Music was furnished by Shane's orchestra from Ontario. The same decorations were used the following afternoon, when the Girls' league of the Adrian high school, sponsoring a fund-raising for their mothers and invited guests, Eloise Crocker, who has been acting president of the Girls' league for the past year, was in charge of the ceremonies for the afternoon. Dr. John R. Saunders, a top government scientist, says that ten million Americans carry a rabbit's foot for good luck. Which gives you an idea of what scientists do in their spare time. It's kind of interesting at that. Here we are up to our budgets in the atomic age and ten million of us are luring Lady Luck with Br'er Rabbit's paw. Of course some of the rest of us refuse to walk under ladders, or let a black cat cross our paths. We "knock on wood" and worry about spilled salt. None of us really believes in these things, but shucks, there's no use taking chances! Still, those rabbit-foot didn't help the rabbits much.
The Canadian Red Cross Blood bank in Victoria, B. C., just got a transfusion of blood from A. Sions, which proves that nothing is impossible. Is your car getting to the "rheumatic" stage? Perhaps it could stand a transfusion of good Havoline Motor Oil! Using the wrong oil, or letting it go beyond the safety point, has ruined about a million cars. Why take the chance of it happening to you? Drive in today. . . HERRIMAN MOTOR COMPANY, Phone: 77.
