Published every Thursday at Nyssa, Malheur County, Oregon. Entered at the postoffice at Nyssa, Oregon for transmission through the United States Mails, as second class matter, under the act of March 3, 1879.

DAIRY SHOW DESIRABLE

Dairying, one of Malheur county's principal industries, or businesses, is to be given recognition through the sponsorship of a dairy show by the Nyssa chamber of commerce.

The show will be held during June, which is celebrated throughout the United States as National Dairy month. No more fitting tribute could be paid to the dairymen of this section than to give them an opportunity to show the progress they have made and emphasize the development of fine dairy herds during the years that the show will probably be held.

Commercial concerns are interested in establishing plants here for processing milk and cream, not because they want to develop a dairy industry here, but because the present situation indicates that dairying is to become even more important than it is now.

A dairy show will feature an industry in which we are all interested, give the entire community an opportunity to work on a betterment program and provide the dairymen an incentive to improve their herds through acquisition of better stock and development of better strains.

We wish the dairymen and the chamber of commerce success in their cooperative venture.

Services Tell About Balloons

The army and navy permitted newspapers this week to announce that Japanese long-range balloons have made sporadic attacks on the western part of North America during the last several months.

Newspapermen generally have known for some time that the balloons have been landing in the northwest, but the announcement issued this week was the first public statement on the matter.

The joint statement of the army and navy said the announcement was made as a safety measure to warn people to refrain from touching or otherwise handling the explosive contrivances.

There is always a possibility, the statement said, that unexploded bombs may be found in isolated spots, concealed in wooded areas or buried beneath melting snow.

With the approach of warm weather and the end of school season, the statement added, "It is desirable that people and especially children living west of the Mississippi river be warned of this possible hazard and cautioned under no circumstances to touch or approach any unfamiliar object."

The army and navy said they wanted to reassure the nation that the balloon attacks are so scattered and aimless that they do not constitute a military threat.

"They should not be viewed with alarm," the statement said. "Due to the large areas of the United States and the variable nature of the winds, the possibility of a hit in any specific area is remote."

"The chances that any given place would be hit by these attacks is only one in many millions." The armed services said they took the position that the possibility of saving even one American life through precautionary measure would more than offset any military gain which the enemy might make from the mere knowledge that some of the balloons had arrived on this side of the Pacific.

The enemy would like to know the exact time the balloons arrived, the locality and their effect, the statement said, adding: "Such information would permit him to evaluate the results of his fantastic effort and possibly correct his methods."

The statement said this specific information will be kept back from the enemy if possible.

The balloons, which carry a few small bombs, were described as being of gray, white or greenish-blue paper and about 33 feet in diameter. The main purpose of the bombs, it was said, is believed to be to set brush and forest fires. The balloons are unmanned and cannot be controlled by the enemy.

Returns From Baker—Mrs. Stella Butler returned Saturday from a 10-day visit with her son, Dewey Ray, in Baker.

GEORGIA HILLIS CROWNED QUEEN

Miss Georgia Hillis, member of the senior class at Adrian high school, was crowned queen Georgia I at the coronation ceremony on Tuesday evening. The coronation was part of the annual class day exercises held in the high school auditorium.

Preceding the ceremony the senior class will and prophecy were read by Nadien Wilson and Kenneth Elliott. Skits were presented by members of the freshman sophomore and junior classes.

The queen's approach was heralded by a quartet consisting of Mildred Higgins, Lois McGinnis, and Carol and Lorina Witty. The queen's court consisted of Mary Ann Jones, crown bearer; Ann Patton and Jean Crocker, flower girls; Terry McGinnis and David Patch, train bearers, and Della Kygar, Nadien Wilson and Marjory Hite, maids of honor. The girls of the senior class acted as attendants to the queen.

Miss Hillis was crowned as Queen Georgia I by Principal D. W. Patch. Following the coronation, athletic and activity awards were presented by the queen and her court to the student recipients.

A dance followed the exercises with music by Shane's orchestra of Ontario.

CANNING COMPANY ESTABLISHES VINER

The Idaho Canning company is establishing a pea viner about a mile east of Nyssa across Snake river.

Peas from this section will be vined and sent to the Payette cannery, beginning about June 5. The new viner will eliminate the long haul of the pea vines to Payette.

The plant across the river will consist of two viners, which are duplicates of the viners at Cairo Junction. In addition to these plants the company has two viners at Payette.

CHARLES TAYLOR RESIDENCE BURNS

The seven-room frame residence of Mr. and Mrs. Charles Taylor, located on the west side of the highway between Nyssa and Ontario, was completely destroyed by fire Sunday afternoon.

Loss from the fire, believed to have started from a faulty flue, was partly covered by insurance. Upon their arrival home from church, the Taylor family were told by neighbors that a fire had been extinguished around the kitchen chimney but soon the fire broke out again.

Bishop and Mrs. Earl Winegar of Ontario took the family to their home. Men with trucks stored most of the household belongings in the Arcadia schoolhouse. Mr. Taylor, well known singer, lost most of his music in the fire. All of the family's bonds were also burned. Mr. Taylor sprained his ankle while carrying furniture from the house.

SCHOLARSHIP WON BY LOCAL YOUTH

Jimmy Nicholson won the Lions club manual training scholarship to the 4-H summer school, to be held at Corvallis. Billy Sayles won the alternate position.

Walter McPartland, principal of the Nyssa junior high school, instructed the manual training class, from which the boys were selected.

Nampans Here—

Mr. and Mrs. Russell Jordan and son, Lee, of Nampa, and Mr. Russell's brother of Ogden were Nyssa visitors Wednesday.

Goes to Parma—

Mrs. Luther L. Pife has gone to Parma to help care for her brother, who is very ill.

Has Fishing Trip—

Jack Atkeson, Mark Hartley and Ray Bybee spent the week-end on Camp Creek, near Ironside, fishing.

In Twin Falls—

Roger Tucker was a Twin Falls this week in the interest of the Desert Seed company.
