EVERYONE COOPERATING IN HOSPITAL DRIVE

The voluntary efforts that the residents of the entire community are putting forth in raising money for the proposed Malheur Memorial hospital provide a shining example of community co-operation.

Apparently without any prompting from Nyssa residents, the clubs and other organizations in the Nyssa-Adrian section are sending the committee checks for \$100 and \$200 and even more to assist in this worthwhile project.

The drive is progressing rather slowly, but the progress will be certain, if the people maintain their present attitude. Many of the firms that are expected to make the largest contributions have not been contacted, or have not yet made their decision as to how much to give. However, every business firm in Nyssa has been contacted has promised to contribute.

The only thing that is slowing the campaign is the inability of solicitors to find time to make their personal contacts.

WHY

the supply of

NORTHLAND SEED

Is Limited This Year

ONLY THE BEST SEED can ever meet the Northland standard! In good years and bad, the Flying Goose on the bag is the farmer's unfailing guide to tested seed, adapted to local climatic conditions. This year there is a shortage of GOOD seed. Though the quality of Northland seed is high as ever, the quantity is limited. Buy at once from your Northrup, King dealer, or write to . . .
