Grant Beck of Burley. Mr. and Mrs. Ted Hanks and two daughters were overnight guests at the Beck home while en route to Portland.

Goes To Montana—
John Schenk went to Montana Friday with friends to attend to business.

A New Model of a Famous Tractor

Oliver begins its second century with the introduction of a new fleet of quality farm tractors—including the new 2-3 plow "77", a tractor with advanced farm features that make field work faster and more efficient than ever.

The smooth, brisk valve-in-head engine of the "77" is a six—and you have a choice of three types for the fuel you prefer: high compression for gasoline, "KD" for tractor fuels, and a diesel that will be available later.

The "77" will set a new performance mark in the operation of power take-off machines with its direct drive unit . . . a new economy record with its 6-forward-speed transmission in the Oil Miser case, Fuel Miser governor, and the basic interchangeability of Oliver's full line of tractor-mounted tools with all other new Row Crop models. Wheels on Row Crop models are interchangeable, too—with a choice of cast iron or stamped steel.

One of the models in the new Oliver fleet is sure to fit your acreage and farming practices. Available in Row Crop, Standard, Row Crop with Adjustable Front Axle or Single Front Wheel. Drop in next time you're in town.

NU-ACRES FAMILIES HOSTS TO VISITORS

NU-ACRES, July 22—The 4-H club met in the hall Friday night, with Bill Grosbeck, Julius Fields and Harry Woods entertaining.

Mr. and Mrs. Cecil Evans and family went swimming in the pool at Caldwell Saturday afternoon.

Twenty-nine members of the Parma Riding club rode in the parade at the Nampa Stampede Wednesday

Moving Nearer all the time

Rural telephone lines are reaching out further, day by day—nearer to the farms and ranches of those who have been waiting for telephone service.

Since V-J Day, many thousands of dollars have been spent in providing switchboards, cables, poles and wire, all leading up to the post-war rural expansion program.

This is the sort of job that never ends. It will go steadily on, bringing dependable communications to more farmers and ranchers for their added security and pleasure.
