

The Armed Might of the Allied Nations

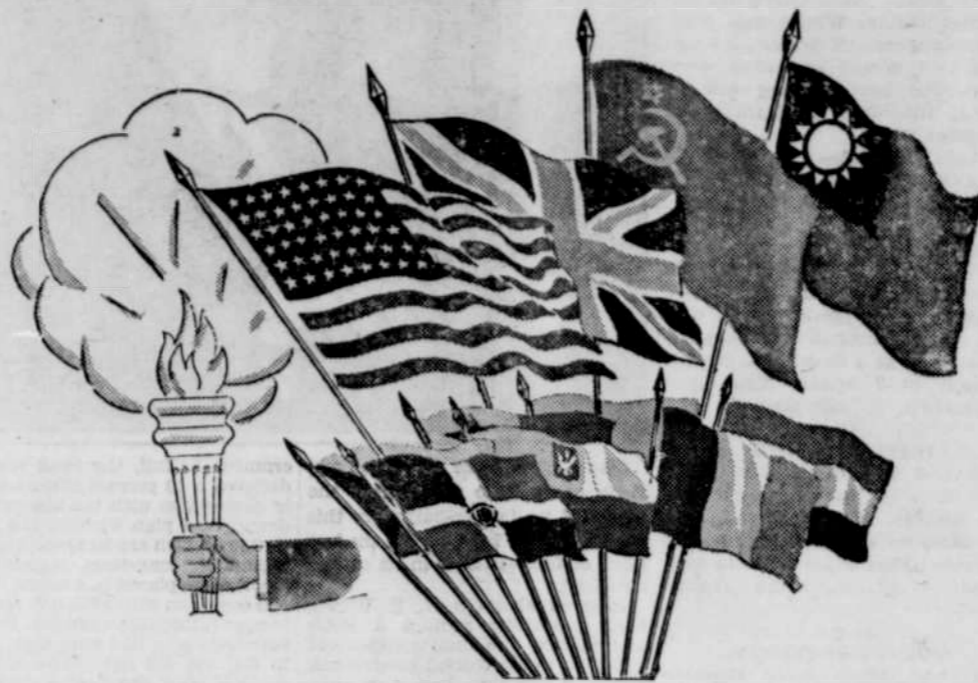

We are Short of Help

and haven't recovered from the war jitters, but we have the feed and other essential items for the welfare of your livestock.

Bring us your livestock feeding problems and we will furnish you with the proper RANCH-WAY FEED.

Has Brought Us a Startling

VICTORY

and for that victory we salute the members of the armed forces and their auxiliary corps, both living and dead, whose sacrifices made peace possible.

But reconversion of factories and armies to peace-time pursuits is far from accomplished. However, just as soon as goods and services are again available we will extend the same service that we provided before the world was thrown into chaos by armed conflict.

Nyssa is certain to grow within the next few years and we intend to expand our facilities and services as rapidly as that growth warrants. Until then, we ask your cooperation and consideration. In return we promise you the best service we can possibly give.

We Feel a Deep Gratitude

to the men and women who died in the battle for the continued freedoms of America—the right to live one's own life and the means with which to take advantage of that right.

We suggest that you take advantage of the new tools and equipment that will be available soon.

The Point System

is still in effect for servicemen and meat, but we expect both to be eliminated soon.

In the meantime we will do our best to serve you with meat and help you stretch your red points.

Nyssa Packing Company

Well, Folks

that day of peace we have been looking for has arrived, but many of the items we were accustomed to having before the war are not back on the market.

However, we can furnish you with a good line of meats and groceries and can still extend that same courteous service that we like to provide.

Welding

is certain to become very important in the re-conversion period, which will probably last for several months. It will also hold an important place in the industrial world even after the new products start rolling off the assembly lines.

We are equipped to handle any of your welding problems.

Our Flag Flies In Victory Today

This is a glorious period in our history. The victory is complete and the armies of the United Nations have subdued the forces of tyranny.

We gladly express our thanks for the peace that has returned. May it prove a lasting peace.

LUMBER Is Scarce

and you still need a priority for it, but we urge you people who are planning on building to buy your lots, get your plans and make arrangements for your lumber well in advance of the time you wish to start work.

We Will Be Glad To Help You.
