WITH AN AUTOMATIC LAUNDRY

THERE'S NO DIFFERENCE ANYMORE!

Neither cold, wet, wintry weather, nor any stormy day can keep you from getting clothes clean and dry easily, when you use automatic home laundry equipment. Pick any day of the week as wash day, and the clothes dryer does away with the labor and trouble of hanging clothes on the line.

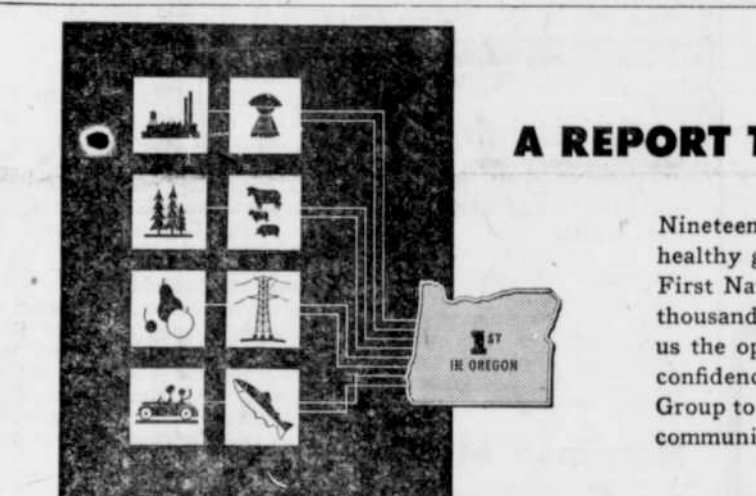

If you already have an automatic washer and ironer, you know how much time and effort they save. The addition of an automatic dryer will make wash day that much easier and faster. Clothes can be dried to any degree desired . . . from damp dry to bone dry.

If you've never enjoyed the benefits of any automatic laundry equipment, start today. Ask your dealer to demonstrate automatic washers, dryers and ironers. There are many fine makes from which to choose, and they cost so little to operate at Idaho Power's electric rates, which are among the lowest in the nation.

When you install major appliances make sure your home has enough circuits, outlets, the right size wire and fuses. Electricity can work better for you through Adequate Wiring.
