NU-ACRES

Mr. and Mrs. Ray Butcher and family of Wilder and Mr. and Mrs. Oscar Samuels and family were dinner guests of the Dwight Durrington family Sunday of last week. Little Kathleen Keck, daughter of

Mr. and Mrs. Sherman Keck, has been quite sick the past week with the measles.

Mr. and Mrs. Carl Peterson of Greenleaf, Idaho, Mr. and Mrs. Warren A. Johnson and Mr. and Mrs. Frank A. Johnson enjoyed a picnic Sunday in Payette park.

Mr. and Mrs. Curtis Fry and family and Mr. and Mrs. Eli Ratcliff and family of New Plymouth drove to Freeze-Out mountain and Black Canyon dam for a picnic recently.

Mr. and Mrs. Jay Longfellow and son of Longmont, Colorado ate dinner Saturday with Mr. and Mrs. F. A. Johnson.

Marion Seuell and sons, Woodrow and Ernest, and Kenneth Baker spent Sunday fishing at Owyhee dam.

Mr. and Mrs. Joe Stam of Nyssa were Sunday dinner guests at the George Smit home.

Marion Johnson, recently discharged from the service, has been spending some time visiting his parents, Mr. and Mrs. F. A. Johnson, and other relatives. He left Wednesday for his home in Longmont, Colorado.

Mrs. Curtis Fry and Mrs. F. A. Johnson went to Nampa on business Thursday.

The Do-More 4-H club held its regular meeting with Wayne and Jimmy Durrington Friday night. The new officers were installed with a candle-lighting ceremony. Several new members have enrolled for the coming year.

Harry Wood, who has been quite sick again the past week, is improved. Henry Blanchard, Leroy Jarney, Paul Thomson, Martin Hansen and Frank Preston worked for him Tuesday, which he said he much appreciated.

Adrian

Mrs. Helen Emery is visiting friends in San Francisco.

Mrs. Bob Webster was a shopper in Boise Tuesday with friends from Nyssa.

Mrs. W. B. Bunch and Richard,

This big fellow is one of the Kodiak bears that will be shown at the C. R. Montgomery wild animal circus in Nyssa Thursday, May 9.

Mrs. Thelma Elliot and Mrs. Clyde Steelman were shoppers in Caldwell Wednesday afternoon.

Mr. and Mrs. Elbert Hatch drove in Tuesday evening from California. They plan to make their home in Adrian or nearby.

Mrs. Thelma Elliot, Mrs. Francis Deffer, Mrs. Bill Looney, Mrs. W. B. Bunch and Mrs. Clyde Steelman of Adrian attended the April party of the young women's class of the Community Presbyterian church held at the home of Mrs. Verl Bishop in the Big Bend community Thursday evening. Games were played and visiting other communities were Mrs. Jake Reuter, Mrs. Charles Harris and Mrs. Stanley Hill of Newell

Heights, Mrs. Arthur Cartwright of Kingman Colony, Mrs. Harvey Bennett, Mrs. Leroy Bennett, Ruby English and the hostess of Big Bend. Refreshments of jello and whipped cream, cookies, cake and iced tea were served.

The girls of the Brownie Scouts met with their leader, Mrs. Clyde Steelman, Saturday afternoon, April 27. After doing some art work they held a business meeting and elected officers. The officers elected are president, Effie Rose Smith; vice president, Anita Pratt; secretary, Charlene Harris, and treasurer, Sherrill Reuter. There were nine girls present, Edith Mathews, Sherrill Reuter, Anita Pratt, Effie Smith, Gay

and Charlene Harris, Betty Ann Deffer, June Ausman and Lorraine VanDeWater. After the meeting games were played and a story read. Refreshments of jello, cake and cookies were served by the leader.

Due to an error in last week's paper Mrs. Joe Brumbach was reported to have submitted to an operation in St. Alphonsus hospital in Boise. Instead it was Mrs. Joe Branek, who submitted to the operation.

Mrs. Gayle Martin spent a few days in Nampa the past week visiting at the home of her sister, Mrs. Don Boren.

Several girls of the Adrian Intermediate Girl Scouts met at the home of Jean Dille in Adrian with their leader, Mrs. Charles Newbill, Saturday afternoon, April 27. They played a few games and held a scavenger hunt. Some badge work was checked. The hostess served lemonade, cookies, cake, jello with whipped cream and can-

dy. The next meeting will be held at Donna Peterson's home.

Mr. and Mrs. Kenneth Christopher of West Plains, Missouri, arrived in Adrian Sunday evening to visit Mrs. Ellen Sparks for a few days. They visited relatives and friends in Parma Monday afternoon.

