NEWS VIEWS

Many newspapers, magazines and columnists have been casting back over 1948 to see if they can come up with the Man of the Year. He's the man who stands out like a gold chain on a bulging vest. The pickers have offered some pretty potent names...but how about Pop? He's the average family man who gets no cheers and no spotlight for his year-around battle to keep the hot groceries on the table and to see that baby has a pair of shoes. He is whipsawed by inflation, deflation and a variety of crises that keep him hopping like a penguin on a griddle. He may not set the world afire...but he's a key man in keeping it going every year!

In Guelph, Ontario, the wife of a refrigerator company owner won a year's supply of ice in a contest. The prize probably left her cold. Which serves as a reminder that in cold or wet weather your car needs special consideration. You get that consideration at HERRIMAN MOTOR CO. when you bring your car in to have the battery serviced and the tires checked. This winter weather is hard on both tires and batteries...be safe with GATES Tires on your car. Stop in today. Phone: 77.
