NEWS VIEWS

BY LEW HERRIMAN

Dr. R. K. Marshall of Philadelphia says that if tempers get hot and emotions are as excitable as a boy at the circus, the cause may be ultraviolet rays from sun-spots. Nobody knows just what goes with sun-spots, but they apparently rub us the wrong way. The last time they turned on the heat was in 1937, when Hitler began his world conquest. So, if your as irritable as a crocodile with chapped lips, don't blame it on business, fallen arches or your wife's cooking! Just grin and bear it, because your place is being found in the sun!

Everything is all set for the biggest and best rodeo that has ever been held in Nyssa. The carnival is set up—the rodeo stock is on the grounds—and the bronco twisters have glue on the seats of their pants. Let's all go Friday and Saturday evenings at eight o'clock sharp.

Chicago police arrested a man for stealing and found he had \$5,500 worth of stolen diamonds in his chewing gum. Looks like his work went to his head! And for service, courtesy and prices that are "right," you'd better head for Herriman Motor Co. Ever try to start your car with a dead battery? **Just HOW Have You
Saved 15%
on Fire
Insurance?**

You've heard the saying. "One rotten apple can spoil the box." That applies to fire insurance, too. "One big fire can affect the cost of fire insurance for all property owners in this community."

The GENERAL avoids this possibility by not insuring "rotten apples." They insure preferred risks only. And they inspect properties insured by them even further to reduce fire hazard. That is why GENERAL's losses are fewer — and that is how owners of "preferred risk" properties have saved 15% on fire insurance in the GENERAL! Ask for details.

THE GENERAL is a strong capital stock company, with an outstanding record for prompt, fair settlement of losses. It is a SELECT company for owners of SELECT properties.
