 pounds, effective October 1, will be continued until June 30, 1945.

**DANISH ADVERTISER IS OPTIMISTIC**

The Danish Information Service reports the following advertisement that appeared recently in a Copenhagen newspaper—"Apartment of three rooms and bath wanted at the end of the war, not later than October 1st!"

**ROUND-UP**

The Department of Agriculture says—Butter supplies for civilians for the last half of this year are estimated to be 4 percent smaller than in the same period last year and the smallest for this period in more than 50 years. Civilian supplies of fresh fruit, frozen fruit and canned fruit juice are substantially larger this season than last, but supplies of canned and dried fruits are smaller. A few weeks more of favorable weather will give this country the largest volume of crops it has ever produced.

**Big Bend**

Mrs. P. A. Manser, Mrs. E. H. Brumbach, Mrs. R. L. Haworth and Mrs. Joe Brumbach attended the Book club meeting at the home of Mrs. Frank Morgan near Nyssa, Saturday afternoon. Mrs. M. L. Judd reviewed "Long, Long Ago" by Woolcot.

Mrs. Dyre Roberts went to Boise Thursday to enter the hospital for an operation.  
Mrs. L. Eachus returned home Monday from a two weeks visit with her son, Claude, and family at Ridgeview.  
Irma and Velma Skelton of Roswell were overnight guests of their aunt, Mrs. Joe Brock, last Sunday night.

Little Barbara Brown is confined to her home with an attack of mumps.

Forty-one pupils are enrolled at Wade school, the largest number for several years. Mr. and

Mrs. Charles Witt are the teachers. E. H. Brumbach and Joe transacted business in Weiser, Saturday.

A large number from here attended the Girl Scout plays in Adrian Friday evening. Several of the Bend girls had parts.

Members of Wade P.T.A. held their first meeting at the school house Friday afternoon with all officers and several members present. Mrs. Thomas of Osage, Kansas, was a guest. Mrs. Very Bishop is president; Mrs. Darrell English, vice president, and Mrs. P. A. Miller, secretary-treasurer. The October meeting will be held at the home of Mrs. English with Mrs. Harvey Bennett assistant hostess.

**Have Weiner Roast**—Mrs. Frank Graham and sons, Eugene and John Fredrick, enjoyed a weiner roast Sunday afternoon at the outdoor fireplace and patio at the D. O. Bybee residence. Miss Betty Fife was also a guest.

Is there something about your car that Gets Your "Nanny"?

Automobiles are just like people—they have to see the doctor once in awhile. Bring your car to us. Our experience may enable us to prescribe a remedy for your car's trouble.