Mrs. Ellen Sparks was a dinner guest Saturday at the John Thomas home in Parma.

Enlists in Marines

The marine corps recruiting station in Boise has announced the enlistment of Alvin Robert Griffin in the regular marine corps for "duty with aviation units only". Griffin, 17, is a son of James S. Griffin of Nyssa. A brother, Calvin, a private in the army, is stationed at Camp Robertson, Arkansas. The young marine is now en route to the marine corps base, San Diego, for recruit training before being assigned to an aviation unit.

E. Otis Smith

CANDIDATE FOR NOMINATION
For District Attorney
REPUBLICAN PRIMARY ELECTION
May 17, 1946

Present District Attorney under appointment of the Governor to fill out the unexpired term of the former District Attorney. During the time I have held this appointment all the work of the office has been promptly performed and kept up to date. In the event of my nomination and election, I will continue to carry out the duties of the office in a prompt, efficient, fair and intelligent manner.

Your Vote Will Be Appreciated

COMPARE Your Electric Service with the PUD Proposal

- ✓ You Get Good Service by people experienced in the business and subject to state and federal regulation
 - Some PUDS render notoriously poor service—no PUD is subject to any kind of state or federal regulation.
- ✓ You Get Low Electric Rates which have been steadily reduced over a long period of years. If electricity were free, you'd only save a few pennies per day
 - PUD electric rates in Oregon and Washington are generally higher than Idaho Power rates.
- ✓ You Have a Utility Company under business management
 - Do you think political management is more efficient?
- ✓ You Have a Utility Company that pays high federal taxes
 - Do you advocate eliminating those who contribute toward federal tax requirements?
- ✓ You Have Highly Developed Farm Electrification
 - The PUD proposed for Malheur county would attempt to eliminate the company which has made wide-spread farm electrification possible in Malheur county.

Remember — A PUD is not intended to be a competitor of Idaho Power Company. The purpose of a PUD is to put all competitors out of business in a given area, and the law provides it the power of condemnation.

IDAHO POWER
A SELF-SUPPORTING, TAXPAYING BUSINESS

MR. FARMER
Oregon, U. S. A.
Dear Mr. Farmer:

April 30, 1946

WHAT IS D. D. T.?.....The chemical name for D. D. T. is Dichlore Diphenyl Trichlorethane. Is there any wonder that we call it DDT?

You have heard so much about D. D. T. being a miracle killer. Most that you have heard has left you confused. The products and their use that you have heard about so far have been confusing and disappointing.

We wanted to write you this letter to tell you a little about D. D. T. and about the Fly Sprays containing D. D. T. that we have this year for your service and to meet your needs for fly control.

D. D. T. is truly a miracle killer of flies and other insects, if it is correctly processed into a high quality product and is used correctly. That is why many of the products you have used or heard about so far have been disappointing. To understand its correct use, you must understand how it acts to kill.

D. D. T. kills flies and other insects in two ways—by paralyzing the nervous system and also as a stomach poison. To kill flies then, they must come in contact with D. D. T.

Many questions had to be learned about D. D. T. before a sound program could be developed for its proper use. Such questions as: Can it be used safely on livestock? How strong a mixture should be used for best results? How often should they be treated? Can it be used safely and effectively in the home? These and many other questions have been answered thru an extensive research program conducted by Purina Mills.

As a result of this research, Purina Mills have developed a sound, practical, economical program for fly control using D. D. T. This program includes a line of high quality D. D. T. products with definite recommendations how to use them effectively and economically. It is a program to control horn flies, house flies and stable flies. We are the agent for the Purina line of D. D. T. Fly Spray products.

It can be said that our fly problem is everywhere. However, we consider our chief problem to be flies on livestock (either on range or in the barns), flies on farm buildings (the dairy barn, horse stalls, hog house and poultry house), and flies in the home.

The RIGHT D. D. T. Fly Spray can control this fly problem for you. That's the kind of products we have. A D. D. T. Spray that is tops in performance and economical to use.

There are many questions about D. D. T. We won't attempt to answer them in this letter. However, if you will come by the store, we will be glad to discuss any question you might have on D. D. T. We have a complete line of high quality D. D. T. sprays. Sprays made right, to give you fly control at a very low cost.

Regardless of whether you have trouble with flies on livestock, in your barns or poultry houses, or in the home, we have the Purina D. D. T. Spray you want and need. So the next time you are in town, why not drop by the store and let us tell you more about our D. D. T. Sprays and answer some of the questions we know you must have in mind about D. D. T. We are accepting bookings now for early delivery of any D. D. T. Fly Spray you will need this next fly season.

We will be more than happy to serve you.

Sincerely,

Al Thompson & Son
