

BOOK SHOWER IS GIVEN AT ADRIAN

Book Shower Held ADRIAN (Special)— On Thursday the Adrian PTA gave a book shower to start a community library at the high school. Forty-eight books were given by the people of the community. Mr. and Mrs. Judd gave 15 books, Mrs. Ausman gave eight, Miss Weir gave two, Mrs. Dan Holly, one, Marion Peterson one, Mr. and Mrs. Huffman two, Mr. and Mrs. Kresger one and Robert Brown one.

A candle light service by the ladies of the PTA concluded the program.

Pep Assembly Held The lettermen pepped up the assembly that was given Tuesday before the last game of the year, which was played with Fruitland. Several numbers were played by the band and a few yells were given between songs.

The lettermen presented a skit, written by Dean Woods. The cast included Don Elliot as Mr. Reuter, Jimmy Wilson as Mr. Weather, sroom, Willis Keene as Mrs. Brumbach, Walter Gray as Mr. Reuter's daughter, Wilbur Jackson as Mr. Bunch's son, Roy Mechem as Mr. Small, Ivan Jensen as Mr. Huffman.

Girl's League A Girls' league meeting was held Thursday during 6th period. Following a business meeting, a boys and girls forum was held. The subject of the forum was "What boys Like and Dislike About Girls."

HAIR CUT AT FOUR MONTHS . . . Stephen Agrigliano, Brooklyn, N. Y., a mighty young man of four months, is getting his first haircut. His mother keeps him in good humor with his diet of milk while Terry the barber carries on. Stephen actually was bored with the operation. Terry said Steve was the youngest customer he had ever served—and about the hairiest one to clip. Usually most boys get their first barber shop hair cut after they have reached ripe age of one year.

and What Girls Like and Dislike About Boys".

After a considerable amount of talking done by Ivan Jensen, Roy Mechem, Don Elliot, Eddie Sharp, Kenneth Price, George Elfers and Dick Stam, it seems that the boys don't like girls who wear too much lipstick, slacks, or overalls, except for sports or girls who are late and talk about other boys while on dates. They do like girls who keep up their end of the conversation, but still give them a chance to talk once in a while, let them have a chance to be polite and willing to go to dinner if asked.

The girls on the forum were Joyce Stoker, Delores Blanch, Joan Webb, Betty Tomb, Elaine Jones, Joyce Kurtz and Darlene Robb.

The girls say they like a boy who is polite, is clean and neat, tells them ahead of time where they are going so they'll know how to dress. They also appreciate a boy who will come in the house to meet their folks and spend an evening with them at home once in a while.

High School News On Tuesday, as student body meeting was held for the third time this year, Dick Stam presiding. The constitution was then read by Ivan Jensen.

A motion was made by Dean

Woods that a committee of three or four, including the student body president be appointed by the president to read the constitution over and discuss things which should be brought to date. This committee will report at the next meeting and give suggestions. Although the committee will give suggestions, anyone in school may hand any suggestion to any of the committee members. Those on the committee are: Mr. Small, the advisor; Dick Stam, Wayne Robb, Lois Ricks, and Joe Nelson.

A GOOD TRICK and YOU CAN DO IT One of his oldest, yet one of the most popular in his bag of tricks, is Reddy Kilowatt's ability to produce quantities of hot water with a touch of his magic wand. Any family can enjoy the comforts of instantaneous hot water with an automatic electric water heater. Day and night a turn of the tap brings hot water for all the household tasks and personal uses. Your dealer will gladly show you the latest models and will recommend the proper size for your home. A 52-gallon tank will fill the needs of the average-size family. Thermostatic controls bring the water to the desired temperature and automatically shut off the electric current. You'll find that an electric water heater is safe and economical too... particularly at Idaho Power's low electric rates. But be sure you get a tank large enough for your requirements. When building or remodeling be sure your plans include good wiring. Electrical devices always work better when there are enough outlets, the right size wire and
