## NEWS VIEWS

Out of Washington comes news that should make 16,000,000 veterans happier than a long-armed man at a boarding-house banquet. It seems that the GIs and lady warriors who took out National Service Life Insurance will receive dividends that should average around \$90 to \$125. Many ex-service people dropped their policies after the war...but even so there will probably be some dividends on whatever they paid to Uncle Sugar. This jackpot is not to be confused with a bonus...and payments will start showering down somewhere between August and December. Don't bother forming a line. They'll bring it to you.

Which reminds us of a fellow who took out fire insurance, but he wouldn't take out tornado insurance. He didn't know how to start a tornado. The best all-around insurance you can have for your car is to keep it in top driving condition by coming to HERRIMAN MOTOR CO. for a Mid-Winter Check-Up...which includes lubrication and an oil change. Top that off with an engine tune-up and your car will give you better performance during the rest of the cold days ahead. Phone: 77.
