1946 LOAN PROGRAMS OR GRAIN REVEALED

Approval of 1946 loan programs for Oregon's two leading grain crops, with loan values 8 cents a bushel higher than 1945 for wheat and 5 cents a bushel higher for barley, have been announced by the state PMA committee.

General provisions of the loan plans for both crops remain the same as the 1945 program, through which more than \$10,000,000 was loaned to Oregon producers. Details can be obtained from country agricultural conservation committees, which again will handle the loans for the Commodity Credit corporation.

Wheat loan rates will be at 90 percent of parity as required by law. The terminal loan rate for Portland will be \$1.57 a bushel for No. 1 soft white wheat. Rates for principal stations in main wheat producing countries are as follows: Arlington, Gilliam county, \$1.46; Madras, Jefferson county, \$1.43 1/10; Heppner, Morrow county, \$1.45; Moro, Sherman county, \$1.46 2/10; Pendleton, Umatilla county, \$1.41 3/10; The Dalles, Wasco county, \$1.45 4/10; Baker, Baker county, \$1.35 7/10; La Grande, Union county, \$1.35 9/10.

County loan rates for barley include Malheur, 80 cents.

NYSSA MAN FINED ON DRIVING COUNT

CALDWELL—Two auto accidents which resulted in two charges of driving while intoxicated, and minor injuries to three persons, were investigated during the week-end by sheriff's office.

Arthur Servoss of Nyssa, Ray F. Irvin of Notus, and George Marx of Nyssa, were injured Sunday when Marx's car, driven by Servoss, struck the side of the Boise river bridge at Notus, and overturned. Irvin and Servoss were treated by a physician in Caldwell, and Marx, after first aid treatment was taken to a Nyssa hospital.

Servoss pleaded guilty Monday morning to a charge of driving while intoxicated, and paid a \$100 fine. Irvin was fined \$25 for being drunk on a public highway.

A car driven by Charles W. Stillwell missed the regular railroad crossing two miles west of Notus Saturday night, stalled on the railroad tracks, and was totally demolished by an oncoming train. Stillwell escaped injury. He was fined \$100 this morning when he pleaded guilty to driving under the influence of intoxicating liquor.

NAPTON CHILDREN WIN ESSAY CONTEST

Phyllis Ann Eastman and Jack Moore of the Napton grade school won the essay contest sponsored by Adrian post No. 109, American Legion, on "What the American Flag Means To Me" among the eighth grade pupils of the six schools in the Adrian high school district.

The essays were judged by three high school teachers. The awards were presented at commencement exercises held last month. At the same time the American Legion citizenship awards were given to Ted Nelson and Elva Penn, Adrian high school seniors.

The essays read as follows:

"Most of all the American flag means to me, the love and brotherhood of our country; the country over which it flies. It means the country itself. It stands for courage, hope, and faith we live for. The flag is the emblem of the freedom of press, freedom of speech, and freedom of religion that we or the United States of America enjoy.

"When I look up at the flag I can see how lucky I am to be free to get a good education, and to live in a good community where people co-operate, and are equal in their rights. I can go to neighbors' homes and be welcome to visit, work, and play along with them. The flag means that no matter of what color, race, or creed, every citizen has equal rights, and freedom to seek health, and wealth, and happiness.

"The flag means co-operation in schools, business, and home life. It means justice to all, fair trials for all who live in the land where it waves. Citizens can all take part in the activities of the land. We all have a part in making the laws we have to follow. We can vote for whomever we want to be our officers and lawmakers.

"It means we can't be beaten to do our work. We are given love, respect, and justice.

"It means we have the right to our ideas for beautifying our home, town, and country. The flag means a spacious country of hills, valleys, prairies, and forests; of great cities, and small towns; of factories, mines, farms, and many other industries where millions of people live, and work, and play together.

"So whenever we say the pledge of the flag, we should think of what it means, and say it with all our hearts."—Phyllis Ann Eastman.

"The American flag means freedom of the press, freedom of the air, freedom of speech, freedom of religion, and free rights for foreign people to come into our country and be one of us. The flag means that we are free and independent. Anyone of us have a chance to represent our government. It means that we are all created equal. The negro is just as good as the white person, and the Indians, even though they are red, are just as good as we are.

"The American flag means free schools where you and I can be educated for positions in this United States. It means free parks and playgrounds where American children can have fun and stay out of mischief. If it weren't for this democratic way of life we wouldn't have the right to vote or the right to serve in office, unless you were the son of a very wealthy and richly dressed family. If it weren't for our flag and freedom we wouldn't have such a land of beauty. It would be dotted with places where bombs had been dropped. We have the right to serve on a jury and be one of the twelve men or women. The great men that have made our country free and independent are George Washington, Abraham Lincoln, and many others of lesser importance. If it weren't for this democratic way of life we would not have teachers and school houses in which to learn and be taught because there would be no tax money to pay them. "The American flag is a very beautiful one. It has seven red strips and six white ones. There are forty-eight stars on a field of blue. The American flag is a symbol of love for one another and of loyalty and self respect."—Jack Moore.

"EASY NO-KNEAD ROLLS"

"No-Knead" means less work and better results in roll making, particularly for those who are just learning to cook and bake.

Most good cooks, as well as professional people, take a refresher course and learn new ideas as they go along, to keep up with the changing times, and this may be a new one to you. It is another good recipe using the new emergency flour which many homemakers have already purchased.

NO-KNEAD DINNER ROLLS

1/2 cup scalded milk
1/4 cup shortening
1 tablesp granulated sugar
1 teaspt salt
1 pkg. compressed or dry granular yeast
1 egg
3 cups sifted emergency flour
1/2 cup water

Combine milk, shortening, sugar, and salt. Cool to lukewarm by adding the water. Then add yeast, and mix well. Now stir in egg, slightly beaten. Then add flour gradually, while stirring constantly. Mix until dough is well blended and soft; then place in greased bowl, and cover.
