MARRIED IN UTAH

Miss Dolores Blanche, daughter of Mr. and Mrs. Ralph Blanche of Adrian, and Norman Garner, son of Mr. and Mrs. Vern Garner of Sunset valley, were united in marriage in a double-ring ceremony in the L. D. S. temple at Salt Lake City September 22.

The bride was lovely in a white satin princess style long-sleeved gown with a full train. Her veil was of white tulle and full-length. She wore an orchid of delicate pastel shades.

Accompanying the bride and groom through the temple were Mrs. Julia Garner of Roy, Utah,

grandmother of the groom, and Mrs. Anna Blanche of Ogden, Utah, grandmother of the bride.

On the same evening, a surprise wedding reception honoring the newly-married couple was given at Plain City, Utah. Over 200 guests were present.

Mrs. Norman Garner and her parents moved from Plain City three years ago, and she graduated from the Adrian high school in the spring of 1948. Norman Garner, formerly of Roy, Utah and Burley, Idaho, had lived in Sunset valley the past four years. He attended the Nyssa high school.

Mr. and Mrs. Garner made a trip to Idaho Falls, Craters of the Moon and Salt Lake City, arriving in Nyssa Sunday, the 26th. The couple are now living on the former Kiriand farm north of the Vern Garner home in Sunset valley.

On Friday evening, October 1, a wedding reception and dance were held at the Oregon Trail hall honoring the newly-wedded couple. A large group of friends and relatives attended. The bride was lovely in her satin bridal gown and wearing an orchid. The groom wore a blue-grey suit.

Mrs. Ralph Blanche, mother of the bride, received in a green lace-trimmed peplum dress. Mrs. Vern Garner, mother of the groom, was attired in a soft grey crepe dress with an attached dusty pink stole. Both ladies wore gardenias. Mrs. Eddie Sharpe was in charge of the guest book. Both the serving and gift tables were attractive with floral arrangements on white linen cloths. Those in charge of the gifts were Miss Genevieve Ballantyne and Miss Donna Garner. Serving were Miss Nellie Stoker, and Mrs. Ralph Blanche.

Two humorous readings were given by Miss Donna Garner, sister of the groom, during the dancing intermission.

Following the dance and reception, Mr. and Mrs. Norman Garner and Mr. and Mrs. Jarvis Mitchell left for the Unity area on a hunting trip.

NEWS VIEWS

By Lew Herriman

That wasn't early snow falling alongside the nation's railroad tracks the past few weeks. It was simply flurries of discarded speeches launched from train windows by the Presidential and Vice-Presidential candidates who have been gypsying around the country. All the candidates agreed on universal military training . . . and they've talked from the back platforms of so many trains that they never saw where they were going, but only where they'd been. They've been on the road so much Pullman seems like a second Alma Mater. For the next 6 months they'll automatically take a bow every time they hear a train whistle.

If these candidates would stop running around the country and drop in at the coffee counter in Nyssa almost any morning about nine o'clock, we would settle all the issues for them and they could just relax and wait for the votes to be counted.

A Washington man has invented a pinless diaper that is fastened with adjustable bands that snap together. We don't know if it'll work, but it's a change. However, if you want to see something that really works, stop in and see how our friendly policy of taking better care of your car works at HERRIMAN MOTOR CO. One of a series of advertisements discussing a topic of vital public interest.

If you can buy it by-the-bottle... why can't you buy it by-the-glass?

A bottle is a container for liquids. In the old days, jars or jugs were used for the same purpose.

When thrown from a speeding car, a bottle is a menace to traffic. Even when placed against a building along a city street, a bottle is far from ornamental.

A bottle has no magic power to change human nature, for better or worse. Of itself, a bottle cannot make a man righteous or dissolute.

Why then do so many well-meaning folks in Oregon place so much stock in the virtues of the bottle?

To some, the bottle has become a symbol of temperance, to be defended at all cost and against all comers.

In the name of temperance we force a man to buy more than he needs or wants. In our state today a man can buy an unlimited quantity of liquor as long as he buys it by the bottle!

To some of the older folks, mention of liquor-by-the-glass brings up visions of old-time saloons, complete with swinging doors, brass rails, and cuspidors.

Sorry, but we can't offer you that! So those

"good old days" of free enterprise and open competition there was no supervision, no restriction of any kind.

The Oregon Liquor Dispensing Licensing Act—upon which the people of the state will vote November 2—provides for licensing hotels, restaurants, clubs and common carriers (railroads, etc.), to "permit mixing, serving and selling of alcoholic liquor with or without food or meals on such conditions as prescribed by the commission".

All dispensing licensees would buy exclusively through state liquor stores and would pay an annual license fee of \$500, post a performance bond of \$5,000, and, in addition to the purchase price of the liquor, a tax of 25 cents per container of 32 ounces and 1 cent per ounce for each ounce over 32.

The proposed system would give the public the choice of purchasing liquor by-the-bottle in state liquor stores, as at present, or liquor by-the-glass in state licensed and supervised establishments. In granting licenses, the State Liquor Commission is specifically instructed to "take into consideration all members of the public".
