**A PERSONAL MESSAGE**

from Governor Dewey

On the 21st of May, yours will be a most important decision. Next January this nation will have a new national leadership. It will be a Republican leadership. It must be a constructive, fearless, able leadership. It must be an experienced leadership.

This new Republican leadership must be much more than the one man you select to be your President, and the one man you select to be your Vice-President.

**Presidency Should Be Team Leadership**

It must be a leadership of the strongest, ablest, most outstanding men to be found in America, each best suited for his responsibility. It must be a team leadership. The captain of your team will be the man you select as your President. His will be the responsibility of leading the way on national policy. He will administer the government of the greatest nation in the world. He must pick strong men to assist. He must work closely and harmoniously with the Congress.

His responsibility is to you.

**We Shall Have Peace**

If he understands the complex problems we face as a nation today, we shall have a continuous prosperity—we shall have strength—we shall have peace.

His leadership must be strong, sure, unafraid.

Twice now in less than thirty years, America has risen to the test in defense of freedom. The price in blood, sacrifice and sorrow has been very great. It must not occur again. It need not occur again.

Before you choose the man you believe best qualified to lead our government there is much you want to know.

You will judge his capacity for administrative leadership.

You will judge his understanding of world conditions and problems.

You will judge his understanding of the multitude of perplexing domestic problems which beset us as a nation.

You will judge him by his words and by his deeds.

His sincerity, his judgment, his ability, his integrity, his faith in our strength as a people, his deep belief in a strong, purposeful America, his understanding, must be clear.

**Wishes To Share Views With Oregonians**

It is in this spirit I come to you. I want you to hear my views, that you may judge. I want you to share your views with me, that we may ever better understand what is in the hearts and minds of you, the people of Oregon, for you are, in truth, representative of all of the people of our great United States.

In such a tradition was America built. In such a tradition shall America go forward as a happy, prosperous, free nation in a world at peace.

**Proper front wheel alignment is highly important!**

JUST a bad bump at the curb can sometimes throw the wheels of any car slightly out of line... without the driver's knowing about it. Then you'd literally be dragging your tires sideways over miles of highway.

Don't risk it. It's cheaper and safer to drive in now for our Precision Wheel Alignment Service. We'll check the steering-gear assembly, inspect front-end alignment and make precision adjustment, balance front wheel assemblies, equalize pressure in tires.

Remember—ours is the authorized Chrysler-Plymouth service, by experts who know your car inside and out.
