

LOOSING MONEY

The state of Oregon is losing money, and big money, as the shortage of accountants is affecting the work of the state tax commission. In the past year the income tax division of the commission has lost 27 accountants who were trained specifically for tax income work. A field accountant working on readjustment and delinquent cases for the income tax department will uncover or readjust reports which will benefit the state to the extent of from \$50,000 to \$150,000 a year. Field workers are advanced from the office crew who start work at \$175 a month and are advanced to \$225 a month. Field accountants top salaries are \$275 a month. The state loses them to private business where they are paid as high as \$600 a month.

NEW LEGISLATION
New bills introduced in the legislature provide: for regulation of registration of government owned motor vehicles; for the transfer of revenues from the personal income tax fund to the elementary school fund; that workmen shall receive benefits of the industrial accident fund for injuries arising out of and in the course of their employment;

that premises wherein intoxicating liquors are sold shall be sufficiently lighted to render the interior plainly visible and that blinds and screens shall not be maintained; for preventing people's utility districts from serving outside their boundaries without the consent of the people involved; for setting aside an additional \$5 million for Oregon schools; creating a board to be known as the Oregon state board of opticians; for raising the pay for degrees of permanent partial disability from \$25 a degree to \$35; giving the forestry board consent to suspend restrictions; for extending the supervision of the state board to the state office, state library, state printing building and designating them as the "Capitol Building and Grounds".

LEGISLATIVE COMMISSARY
Delicious large pears from Hood River were passed out to all members of the legislature, several to each member, by Representative E. Riddell Lage and Senator Earl T. Newberry followed with equally large and delicious pears from Hood River. The usual donations of canned salmon, crab and cheese are scheduled to come from other districts as they have in past sessions. The cigarette shortage is bewailed daily by the smoking members. The fellow who said he would walk a mile for a Camel had to stick to his story.

MAYBE BILLS
There is much discussion over the introductions of bills to: consolidate state health and agricultural departments; memorialize congress to let 18-year-olds vote; establish a state "Boys Town";

...requiring union business agents to obtain licenses from state... restrain price fixing by barbers... sentence and fine heavily culprits who steal dogs and sell them for fox food.

FOR SALARY RAISE
The house educational committee has decided to sponsor a bill to increase the salaries of county school superintendents to a maximum of \$2800 a year, or \$800 more than is paid to the state superintendent of public instruction.

CAPITAL SHORTS
With the number of bills introduced in the legislature over the 200 mark at the middle of the third week, the record of 730 bills introduced, at the 1943 session, will be broken this session.

Saturday the state department sent \$56,749 to counties and cities, the amount being their share of liquor taxes in the last quarter of 1944. There were 250 persons killed in Oregon traffic accidents in 1944.

Loss of revenues because of the government's ban on horse and dog racing will have little effect on the state finances, only \$49,000 loss a year. Governor Earl Snell has announced the appointment of Dr. Frank R. Menne and the reappointment of C. A. (Shy) Huntington as members of the racing commission.

A bill raising the pay of clerks and judges of elections from \$3 to \$5 a day passed the senate, indications are that it will pass the house. Leaders of the Multnomah county delegation voted for \$8 a day in Willamette Valley and Multnomah Multnomah county and \$5 a day in the rest of the state. Upper county legislators are shadow boxing for their scheduled fight over the location of a state museum.

NEWELL HEIGHTS

Larry Goulet was taken to the Ontario hospital Friday morning barely in time to save his life. Dr. Emmett cut an opening in his wind pipe to permit breathing thinking besides having the croup he had a growth in his esophagus. Closer diagnosis proved he was suffering from true croup or diphtheria of the larynx. Tuesday the six doctors who have held consultation report he is recovering. His little sister, Sharon is now in the hospital with the same disease. It is very contagious. Larry and Sharon are children of Mr and Mrs Stanley Goulet.

Leonard Smith is working for the railroad on a run from Nampa to Huntington.

Mr and Mrs M. L. Judd, Ellen and Maurice and Ronald Lane motored to Boise Thursday. The two boys took their tests for air crew enlistment on both passed. The family called to see Mrs R. R. Overstreet, who is in her son's home recuperating from a slight stroke. She is able to be up for short periods.
