MOST OF SUNSET HAY IS STACKED
SUNSET VALLEY (Special)—Darlene Robb, Harry Hathaway, Lula Belle Wilson and Jim Robb were among those from Sunset valley attending the Caldwell rodeo. Most of the farmers in Sunset valley have now finished the second cutting of hay. Marie Black will be hostess to the Sunset Auxiliary in September. Mrs. Black and Mrs. Leonard Newgen left for Wallowa Saturday evening. They will spend several days as guests of Mr. and Mrs. William Buffington. Sunset Auxiliary members met at the home of Mrs. Charles Schweitzer. Ada Schweitzer was co-hostess but due to illness was unable to attend. Those present started work on an afghan. Mrs. Alma Sharp, formerly Alma Hintz, daughter of Henry Hintz, has been visiting her parents and friends. Mr. and Mrs. Sharp are returning to their home in Bakersfield, California this week. Mr. and Mrs. Leo McCoy and baby daughter were visitors at the home of Mr. and Mrs. Lew McCoy. Leo McCoy, nephew of Lew, has been working on construction at Umatilla, Oregon. He and his family continued on to Iowa. Mr. and Mrs. Wilbur Chapin have gone to Ohio. They will visit en route and return with a new school bus. Hud Robb finished cutting onions. Pete Wilson was cutting onions Monday with a 28 man crew. Shirley Price has recovered from her recent appendectomy. Members of the Sunset board will meet at the hall Tuesday night. The Worthwhile club will meet Friday, August 15 at the home of Alma Wolfe. Members are expecting Mrs. Anderson of the Idaho Power company to give a demonstration. Jean Marks of Redwood City, California is visiting Mr. and Mrs. L. W. Pomeroy for two weeks.

AAA CONSERVATION PROGRAM RESUMED
Conservation activities by Malheur county farmers under the 1947 agricultural conservation program (ACP) have been resumed, according to Chairman Glen L. Hutchinson of the county agricultural conservation committee. Uncertainty in the amount of funds available for use this year necessitated suspension of the program for a period of several weeks. This situation has now been clarified and ACP activities have been resumed, he stated. Funds available nationally for ACP activities have been resumed, he stated. Funds available nationally for practices under ACP will be somewhat less for 1947 than they were in 1946, he added. However, the reduction in ACP funds in this state will be very slight and the minimum allowance as shown on the individual farm plans will not be reduced. In order to assure maximum conservation activity during the remaining months of the year, Hutchinson urges farmers who desire to carry out irrigation practices to get in touch with contractors immediately and arrange for their services.

BOY INJURED AS HE FALLS ON CAN
OREGON TRAIL (Special)—Wayne Adams, son of Mr. and Mrs. Alfred Adams, fell on a tin can and cut his left arm quite badly last Monday. It was necessary to take three stitches to close the wound. Celebrating the second birthday of their daughter, Sandra Lee, Mr. and Mrs. Gilbert Holmes were hosts at a picnic supper Saturday evening, August 2. Guests were Mr. and Mrs. Wren Hendricks of Nyssa, Mr. and Mrs. F. G. Holmes and Robert, Mr. and Mrs. R. W. Holmes and family and Mr. and Mrs. F. S. Byers and family. The Merry Matrons club met at the home of Alberta Bowen Wednesday, August 6. The afternoon was spent sewing. Eight members and two guests, Clarice Rookstool and Bernice Bowen, were present. The next meeting will be held August 20, with Peggy Brown as hostess. Roll call will be answered by "My Present Hobby". Viola Adams presented two games, with

HARVESTING
IS HANDLED BY **HYDRAULIC FARMHAND'S MOBILE POWER**
HAYING: One man can stack 20 acres per day, alone. Picks up hay from windrows at 15-30 MPH; builds 21 ft. tall stacks with 3/4 ton loads under easy finger tip control.
HARVESTING: One man does work of 5 field pitchers; keeps rig busy by hauling direct, or loads bundle rack in 5 minutes. FARMHAND pays for itself in extra wages saved in few months.
SEE US TODAY: Learn how FARMHANDS do the work of 5 extra men; how special features save work all year 'round; handle 42 farm jobs.

What do you think is the greatest invention?

Atomic energy—radio—the wheel—airplane—electricity—automobile—steam engine—telephone—printing press—take your pick. What do you think is the greatest invention ever made?

Certainly each is important, and each has contributed generously to our way of life. But the American public, in Dr. Gallup's recent coast-to-coast survey, voted electricity the most important invention of all.

It's hard to imagine our type of civilization without electricity. We depend on it for so many things—in our homes—in business and industry—in transportation and communication. The hat on your head—the food on your table—the newspaper on your doorstep—your favorite radio show—each depends directly on electricity.

Yet American families spend just about 1¢ out of every budget dollar for their electric service. Because electricity does so much for so little is, perhaps, the main reason why Americans have voted it the most important invention of all time.

Listen to the Summer Electric Hour with Woody Herman, and Peggy Lee and Dave Earbour's Orchestra, Sundays, 4:30 P.M., EDT, CBS.
