Nobody ever outgrows Scripture; the book widens and deepens with our years.—Spurgeon.

RE-DRESSING MARS

The nations of the world are going to remove from Mars his traditional coat of armor and dress him in a cloak of respectability—a full dress suit and silk plug hat.

The world's statesmen are going to take away from war what Sherman said it was, they are going to remove the hell, the murder, the heinousness, the fiendishness and all the other terrible conditions and substitute therefor cooperation, thoughtfulness and consideration. They are going to outlaw the atomic bomb and place war on a sportsmanship basis like football and tennis.

Is death any sweeter if it is administered with a piece of shrapnel? Is it any sweeter if it is caused by an ordinary bomb? Is it any sweeter if it is administered by a sweet-smelling swallow of poison? Or is it sweeter when caused by a bullet fired from a glistening pearl handled pistol?

The nations have outlawed the use of gas because it is too terrible to think about, and nobody used it in the last war because everyone was afraid of what the other fellow had. That did not stop war. The atomic bomb stopped the last war in a few days, thereby saving thousands upon thousands of lives and billions of dollars in materials and property. The atomic bomb will do more to outlaw war than anything else developed so far in science or social reform.

Let's keep our atomic bombs. This country has played the role of the "sap" long enough.

FATHER AND SON BANQUET PLANNED

ADRIAN (Special)—The annual father and son banquet will be held in the Adrian gymnasium Saturday, January 18.

The chairman of the committees are as follows: Refreshments, Mail-in Middlesteadt; decorations, Dean Woods; invitations, Eddie Sharp, and program, Jack Ward.

Reuter, F. F. A. advisor.

The government has approved two new buildings for the Adrian high school. If the buildings are received, they will arrive sometime in March. One of the buildings will be used as a music building and the other as a cannery. It is also possible a hot lunch program will be started when the buildings are here.

The final exams closing the first semester of school will be held Wednesday, Thursday and Friday. Principal Stanley Huffman has set up special periods for them.

The library students are getting regular library training now. On Saturday, January 11 they went to the county library in Ontario to get special training.

The students taking this course are Joyce Kurtz, Delores Salters, Bethel Pettis, Lea Kreager, Betty Newbill and Glen Trussell.

The Ag. boys have received between 75 and 100 new tools to work with. In addition to the equipment, they have a new filing cabinet. This equipment will enable more students to do more work and to do better work.

All the equipment is surplus material, with practically no cost to the school.

The home economics department has four new deluxe Kelvinator stoves and one new Kelvinator refrigerator.
