Nyssa Pharmacy

"The First in Nyssa"

LET US PROVIDE A HOME MARKET FOR YOUR FAT HOGS

Sell where there is no commission to pay, no shrink, no unnecessary expense incurred through a great number of men required to handle your hogs and where you can see and check the weight of your hogs yourself.

We buy hogs every Friday at the stockyards in Nyssa, Ore. and Homedale, Idaho.

For Friday's price phone 111R, Nyssa, between the hours of 5 P. M. and 9 P. M. on Thursdays or 53JLJ, Homedale, on Friday.

FRANK KULLANDER

Can You Say "Yes"

In 1945?

1. "Have I enough insurance?"
2. "Are my policies the best type I could select to cover my risk?"
3. "Can I count on prompt adjustment if I have a claim?"

We can help you select insurance that will answer each of these important questions to to review your present policies and advise you your complete satisfaction. We will be pleased as to their adequacy without obligation on your part.

Frank T. Morgan

IT'S ALL IN THE WAY YOU LOOK AT IT!

(The lines above may look like a myopic nose. But if you close one eye and tilt this page to the position shown, you can easily read four familiar words.)

MAYBE you won't thank us for reminding you of the H C of L. But it doesn't seem nearly so high when you look at it in the light of your electric bill!

Almost alone among household necessities, the price of electricity has not spiraled upward with war. In fact, official government figures* show that the average price of electricity has actually dropped 3.2% since 1939!

That's especially good news now, but it continues a long-time trend. Electric prices have been coming down so steadily that the average American family gets about twice as much electricity for its money today as it did 15 years ago.

If your bill is no smaller, it's because

*Bureau of Labor Statistics

you're using more electricity to do more jobs than you did then. But the saving is there.

It has been accomplished by America's light and power companies in spite of rising costs and taxes—on top of tremendous war demands for electric service that were met without delay, shortage or rationing.

It was done by efficiency and experience and sound business management—by the same American enterprise which built our nation and on which its future depends.

* Hear NELSON EDDY in "THE ELECTRIC HOUR" with Robert Armstrong's Orchestra. Every Sunday afternoon, 4:30, EWT, CBS Network.

DON'T WASTE ELECTRICITY JUST BECAUSE IT'S CHEAP AND ISN'T RATIONED!
