**WE TUNE TRUCK ENGINES FOR TOP PERFORMANCE.**

You get pick-up, speed and fuel savings when your truck engines are in tune. And how we tune them! This is what we do: We check compression, timing, fuel-air ratio and a dozen other things. Then we check and adjust ignition, carburetor idling speed, mixture and everything else that needs attention. And when we're through your trucks roll out humming like tops. All our work is done to high International Truck standards. Our mechanics are International trained. We use International designed and approved machines and tools. We install International engineered parts. So let us save you money, and make you money, by putting your engines in tune. Any makes or models.
