DOWDEN convertible POWER DIGGERS ARE BACK AGAIN!!!

More than 65 years ago Dowden built the first potato digger. In 1941, Dowden was the first to make a digger that could be operated either as a level bed or as an elevator type. Throughout the years, Dowden has always been famous for trouble-free service. These, plus other superiorities, make Dowden Diggers the most modern and efficient on the market today.

SEE THEM NOW ON OUR SALES FLOOR!

Either single row or two row power take off diggers available for prompt delivery. Sturdy, all-steel construction with a number of design features to insure dependable, economical operation.

If you plan to buy a potato digger, why not drop by and see for yourself the digger that has made Dowden a famous name in farm equipment since 1885, constantly improved and field-tested to insure that you get the best.

It may save you money—in both original investment and operating cost—to see Dowden first!
