HOW TO KEEP
YOUR FENCES
STRONG AND HEALTHY

Here's a potent preservative that fights the causes of wood decay. It lengthens the service of your grape stakes, fence posts, mud sills, underpinning, hop poles, and any wood you put in contact with damp earth. Standard Wood Preservative contains 90% active ingredients—selected for their permanency. Apply it the same as ordinary creosote—and keep your wooden structures from toppling before their time.
