Our Customers Are Asking Us Can a Municipality Vote Out of a PUD?

THE ANSWER:

Yes. A majority vote against the PUD in any incorporated community (Vale, Ontario and Nyssa in the case of Malheur county) automatically leaves that community out of the district. No other areas of the proposed Malheur PUD can vote themselves out, even by a unanimous vote, and would be included if a majority of the voters in the whole area approves.

In a recent election, the voters of Hood River, Oregon, voted themselves out of a PUD, although the district was created to comprise only the rural areas nearby.

Thus, the feasibility of the entire project collapsed.
