"Dirt will get your Diesel if you don't watch out"

Sure as shootin', if there's Old Man Dirt in your Diesel fuel, there's trouble ahead. Every drop of fuel goes through injector-nozzle holes small as a human hair. And if these injectors get dirt-worn, that does it, brother. Cuts the power of your Diesel and leads up to repair bills. Because it's all-important to use a CLEAN fuel, use Standard Diesel Fuel —distilled 100% for PURITY.
